***Veterans service officer grants***

Under current law, DVA is required to annually award a grant to counties that employ a county veterans service officer chosen from a list of candidates who have completed a particular civil service examination or who were appointed under a certain civil service competitive examination procedure. The grants are awarded for the purpose of improving a county's services to veterans. The amount of each grant is \$8,500 for a county with a population of less than 20,000, \$10,000 for a county with a population of 20,000 to 45,499, \$11,500 for a county with a population of 45,500 to 74,999, and \$13,000 for a county with a population of 75,000 or more. Counties that employ a part-time county veterans service officer are eligible to receive an annual grant not exceeding \$500. DVA may also make annual grants not to exceed \$15,000 to the governing bodies of federally recognized American Indian tribes and bands if the tribal governing body appoints a tribal veterans service officer and enters into an agreement with DVA regarding the creation, goals, and objectives of the tribal veterans service officer position. This bill increases the amount of each of these grants by 5 percent.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.
