ORDER

An order of the Department of Safety and Professional Services to amend SPS 305.09 (6) (b) 2., relating to examinations.

Analysis prepared by the Department of Safety and Professional Services.

FINDING OF EMERGENCY

The objective of the emergency rules is to prevent individuals who are required to complete the second part of a multi-part examination administered by the Department from unnecessarily coming into contact with individuals at a testing site. As limiting physical contact in this manner is in the interest of slowing the spread of COVID-19, the Department finds that emergency rules are necessary to preserve public health and safety.

ANALYSIS

None.

Statutory authority:

Sections 101.12 (4) (a), 145.02 (4) (a), 145.045 (1), and 145.07 (2), Stats.

Explanation of agency authority:

Section 101.12 (4) (a), Stats., provides that "... any inspection performed to determine compliance with the rules promulgated by the department that relate to constructing, altering, or adding to public buildings and buildings that are places of employment may be performed only by a person who is certified under rules promulgated by the department to make such inspections."

Section 145.02 (4) (a), Stats., provides that "[t]he department shall prescribe rules as to the qualifications, examination and licensing of master and journeyman plumbers ..."

Section 145.045 (1), Stats., provides "[t]he department shall by rule establish an examining program for the certification of soil testers, setting such standards as the department finds necessary to accomplish the purposes of this chapter. Such standards shall include formal written examinations for all applicants."

Section 145.07 (2), Stats., provides that “[a]pplication for a master or journeyman plumber’s examination, temporary permit or license shall be made to the department with fees. Unless the applicant is entitled to a renewal of license, a license shall be issued only after the applicant passes a satisfactory examination showing fitness.”

None.

Plain language analysis:

The emergency rules will, in the interest of slowing the spread of COVID-19, prevent applicants with a deadline for completing the second part of a multi-part examination administered by the Department from unnecessarily coming into contact with individuals at a testing site. Specifically, the emergency rules will revise s. SPS 305.09 (6) (b) 2. to extend the deadline for completing the second part of an examination until March 1, 2021, if the Department determines the applicant is unable to meet the original deadline because of limited testing availability due to COVID-19.

Summary of, and comparison with, existing or proposed federal statutes and regulations:

None.

Comparison with rules in adjacent states:
