***Analysis by the Legislative Reference Bureau***

***Absentee voting in certain facilities***

Under current law, under certain circumstances, a municipal clerk must dispatch special voting deputies to a residential care facility or qualified retirement home so that the occupants of the facility or home may cast an absentee ballot in person with the special voting deputies rather than vote in person at the appropriate polling place or request and complete an absentee ballot by mail. Under current law, a retirement home is a facility occupied as a primary residence by 10 or more unrelated individuals. A qualified retirement home is a retirement home that has a significant number of occupants who lack adequate transportation to the polling place, need assistance in voting, are aged 60 or over, or are indefinitely confined.

Under current law, the special voting deputies must arrange with the administrator of the residential care facility or qualified retirement home one or more convenient times to visit the facility or home. The administrator of the facility or home may, upon the request of a relative of an occupant of the facility or home,

notify the relative of the time or times when special voting deputies will conduct absentee voting at the facility or home.

This bill requires the administrator, or the administrator's designee, to provide notice by email of the dates and times when the deputies will be visiting the residential care facility or qualified retirement home to each individual designated as a contact by the occupant who intends to vote by absentee ballot with the special voting deputies.

### ***Determinations of incompetency***

Under current law, no person who is incapable of understanding the objective of the elective process or who is under a guardianship may vote unless a court has determined that the person is competent to vote. Current law also allows any voter in a municipality to petition a circuit court to determine whether a person residing in the municipality is incapable of understanding the objective of the elective process. If the court determines that the person is incapable of such understanding, the person is not eligible to register to vote or to vote. Current law requires the clerk of the circuit court to communicate the court's determinations, in writing, to the election officials who are responsible for determining challenges to registration and voting that may be brought against the person.

This bill requires the circuit court to notify the Elections Commission, by email, of the court's determination regarding incompetency and ineligibility to vote. Under the bill, when the commission receives a determination of incompetency and ineligibility to vote, the commission must, within three business days, change the status of the voter subject to the determination to inactive on the official voter registration list, note on the list that the voter is ineligible to vote, and notify the voter and the voter's municipal clerk of the voter's change in status. The bill also provides that if a court reviews a determination of incompetency and ineligibility to vote and restores the voter's right to vote, upon receipt of that determination by email, the commission must, within three business days, notify the voter that the voter is eligible to vote and that the voter is required to complete a new registration to vote if the voter intends to vote. Under the bill, the clerk must examine the registration list before issuing a ballot to any potential voter.

Finally, under current law, an individual who votes at an election but who does not have the necessary qualifications to vote is guilty of a Class I felony. Under the bill, the penalty does not apply to an individual who has been determined ineligible to vote due to incompetency, but the individual's vote is excluded from the final tally for that election.

***The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:***

1           **5.057 Determination of ineligibility to vote due to incompetency. (1)**

2           Upon receipt of a determination of ineligibility to register to vote or to vote under  
3           s. 54.25 (2) (c) 1. g., the commission shall, no later than 3 business days after receiving  
4           the determination, change the status of the elector subject to the determination to  
5           inactive on the official registration list under s. 6.36, note on the list that the elector  
6           is ineligible to vote in accordance with s. 6.03 (3), and notify the elector and the  
7           elector's municipal clerk of the elector's change in status. If the commission does not  
8           have a record of the elector upon receipt of a determination of ineligibility, the  
9           commission shall create a record listing the elector as ineligible to vote in accordance  
10          with s. 6.03 (3) and provide a copy of that record to the elector's municipal clerk. Upon  
11          receipt of a registration to vote, the municipal clerk shall examine the registration  
12          list to determine whether the elector is ineligible to vote in accordance with s. 6.03  
13          (3) and shall notify the elector if the clerk determines that the elector is ineligible.  
14          The clerk shall examine the registration list before issuing a ballot to any potential  
15          elector.

16          **(2)** If under s. 54.64 (2) (a) a court subsequently reviews a determination of  
17          ineligibility to vote under s. 54.25 (2) (c) 1. g. and restores an elector's right to vote,  
18          as provided under s. 54.64 (2) (c), upon receipt of the reviewing court's determination,  
19          the commission shall, no later than 3 business days after receiving the  
20          determination, notify the elector that the elector is eligible to vote, but is required  
21          to complete a new voter registration if the voter intends to vote. The commission  
22          shall submit with the notice a registration form for the elector to complete and return  
23          to the municipal clerk, if the elector intends to vote.

16 the identification serial number appearing on the voting identification card. Each  
17 county clerk shall obtain sufficient registration forms for completion by an elector  
18 who desires to register to vote at the office of the county clerk under s. 6.28 (4).

19 **SECTION 3.** 6.875 (6) (c) 2. of the statutes is repealed and recreated to read:
