December 21, 2007 - Introduced by Representatives KAUFERT, MUSSER, A. OTT, MURSAU, SOLETSKI, TOWNSEND, SHERMAN, SHERIDAN and VRUWINK, cosponsored by Senators HANSEN, COWLES, OLSEN, LEIBHAM, ELLIS, ROESSLER, A. LASEE and BRESKE. Referred to Committee on Transportation.

1 **AN ACT** *to amend* 165.25 (4) (ar); and *to create* subchapter XI of chapter 218
2 [precedes 218.60] of the statutes; **relating to:** powersports vehicle
3 manufacturers, distributors, and dealers and providing a penalty.

Analysis by the Legislative Reference Bureau

This bill creates provisions governing the relationship between powersports vehicle manufacturers and distributors, including their agents, officers, factory representatives, and affiliates (collectively referred to as franchisors), and powersports vehicle dealers (dealers). Under the bill, a powersports vehicle is an all-terrain vehicle, snowmobile, lightweight utility vehicle, personal watercraft, off-road motorcycle, or moped. The bill imposes numerous restrictions on franchisors, including prohibiting franchisors from doing any of the following:

1. Discriminating between dealers in certain ways, including in the pricing of powersports vehicles, parts, or accessories or in unfair allocations or delivery of vehicles.

2. Competing with dealers in certain ways, including by acting as a dealer or owning, operating, or controlling a dealership or service facility.

3. Requiring or coercing dealers to involuntarily accept, buy, or order powersports vehicles, parts, or accessories, or other commodities or services, or to order or accept delivery of powersports vehicles with features not included in the vehicles' advertised list prices and not voluntarily requested or required by law.

4. Taking certain actions related to the capital structure or financing of dealerships or unreasonably requiring dealers to change the locations of, or substantially alter, their places of business.

ASSEMBLY BILL 640

5. Failing to hold harmless and indemnify dealers in certain circumstances.
6. Failing to timely pay dealers' valid claims on grounds related to dealers' inventories.
7. Charging dealers increased prices without giving specified notice.
8. Permitting factory authorized warranty service to be performed upon powersports vehicles or accessories by persons other than dealers.
9. Paying less than dealers charge their retail customers for parts.
10. Paying dealers an amount for labor that is less than the amount dealers charge their retail customers for labor.
11. Requiring or coercing dealers to grant rights of first refusal or other preferences related to purchasing dealer franchises.
12. Imposing on dealers certain requirements related to powersports vehicle deliveries, inventories, advertising displays, and dealership facilities.
13. Requiring that arbitration or legal proceedings take place outside this state.

Under the bill, a franchisor may be required to forfeit not less than \$100 nor more than \$1,000 for each violation of these restrictions. The Department of Agriculture, Trade and Consumer Protection (DATCP) has jurisdiction to investigate and enforce these restrictions, and DATCP, represented by the Department of Justice, or a district attorney may bring an action on behalf of the state. In addition, any dealer injured by a violation of these restrictions may bring a civil action against the violating franchisor for temporary or permanent injunctive relief or for damages or both. The dealer may recover three times the amount of actual damages caused by the violation, as well as costs and reasonable attorney fees.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
