- AN ACT to create 23.115 (3) of the statutes; relating to: inspection of certain
- 2 snowmobile trails by the department of natural resources.

Analysis by the Legislative Reference Bureau

Under current law, the department of natural resources must inspect, twice a year, trail signs and designated areas such as trails, campgrounds and picnic areas that are located on land under its control. This bill exempts snowmobile trails on such land if the trails are maintained by snowmobile clubs or other nonprofit organizations.

For further information see the **state** fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

- 3 **Section 1.** 23.115 (3) of the statutes is created to read:
- 23.115 (3) Subsection (2) does not apply to snowmobile trails on land under the control of the department that are maintained by snowmobile clubs or other nonprofit organizations.
