**CONTENTS**

The text of Engrossed 1997 Assembly Bill 100, adopted in the assembly on September 16, 1997, consists of the following documents adopted in the assembly on September 16, 1997: Assembly Substitute Amendment 1, as affected by Assembly Amendments 8 (as affected by Assembly Amendments 1, 3, 4, 5, 9, 10, 12 and 13 thereto) and 9 (as affected by Assembly Amendment 1 thereto). In engrossing, various SECTIONS were renumbered to conform to the SECTION numbering contained in the original bill. The text also includes the September 16, 1997, chief clerk's correction.

Two items of Assembly Amendment 8 to Assembly Substitute Amendment 1 affect the same bill text. They are reconciled as follows: Assembly Amendment 8 to Assembly Substitute Amendment 1 both inserts a phrase in s. 20.835 (4) (gd), which the substitute amendment creates, and replaces the substitute amendment's version of that paragraph. It is impossible to give effect to both treatments. In engrossing, the direction to replace the language of the paragraph has been followed.

**GUIDE TO NONSTATUTORY MATERIAL**

As is the case for all other bills, the SECTIONS of the budget bill treating statutory material are displayed in the ascending numerical sequence of the statute units affected. In some parts of the bill, not all consecutive SECTION numbers are used.

Treatments of prior session laws (styled "laws of [year], chapter ...." from 1848 to 1981, and "[year] Wisconsin Act ...." beginning with 1983) are displayed next by year of original enactment and by act number.

Following this material, the remaining nonstatutory material is displayed in this order:

**9101 to 9156: Nonstatutory provisions; entity name.**

**9201 to 9256: Appropriation changes; entity name.**

**9301 to 9356: Initial applicability; entity name.**

**9400 to 9456: Effective dates; entity name.**

In each of the 4 categories, there is a separate SECTION number for every entity. In that number, the last 2 digits correspond to the entities as shown below. For example, for miscellaneous nonstatutory provisions affecting the historical society, see SECTION 9124. The entities are listed in alphabetical sequence by key word, but for any entity not yet assigned a 2-digit identification number, see number "56" (other) in each category.

25 expended or obligations incurred unless there shall be adequate revenues to meet the

18          the committee do not notify the secretary of administration and the director of the  
19          legislative fiscal bureau that the committee has scheduled a meeting for the purpose  
20          of reviewing the estimates and determinations by December 15 following their

6 total number of years during which expenditures are made under par. (am) 1. plus  
7 the total number of years during which tax increments are allocated under this  
8 paragraph exceed ~~27~~ 37 years.

14 aggregate of all of its project costs under its project plan, but not later than the date  
15 on which a tax incremental district terminates under sub. (7) (am), a planning  
16 commission may amend under sub. (4) (h) 1. the project plan of such a tax  
17 incremental district to allocate positive tax increments generated by that tax  
18 incremental district to another tax incremental district created by that planning  
19 commission in which soil affected by environmental pollution exists to the extent  
20 that development has not been able to proceed according to the project plan because  
21 of the environmental pollution.

22          2. Except as provided in subd. 2m., no tax increments may be allocated under

16 except that this paragraph does not apply to a district whose positive tax increments  
17 have been allocated under sub. (6) (d), (dm) or (e) until the district to which the  
18 allocation is made has paid off the aggregate of all of its project costs under its project  
19 plan.

20           **SECTION 2216.** 66.462 of the statutes is created to read:

21           **66.462 Environmental remediation tax incremental financing. (1)**

22           DEFINITIONS. In this section:

23           (a) "Chief executive officer" means the mayor or city manager of a city, the  
24 village president of a village, the town board chairperson of a town or the county

1 executive of a county or, if the county does not have a county executive, the  
2 chairperson of the county board of supervisors.

3 (b) "Department" means the department of revenue.

4 (c) "Eligible costs" means capital costs, financing costs and administrative and  
5 professional service costs for the investigation, removal, containment or monitoring  
6 of, or the restoration of soil or groundwater affected by, environmental pollution,  
7 including monitoring costs incurred within 2 years after the date on which the  
8 department of natural resources certifies that environmental pollution on the  
9 property has been remediated, except that for any parcel of land "eligible costs" shall  
10 be reduced by any amounts received from persons responsible for the discharge, as  
11 defined in s. 292.01 (3), of a hazardous substance on the property to pay for the costs  
12 of remediating environmental pollution on the property and the amount of net gain  
13 from the sale of the property by the political subdivision.

