1 **AN ACT to amend** 20.395 (6) (aq) and 84.185 (6m); and **to create** 20.866 (2) (uwm)
2 and 84.185 (3m) of the statutes; **relating to:** the transportation facilities
3 economic assistance program, granting bonding authority and making an
4 appropriation.

Analysis by the Legislative Reference Bureau

Under current law, the department of transportation (DOT) administers a transportation facilities economic assistance and development (TEA) program. Under the program, DOT may improve a highway, airport, or harbor, or provide other assistance for the improvement of those transportation facilities or certain rail property or railroad tracks, as part of a major economic development project. DOT may also make loans for the improvement of any of these transportation facilities. The state share of costs for the improvement of any transportation facility may not exceed 50% of the cost of the improvement.

This bill requires DOT to accept, review, and make determinations on applications for assistance under the TEA program on a continuing, year-round basis, and to make a determination on each application within a reasonable time after its receipt.

The bill also authorizes the state to issue general obligation bonds to provide up to \$5,000,000 in state moneys, repaid from the general fund, to be used for grants under the TEA program. The proceeds of general obligation bonds may only be used to provide grants under the TEA program to the extent that state funds appropriated for the TEA program are not available.
