1     **Relating to:** recognizing the week beginning the first week in April as Public Health  
2           Awareness Week.

3           Whereas, the organization of public health is a partnership of public, private,  
4     nonprofit, and voluntary sectors focused on the health of the entire community, with  
5     its members responsible for providing comprehensive and coordinated public health  
6     and educational services to promote and support the health of families and  
7     individuals; and

8           Whereas, prevention, education, and outreach by public health professionals  
9     are the most focused and cost-effective ways of creating and maintaining healthy  
10    habits and improved quality of life for families and individuals, including women's  
11    health, newborn screening, and health of minorities; and

12          Whereas, all persons are receiving the benefits of public health workers who  
13    provide immunization clinics, AIDS/HIV counseling and testing, and a variety of  
14    specialty clinics and programs promoting health and wellness of all families and
