Eliminating FSET pay-for-performance requirement

Current law requires DHS to create and implement a payment system based on performance for entities that perform administrative functions for the FoodShare employment and training program, known as FSET. DHS is required to base the pay-for-performance system on performance outcomes specified in current law. This bill eliminates the requirement for DHS to create a pay-for-performance system for FSET vendors.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 49.79 (9) (f) of the statutes is repealed.

(END)
