Earned income tax credit

This bill increases the amount that an individual with fewer than three qualifying children may claim as the Wisconsin earned income tax credit. Under current law, the Wisconsin EITC is equal to a percentage of the federal EITC. The percentage is 4 percent of the federal EITC if the individual has one qualifying child, 11 percent if the individual has two qualifying children, and 34 percent if the individual has three or more qualifying children. The credit is refundable, which means that if the credit exceeds the individual's tax liability, he or she will receive the excess as a refund check.

Under the bill, the percentage of the federal EITC that an eligible individual may claim for Wisconsin purposes is 16 percent if the individual has one qualifying child, 25 percent if the individual has two qualifying children, and 34 percent if the individual has three or more qualifying children. The bill applies to taxable years beginning after 2020.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
