Justice information systems funding

Under current law, DOA, in conjunction with the Public Defender Board, the director of state courts, DOC, DOJ, and district attorneys, is tasked with maintaining, promoting, and coordinating automated justice information systems that are compatible among counties and those officers and state agencies. Funding for the automated justice information systems comes from justice information fee receipts and penalty surcharge receipts. This bill creates a new GPR appropriation that will also fund the automated justice information systems.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
