

**EXECUTIVE ORDER # 56**

**Relating to the Creation of the College and Workforce Readiness Council**

**WHEREAS**, the primary goal of Wisconsin's educational institutions is to endow students with the knowledge and skills necessary for citizenship and meaningful, productive work; and

**WHEREAS**, the current mismatch between the knowledge and skills possessed by Wisconsin's citizens and the knowledge and skills needed by Wisconsin's employers is a major contributing factor to the high number of unemployed residents; and

**WHEREAS**, post-secondary attainment including the acquisition of baccalaureate degrees or specific technical skills should be achievable for all students regardless of each student's background; and

**WHEREAS**, many other states have improved coordination between their educational institutions through the creation of an official pre-kindergarten through higher education (P-20) council or another similar body; and

**WHEREAS**, an effort aimed at improving such coordination would help further the state's goal of creating 250,000 jobs by 2015.

**NOW THEREFORE, I, SCOTT WALKER**, Governor of the State of Wisconsin, by the authority vested in me by the Constitution and laws of this State, and specifically by section 14.019 of the Wisconsin Statutes, do hereby create the College and Workforce Readiness Council ("Council") and provide as follows;

  - f. Any other issues the council deems vital to improving career and college readiness for Wisconsin's students.
4. The Council shall provide a strategic plan detailing the progress towards specific goals related to the above priorities and other priorities set by the Council to the Governor by December 31, 2012.
