2 **and to create** 13.94 (1) (p), 15.165 (5), 20.515 (2), 25.85, 40.03 (2) (im) and 40.03
3 (10) of the statutes; **relating to:** establishing a service award program for
4 volunteer fire fighters and emergency medical technicians, creating a volunteer
5 fire fighter and emergency medical technician service award board, requiring
6 the exercise of rule-making authority and making appropriations.

Analysis by the Legislative Reference Bureau

This bill creates a volunteer fire fighter and emergency medical technician service award board (board), attached to the department of employe trust funds (DETF). The board consists of the secretary of employe trust funds or his or her designee, three members who are volunteer fire fighters and three members who represent municipalities that operate volunteer fire departments.

Under the bill, the board must establish by rule a volunteer fire fighter and emergency medical technician service award program for volunteer fire fighters and emergency medical technicians in municipalities that operate volunteer fire departments or that contract with volunteer fire companies and in any municipality that authorizes volunteer emergency medical technicians to provide emergency medical technical services in the municipality. To the extent permitted by federal law, the award must be treated as a tax-deferred benefit under the federal income tax code. The board must promulgate rules to include the following design features for the program:

SENATE BILL 75

1. All municipalities that operate volunteer fire departments or that contract with volunteer fire companies and any municipality that authorizes volunteer emergency medical technicians to provide emergency medical technical services in the municipality may voluntarily participate in the program.

2. Annual contributions must be paid by municipalities for each volunteer fire fighter and emergency medical technician in an amount determined by the municipalities.

3. The state must match all annual municipal contributions paid for volunteer fire fighters and emergency medical technicians up to \$250 per year. This amount is to be adjusted annually to reflect changes in the cost of living.

4. A municipality may purchase additional years of service for volunteer fire fighters and emergency medical technicians who have at least five years of service.

5. A vesting period of ten years of volunteer fire fighting or emergency medical technical service for a municipality is required before a volunteer fire fighter or emergency medical technician qualifies to receive any benefits under the program.

6. A requirement that a volunteer fire fighter or emergency medical technician must be paid a lump sum, consisting of all municipal and state contributions made on behalf of the fire fighter or emergency medical technician and all earnings on the contributions, less any amounts used to fund the general program operations of the program, after the fire fighter or emergency medical technician attains 20 years of service for a municipality and reaches the age of 60. If a volunteer fire fighter or emergency medical technician has satisfied all vesting requirements but has less than 20 years of service with a municipality or has not reached the age of 60, the program must provide for a reduced lump sum payment.

7. A requirement that a volunteer fire fighter or emergency medical technician must forfeit his or her rights to all contributions under the program if he or she should cease providing volunteer fire fighting or emergency medical technical services for six months or more for a municipality and he or she has not provided volunteer fire fighting or emergency medical technical service for a municipality for at least ten years, unless the board finds good cause for the period of separation.

Under the bill, the board must contract with an individual or organization in the private sector for all administrative and investment services required for the volunteer fire fighter and emergency medical technician service award program.

Finally, under the bill, the volunteer fire fighter and emergency medical technician service award board must submit the proposed rules to the legislative council staff no later than February 1, 2001. In addition, the legislative audit bureau must prepare a performance evaluation audit of the volunteer fire fighter and emergency medical technician service award program no later than February 1, 2006.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1 service performed by the volunteer fire fighter or emergency medical technician for
2 the municipality.

3 5. A vesting period of 10 years of volunteer fire fighting or emergency medical
4 technical service for a municipality shall be required before a volunteer fire fighter
5 or emergency medical technician qualifies to receive any benefits under the program.

6 6. A requirement that a volunteer fire fighter or emergency medical technician
7 shall be paid a lump sum, consisting of all municipal and state contributions made
8 on behalf of the volunteer fire fighter or emergency medical technician and all
9 earnings on the contributions, less any amounts to fund the general program
10 operations costs of the volunteer fire fighter and emergency medical technician
11 service award program, after the fire fighter or emergency medical technician
12 attains 20 years of service for a municipality and reaches the age of 60. If a volunteer
13 fire fighter or emergency medical technician has satisfied all vesting requirements
14 but has less than 20 years of service for a municipality or has not reached the age of
15 60, the program shall provide for the payment of a reduced lump sum, as determined
16 by the volunteer fire fighter and emergency medical technician service award board.

17 7. A requirement that a volunteer fire fighter or emergency medical technician
18 shall forfeit his or her rights to all contributions under the program if he or she should
19 cease providing volunteer fire fighting or emergency medical technical services for
20 a municipality for 6 months or more and he or she has not provided fire fighting or
21 emergency medical technical services for a municipality for at least 10 years, unless
22 the volunteer fire fighter and emergency medical technician service award board
23 finds good cause for the period of separation.

24 (c) The volunteer fire fighter and emergency medical technician service award
25 board may charge the volunteer fire fighter and emergency medical technician

SENATE BILL 75

1 service award fund for the general program operations costs of the volunteer fire
2 fighter and emergency medical technician service award program.

3 (d) The members of the volunteer fire fighter and emergency medical
4 technician service award board shall be the trustees of the volunteer fire fighter and
5 emergency medical technician service award fund and shall have all powers
6 necessary or convenient to perform any fiduciary duty required by law.

7 (e) The volunteer fire fighter and emergency medical technician service award
8 board shall contract with an individual or organization in the private sector for all
9 administrative and investment services required, other than services funded from
10 the appropriation account under s. 20.515 (2) (a), for the volunteer fire fighter and
11 emergency medical technician service award program.

12 (f) The volunteer fire fighter and emergency medical technician service award
13 board shall transfer from the appropriation account under s. 20.515 (2) (b) to the
14 volunteer fire fighter and emergency medical technician service award fund all
15 amounts necessary to match the municipal contributions under the volunteer fire
16 fighter and emergency medical technician service award program.

17 (g) The volunteer fire fighter and emergency medical technician service award
18 board shall accept timely appeals of determinations made by the department
19 affecting any right or benefit relating to the program established under par. (a).

20 (h) Annually, on or before December 31, the volunteer fire fighter and
21 emergency medical technician service award board shall submit a report to the chief
22 clerk of each house of the legislature under s. 13.172 (2) describing the activities of
23 the volunteer fire fighter and emergency medical technician service award board.
