### *Analysis by the Legislative Reference Bureau*

Current law allows a town, village, or city (municipality) or county to enact an ordinance to collect an annual registration fee for motor vehicles that weigh less than 8,000 pounds and are customarily kept in the county or municipality. The Department of Transportation collects the fees at the time a vehicle is registered and forwards the money, minus actual administrative costs associated with the collection of the fees, to the county or municipality for use by the county or municipality for transportation purposes.

This bill allows a county or municipality to enact an ordinance to collect an annual registration fee of not more than \$50 for animal-drawn vehicles customarily kept in the municipality or county. This fee is paid directly to the county or municipality to be used for transportation purposes.

For further information see the *local* fiscal estimate, which will be printed as an appendix to this bill.
