Worker's compensation uninsured employers fund

DWD administers the worker's compensation program in this state. Employers are required to have worker's compensation insurance or to self-insure. The program includes an uninsured employers fund (UEF), which is used to pay worker's compensation benefits on claims filed by employees who are injured while working for uninsured employers in this state. The money for the UEF comes from, among various sources, penalties assessed against uninsured employers. This bill changes the appropriation for the UEF from a sum sufficient appropriation to a continuing appropriation.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 20.445 (1) (sm) of the statutes is amended to read:
