2001 SENATE BILL 172

May 3, 2001 – Introduced by Senators Cowles, Schultz and Huelsman, cosponsored by Representatives OTT and Turner. Referred to Committee on Universities, Housing, and Government Operations.

1 AN ACT to repeal 13.093 (2) (c); to renumber and amend 13.093 (1); and to 2 create 13.093 (1) (a) to (c) of the statutes; relating to: referral of bills to the 3 joint committee on finance and preparation of fiscal estimates on penalty bills.

Analysis by the Legislative Reference Bureau

This bill requires that all bills to which a committee of either house of the legislature, or a joint committee, has recommended adoption of an amendment for the appropriation of money, providing for revenue, or relating to taxation, and for which the committee has recommended passage of or concurrence in, be referred to the joint committee on finance before being passed. It also requires that all bills to which either house of the legislature has adopted an amendment for the appropriation of money, providing for revenue, or relating to taxation be referred to the joint committee on finance before being passed. Under the bill, no bill need be rereferred to the joint committee on finance if it has already been referred to that committee.

Present law provides that all bills containing a penalty provision but no other provision requiring a fiscal estimate are exempt from the fiscal estimate requirement. This bill removes that exemption.
