4	(1), 33.26 (5), 33.26 (7), 33.265, 33.33 (title), 33.35, 33.37 (1) and 33.37 (2); to
5	<i>repeal and recreate</i> 33.25 (1) (title); and <i>to create</i> 33.25 (2m), 33.25 (3) (b),
6	33.26(2)(c), $33.26(3)(c)$, $33.26(8)$ and $33.37(1m)$ of the statutes; relating to:
7	attachment of territory to public inland lake protection and rehabilitation
8	districts and changing boundaries of proposed public inland lake protection and
9	rehabilitation districts.

Analysis by the Legislative Reference Bureau

Under current law, a county may establish public inland lake protection and rehabilitation districts (lake districts). A city, village, or town may also create a lake district if all the frontage of the lake is within its boundaries.

Current law requires that certain procedures be followed by a county in establishing a lake district. These include having a petition signed by 51 percent of the persons owning land in the proposed lake district or by owners of 51 percent of the land in the proposed lake district and having the county board conduct a hearing

ASSEMBLY BILL 909

on the petition. If the county board finds that the establishment of the lake district will promote a public goal such as public health, convenience, or welfare and that the land to be included in the lake district will benefit from its establishment, the county board must approve the establishment of the lake district.

Current law requires that a different procedure be followed to annex territory to a lake district. Under current law, an owner of land may petition the board of commissioners for the lake district (district board) to annex the land. If the petition is approved by a majority vote of the members of the district board, the territory is annexed. Alternatively, the district board may begin the procedure by notifying the owners of land that is proposed to be annexed and the county board. Under this alternative procedure, a procedure similar to the one described above for the establishment of a lake district applies.

This bill eliminates the procedure under which an owner of land may petition the district board to annex territory and eliminates the authority of a district board to begin an annexation proceeding. Under the bill, annexation requires that 51 percent of the owners of the land in the territory to be annexed or the owners of 51 percent of that territory sign the annexation petition. The county board must hold a hearing on the petition.

Under current law, a county may change the boundaries of a lake district that is being established. This bill repeals this provision.

For further information see the *local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
