***Additional biweekly payroll appropriations***

Under current law, there are supplemental appropriations from general purpose revenue, program revenue, and segregated revenue to pay for salary and fringe benefits for permanent state employees, including permanent project employees, on the state's biweekly payroll system in any fiscal year in which a 27th pay period occurs. This bill clarifies that the supplemental appropriations for salary and fringe benefits include permanent University of Wisconsin System employees, including permanent project employees, on the University of Wisconsin System biweekly payroll system.
