1 **AN ACT** *to amend* 943.245 (3m); and *to create* 971.41 of the statutes; **relating**
2 **to:** deferred prosecution agreements for persons charged with issuing a
3 worthless check or other order for payment and allowing a district attorney to
4 collect money owed to others.

Analysis by the Legislative Reference Bureau

Current law prohibits intentionally issuing a worthless check. As with nearly all other crimes, a case alleging a violation of this prohibition may be resolved through a deferred prosecution agreement between the district attorney and the defendant. Under such an agreement, the district attorney agrees to amend or dismiss a charge if the defendant complies with specified conditions, such as paying restitution to the victim.

This bill relates to the use of deferred prosecution agreements in worthless check cases. Under the bill, a deferred prosecution agreement in a worthless check case may require the defendant to pay money owed for the worthless check to the district attorney for remittance to the person to whom the check was written. If it contains such a requirement, the deferred prosecution agreement must also require that the defendant attend a class or counseling regarding financial management and the impact of issuing worthless checks. The bill also allows a district attorney to charge a defendant a fee for entering into such an agreement, which the district attorney may not otherwise do under current law. Finally, the bill permits a district attorney to contract with a nonprofit organization that is licensed as a collection
