

2001 ASSEMBLY BILL 17

January 16, 2001 – Introduced by Representative MUSSER, cosponsored by Senator MOEN. Referred to Committee on Ways and Means.

- 1 **AN ACT to create** 66.1105 (5) (bg) of the statutes; **relating to:** the filing of certain
2 forms related to a tax incremental financing district.

Analysis by the Legislative Reference Bureau

Under the current tax incremental financing (TIF) program, a city or village may create a tax incremental district (TID) in part of its territory to foster development if at least 50% of the area to be included in the TID is blighted, in need of rehabilitation, or suitable for industrial sites. Before a city or village may create a TID, several steps and plans are required. These steps and plans include public hearings on the proposed TID, preparation and adoption by the local planning commission of a proposed project plan for the TID, approval of the proposed project plan by the common council or village board, and creation by the city or village of a joint review board to review the proposal. The joint review board, which is made up of representatives of the overlying taxing jurisdictions of the proposed TID, must approve the project plan or the TID may not be created. If an existing TID project plan is amended by a planning commission, these steps are also required.

Once these steps are accomplished, the city clerk is required to complete certain forms and an application and submit the documents to the department of revenue (DOR) on or before December 31 of the year in which the TID is created. Upon receipt of the application, DOR is required to certify the full aggregate value of the taxable property in the city, which constitutes the tax incremental base of the TID.

This bill specifies that if a city clerk submits to DOR the required forms and an application for a TID that was created in February 1999, on or before May 31, 2000, even though the forms and application were originally due on December 31, 1999,
