The network of Area Manpower Planning Boards will build upon the previously established Area CAMPS Committees and will continue to conform to Wisconsin's Uniform Administrative Districts. The Area Manpower Planning Boards will be responsible for the basic development of state manpower plans. Such plans will be based upon the area-by-area assessments of need, identification of resources, determination of priorities and requests for services. Area Boards will be responsible for on-going review of manpower activities in their areas and for appropriate reports and recommendations to the Council. In addition to supportive services received from the Council's Technical Assistance Committee, the Area Boards will receive staff support from the staff of the State Council.

Until such time as appropriate elected officials within these areas have been consulted, I am asking that present Area CAMPS Committee Chairmen continue to serve in that capacity. I am further requesting that the Area Manpower Planning Boards immediately begin developing recommendations for expansion of their respective memberships to basically conform to the membership format of the State Manpower Planning Council.

In order to assure maximum effectiveness of this order, I am hereby directing the State Manpower Planning Council staff to immediately prepare procedural recommendations for the full implementation of provisions herein.

IN TESTIMONY WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Wisconsin to be affixed. Done at the Capitol in the City of Madison, this 21st day of July in the year of our Lord one thousand nine hundred and seventy-one.