14 (d) "Environmental pollution" has the meaning given in s. 292.01 (4), except  
15 that "environmental pollution" does not include any damage caused by runoff from  
16 land under agricultural use.

17 (e) "Environmental remediation tax increment" means that amount obtained  
18 by multiplying the total city, county, school and other local general property taxes  
19 levied on a parcel of real property that is certified under this section in a year by a  
20 fraction having as a numerator the environmental remediation value increment for  
21 that year for that parcel and as a denominator that year's equalized value of that  
22 parcel. In any year, an environmental remediation tax increment is "positive" if the  
23 environmental remediation value increment is positive; it is "negative" if the  
24 environmental remediation value increment is negative.

1 (f) "Environmental remediation tax incremental base" means the aggregate  
2 value, as equalized by the department, of a parcel of real property that is certified  
3 under this section as of the January 1 preceding the date on which the department  
4 of natural resources issues a certificate certifying that environmental pollution on  
5 the property has been remediated in accordance with rules promulgated by the  
6 department of natural resources.

7 (g) "Environmental remediation value increment" means the equalized value  
8 of a parcel of real property that is certified under this section minus the  
9 environmental remediation tax incremental base. In any year, the environmental  
10 remediation value increment is "positive" if the environmental remediation tax  
11 incremental base of the parcel of property is less than the aggregate value of the  
12 parcel of property as equalized by the department; it is "negative" if that base exceeds  
13 that aggregate value.

14 (h) "Hazardous substance" has the meaning given in s. 292.01 (5).

15 (i) "Period of certification" means a period of not more than 16 years beginning  
16 after the department certifies the environmental remediation tax incremental base  
17 of a parcel of property under sub. (4) or a period before all eligible costs have been  
18 paid, whichever occurs first.

19 (j) "Political subdivision" means a city, village, town or county.

20 (k) "Taxable property" means all real and personal taxable property.

21 **(2) USE OF ENVIRONMENTAL REMEDIATION TAX INCREMENTS.** A political subdivision  
22 that develops, and whose governing body approves, a written proposal to remediate  
23 environmental pollution on property owned by the political subdivision may use an  
24 environmental remediation tax increment to pay the eligible costs of remediating  
25 environmental pollution on property that is not part of a tax incremental district

1 created under s. 66.46 and that is owned by the political subdivision at the time of  
2 the remediation and then transferred to another person after the property is  
3 remediated, as provided in this section. No political subdivision may submit an  
4 application to the department under sub. (4) until the joint review board approves  
5 the political subdivision's written proposal under sub. (3).

6 **(3) JOINT REVIEW BOARD.** (a) Any political subdivision that seeks to use an  
7 environmental remediation tax increment under sub. (2) shall convene a joint review  
8 board to review the proposal. The board shall consist of one representative chosen  
9 by the school district that has power to levy taxes on the property that is remediated,  
10 one representative chosen by the technical college district that has power to levy  
11 taxes on the property, one representative chosen by the county that has power to levy  
12 taxes on the property that is remediated, one representative chosen by the political  
13 subdivision and one public member. If more than one school district, more than one  
14 technical college district or more than one county has the power to levy taxes on the  
15 property that is remediated, the unit in which is located property that has the  
16 greatest value shall choose that representative to the board. The public member and  
17 the board's chairperson shall be selected by a majority of the other board members  
18 at the board's first meeting. All board members shall be appointed and the first board  
19 meeting held within 14 days after the political subdivision's governing body approves  
20 the written proposal under sub. (2). Additional meetings of the board shall be held  
21 upon the call of any member. The political subdivision that seeks to act under sub.  
22 (2) shall provide administrative support for the board. By majority vote, the board  
23 may disband following approval or rejection of the proposal.

1 (b) 1. The board shall review the written proposal and the statement described  
2 under sub. (4) (a). As part of its deliberations the board may hold additional hearings  
3 on the proposal.

4 2. No written application may be submitted under sub. (4) unless the board  
5 approves the written proposal under sub. (2) by a majority vote not less than 10 days  
6 nor more than 30 days after receiving the proposal.

7 3. The board shall submit its decision to the political subdivision no later than  
8 7 days after the board acts on and reviews the written proposal.

9 (c) 1. The board shall base its decision to approve or deny a proposal on the  
10 following criteria:

11 a. Whether the development expected in the remediated property would occur  
12 without the use of environmental remediation tax incremental financing.

