Veterans and surviving spouses property tax credit eligibility expansion

This bill reduces the eligibility threshold for an eligible veteran, the spouse of an eligible veteran, and the unremarried surviving spouse of an eligible veteran to claim the veterans and surviving spouses property tax credit under the individual income tax system. Under the bill, a claimant may claim the credit if the service-connected disability rating of the veteran for whom the claimant is claiming the credit is at least 70 percent. Currently, that rating must be 100 percent.

Under the bill, the maximum credit that a claimant may claim is multiplied by the percentage of the service-connected disability rating. The bill does not affect a claimant who claims the credit based on the individual unemployability rating. Under current law, a claimant may also claim the credit if the disability rating based on individual unemployability of the veteran for whom the claimant is claiming the credit is 100 percent.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.
