

2005 SENATE BILL 469

December 7, 2005 - Introduced by Senator HANSEN, cosponsored by Representatives KRAWCZYK, MCCORMICK and VAN ROY. Referred to Committee on Natural Resources and Transportation.

1 **AN ACT relating to:** the conveyance of certain submerged lands to Brown County.

Analysis by the Legislative Reference Bureau

This bill grants to Brown County (county) the rights and title to, and interest in, certain submerged land under the waters of Green Bay and dry land existing or created within that area. The bill authorizes the land to be used for restoring the chain of islands that formerly existed in the location of this land and that were known as the Cat Island Chain. The bill authorizes the county to restrict public access to, and public use of, the land during the bird breeding and nesting season. It also authorizes the county to impose reasonable regulations on the use of the land in order to protect the public safety and welfare. The bill requires the county to cooperate with the Department of Natural Resources in the development and implementation of plans for the construction of the Cat Island Chain and authorizes the county to erect structures that are limited to certain uses including the construction and maintenance of the Cat Island Chain. The bill prohibits the county from conveying the land to any person other than this state, a political subdivision of this state, or a special purpose district of this state.

Because this bill concerns a conveyance of a lake bed area, the Department of Natural Resources, as required by law, will prepare a detailed report to be printed as an appendix to this bill.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

4 (3) **PURPOSES.** Brown County may hold and use the land described in subsection
5 (2) for the purposes of restoring the chain of islands that formerly existed in
6 approximately this location and that were known as the Cat Island Chain, in order
7 to have a place to deposit dredged materials from the navigation channel, to
8 construct the islands and restore the function of the Cat Island Chain in protecting
9 water quality in Green Bay, to restore the former terrestrial habitat and near-shore
10 aquatic habitat of the Cat Island Chain, and to provide opportunities for public use.

11 (4) **CONDITIONS.**

12 (a) *Public access and use.* Brown County may restrict public access to, and
13 public use of, the land granted under subsection (1) during the bird breeding and
14 nesting season. Brown County is not required to provide facilities for public access
15 to, and public use of, the land. Brown County may impose reasonable regulations
16 on the use of the land in order to protect the public safety and welfare.

17 (b) *Design and construction.* Brown County shall cooperate with the
18 department of natural resources in the development and implementation of plans for
19 the construction of the Cat Island Chain to ensure that the purposes under
20 subsection (3) are achieved and that the water quality in Green Bay is not adversely
21 affected.

22 (c) *Structures.* Brown County may erect structures on the land granted under
23 subsection (1) that are limited to the following purposes:

- 24 1. Facilitating public use of, and access to, the land.
- 25 2. Construction and maintenance of aids to navigation.
