2025 Assembly Bill 11

Assembly Amendment 1

2025 ASSEMBLY BILL 11

2025 Assembly Bill 11 requires that a hospital must ensure that written informed consent is obtained from a patient before a pelvic examination is performed solely for educational purposes on the patient while the patient is under general anesthesia or otherwise unconscious.

The bill also creates a Department of Health Services (DHS) administrative rule providing that a hospital must maintain written policies and procedures requiring written informed consent to be obtained from a patient before a pelvic examination is performed solely for educational purposes on the patient while the patient is under general anesthesia or otherwise unconscious.

ASSEMBLY AMENDMENT 1

Assembly Amendment 1 removes the DHS administrative rule from the administrative code, and instead places that exact provision within state statutes.

BILL HISTORY
