

STATE OF WISCONSIN
Accounting Examining Board

IN THE MATTER OF RULEMAKING PROCEEDINGS BEFORE THE
ACCOUNTING EXAMINING BOARD

ORDER OF THE ACCOUNTING EXAMINING BOARD
ADOPTING EMERGENCY RULES

The statement of scope for this rule, SS 049-17, was approved by the Governor on June 2, 2017, published in Register 738A1 on June 5, 2017, and approved by the Accounting Examining Board on June 15, 2017.

This emergency rule was approved by the Governor on June 20, 2017

ORDER

An order of the Accounting Examining Board to amend Accy 2.002 (intro.) and 2.402 and repeal and recreate Accy 2.101 (2), 2.202, and 2.303, relating to education requirements for examination and certification.

Analysis prepared by the Department of Safety and Professional Services.

FINDING OF EMERGENCY

The Accounting Examining Board finds that an emergency exists and that this rule is necessary for the immediate preservation of the public peace, health, safety, or welfare. A statement of facts constituting the emergency is:

A new class of graduates and candidates is completing educational requirements in order to fulfill requirements of existing bachelor or masters programs currently offered in colleges and universities, and would not be eligible to take the CPA examination or become certified and licensed in Wisconsin as a CPA.

An expeditious promulgation of this rule is in the best interest of Wisconsin's economy and public welfare, as this will prevent some individuals from having to take additional coursework to meet the educational requirements to take the CPA examination and become certified and licensed in Wisconsin as a CPA.

Sections 15.08 (5) (b) and 442.04 (5) (b) 3. and 4., Stats.

Explanation of agency authority:

Section 15.08 (5) (b), Stats., provides examining boards “shall promulgate rules for their own guidance and for the guidance of the trade or profession to which it pertains. . . .”

Section 442.04 (5) (b) 3., Stats., provides the Board may not grant a certificate as a certified public accountant to any person other than a person who “has completed at least 150 semester hours of education at an institution that include course work in accounting and business subjects, as determined by the examining board, and has received a bachelor's or higher degree.”

Section 442.04 (5) (b) 4., Stats., provides a person is not eligible to take the CPA examination “unless the person has completed at least 120 semester hours of education at an institution that include course work in accounting and business subjects, as determined by the examining board.”

Related statute or rule:

None.

Plain language analysis:

Administrative rules that went into effect on June 1, 2016, specify numbers of semester hours that an applicant for a CPA certificate must have completed, including at least 15 semester hours in accounting at the undergraduate level or 15 semester hours at the graduate level, including at least one course in each of six specified subjects, and at least 24 semester hours in business courses other than accounting courses at the undergraduate or graduate level, including at least one course in each of six specified subjects.

These emergency rules modify the semester hours and course subjects required in order to be granted a CPA certificate or to take the CPA examination, as follows:

1. Specifies methods for satisfying the 150 hours requirement for obtaining a CPA certificate. The methods differ depending on the degree received by the applicant and how the educational program, department, or educational institution from which the applicant earned the degree is accredited.
2. Provides that a person may satisfy the 120 hours requirement for taking the CPA examination if the person already satisfies the 150 hours requirement for obtaining a certificate described above, the person otherwise satisfies the course content and semester hours required for a CPA certificate, or the person has completed course work that the board determines is reasonably equivalent to those requirements.

Comparison with rules in adjacent states:

Illinois:

Illinois requires 150 college or university semester hours with an accounting concentration to be admitted to take the certified public accountant examination. The hours must include a baccalaureate or higher degree conferred by an academic institution acceptable to the Board (225 Ill Comp. Stat. 450/3). The Board recognizes institutions of higher education accredited by a regional accrediting association recognized by the Council for Higher Education Accreditation or the U.S. Department of Education. The Board also recognizes business schools accredited by the Association of Advance Collegiate Schools of Business or the Association of Collegiate Business Schools and Programs (23 Ill. Adm. Code 1400.90 (c) (2) (G)).

Iowa:

Qualifications for a certificate as a certified public accountant in Iowa includes completion of at least 150 semester hours of college level education and receiving a baccalaureate or higher degree by a college or university recognized by the Board (Code §542.5 (7)). The Board recognizes institutions accredited by the American Assembly of Collegiate Schools of Business (193A IAC 3.2). Other qualifications include one year of verified experience and successful completion of the uniform certified accountant's examination (193A IAC 3.1).

Michigan:

Certification requirements in Michigan include the completion of a least 150 semester hours of college education including a baccalaureate degree or higher with a concentration in accounting (Mich. Admin. Code R 338.5116). For purposes of accreditation the Board recognizes the North Central Association of Colleges and Schools Commission on Institutions of Higher Education (Mich. Admin. Code R 338.5115). Qualifying experience for certification includes 2,000 hours of experience within a period of not less than one calendar year and not more than 5 calendar years (Mich. Admin. Code R 338.5117).

Minnesota:

The requirements for certification include the completion of one year of experience and 150 semester hours or 225 quarter hours at a college or university accredited by a recognized accrediting agency listed with the United States Department of Education or an equivalent accrediting association (Minn. Stat. §326A.03 Subd. 6.). Before taking the examination an applicant is required to have a "baccalaureate or higher degree, with a major in accounting or a major in business with accounting emphasis, or an equivalent education, from a college or university that is fully accredited by a recognized accrediting agency."