13 b. Whether the economic benefits of the remediated property, as measured by  
14 increased employment, business and personal income and property value, are  
15 insufficient to compensate for the cost of the improvements.

16 c. Whether the benefits of the proposal outweigh the anticipated  
17 environmental remediation tax increments to be paid by the owners of property in  
18 the overlying taxing districts.

19 2. The board shall issue a written explanation describing why any proposal it  
20 rejects fails to meet one or more of the criteria specified in subd. 1.

21 (d) If a joint review board convened by a city or village under s. 66.46 (4m) is  
22 in existence when a city or village seeks to act under this section, the city or village  
23 may require the joint review board convened under s. 66.46 (4m) to exercise the  
24 functions of a joint review board that could be convened under this subsection.

1           **(4) CERTIFICATION.** Upon written application to the department of revenue by  
2 the clerk of a political subdivision on or before April 1 of the year following the year  
3 in which the certification described in par. (a) is received from the department of  
4 natural resources, the department of revenue shall certify to the clerk of the political  
5 subdivision the environmental remediation tax incremental base of a parcel of real  
6 property if all of the following apply:

7           (a) The political subdivision submits a statement that it has incurred eligible  
8 costs with respect to the parcel of property and the statement details the purpose and  
9 amount of the expenditures and includes a dated certificate issued by the  
10 department of natural resources that certifies that environmental pollution on the  
11 parcel of property has been remediated in accordance with rules promulgated by the  
12 department of natural resources.

13           (b) The political subdivision submits a statement that all taxing jurisdictions  
14 with the authority to levy general property taxes on the parcel of property have been  
15 notified that the political subdivision intends to recover the costs of remediating  
16 environmental pollution on the property and have been provided a statement of the  
17 estimated costs to be recovered.

18           (c) The political subdivision submits a statement, signed by its chief executive  
19 officer, that the political subdivision has attempted to recover the cost of remediating  
20 environmental pollution on the property from responsible parties.

21           (d) The political subdivision completes and submits all forms required by the  
22 department that relate to the determination of the environmental remediation tax  
23 incremental base.

24           **(5) DESIGNATION ON ASSESSMENT AND TAX ROLLS.** The assessor of a taxation  
25 district shall identify on the assessment roll returned and examined under s. 70.45

1 those parcels of property that have been certified under sub. (4) during the period of  
2 certification. The clerk of a taxation district shall make a similar notation on the tax  
3 roll under s. 70.65.

4 **(6) NOTICE TO TAXING JURISDICTIONS.** During the period of certification, the  
5 department shall annually give notice to the designated finance officer of all taxing  
6 jurisdictions having the power to levy general taxes on property that is certified  
7 under sub. (4) of the equalized value of that property and the environmental  
8 remediation tax incremental base of that property. The notice shall explain that the  
9 environmental remediation tax increment shall be paid to the political subdivision  
10 as provided under sub. (8) from the taxes collected.

11 **(7) ENVIRONMENTAL REMEDIATION TAX INCREMENTS AUTHORIZED.** (a) Subject to  
12 pars. (b) and (c), the department shall annually authorize the positive environmental  
13 remediation tax increment with respect to a parcel of property during the period of  
14 certification to the political subdivision that incurred the costs to remediate  
15 environmental pollution on the property, except that an authorization granted under  
16 this paragraph does not apply after the department receives the notice described  
17 under sub. (10) (b).

18 (b) The department may authorize a positive environmental remediation tax  
19 increment under par. (a) only if the political subdivision submits to the department  
20 all information required by the department on or before the 2nd Monday in June of  
21 the year to which the authorization relates.

22 (c) If the department receives the notice described under sub. (10) (b) during  
23 the period from January 1 to May 15, the effective date of the notice is the date on  
24 which the notice is received. If the department receives the notice described under

1 sub. (10) (b) during the period from May 16 to December 31, the effective date of the  
2 notice is the first January 1 after the date on which the notice is received.

3 (8) SETTLEMENT FOR ENVIRONMENTAL REMEDIATION TAX INCREMENTS. Every officer  
4 charged by law to collect and settle general property taxes shall, on the settlement  
5 dates provided by law, pay to the treasurer of a political subdivision from all general

24 corporation’s income.

1           3. For partners, the credit may be offset only against the tax imposed on the  
2 partner's distributive share of partnership income.

4 the credit against the tax due, with any remaining credit passing through to the  
5 shareholders.

6           5. If a corporation that is not a tax-option corporation has a carry-over credit
