April 14, 2022

2021 Wisconsin Act 246 [2021 Assembly Bill 1028]

Department of Safety and Professional Services Remedial Legislation

2021 Wisconsin Act 246 is remedial legislation introduced by the Law Revision Committee, at the request of the Department of Safety and Professional Services (DSPS), and updates references to the name of an interstate compact and to requirements relating to hard copies of technical standards.

Specifically, the act changes references throughout the statutes from “enhanced nurse licensure compact” to “nurse licensure compact” to reflect current practice in referencing that interstate compact. The act also repeals a requirement that state agencies keep a hard copy of standards established by technical societies, which are incorporated by reference in administrative rules, on file at the agency. Instead, under the act, a hard copy will only have to be kept on file at the Legislative Reference Bureau.

Effective date: April 10, 2022
