Enrollment requirement for Wisconsin grants

This bill changes the enrollment requirement for a higher education grant known as a "Wisconsin grant" from at least half-time to at least quarter-time for students enrolled in technical colleges.

Under current law, HEAB administers the Wisconsin grant program, which provides grants to resident undergraduate students enrolled at least half-time in various postsecondary institutions, including UW System schools, technical colleges, and tribal colleges in this state. This bill changes the enrollment requirement from half-time to quarter-time for students enrolled in technical colleges.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
