

## 2009 ASSEMBLY JOINT RESOLUTION 1

January 21, 2009 - Introduced by Representatives A. OTT, BIES, BALLWEG, BLACK, KESTELL, LEMAHIEU, RIPP, ROTH, SPANBAUER, STRACHOTA, TOWNSEND, VAN ROY, M. WILLIAMS and ZIEGELBAUER, cosponsored by Senators A. LASEE, COWLES, HANSEN, LAZICH and OLSEN. Referred to Committee on Rules.

1     **Relating to:** proclaiming Niagara Escarpment year and month.

2             Whereas, the Niagara Escarpment is a 650 mile long geologic feature of  
3 international scale and global importance that reaches across Wisconsin, Michigan,  
4 Ontario, and New York; and

5             Whereas, in Wisconsin, the Niagara Escarpment extends for a distance of over  
6 230 miles and runs through Door, Kewaunee, Brown, Manitowoc, Calumet, Fond du  
7 Lac, Dodge, and Waukesha counties; and

8             Whereas, the Niagara Escarpment's cliff faces and high elevation on the  
9 landscape provide numerous important vistas and viewsheds, several of which are  
10 as much as 200 feet above the surrounding landscape; and

11             Whereas, the Niagara Escarpment corridor is home to high levels of  
12 biodiversity and unique plant and animal species, and over 240 different rare,  
13 threatened, or endangered plant and animal species have been identified along the  
14 Niagara Escarpment; and

1           Whereas, the Niagara Escarpment is known to have highly sensitive  
2 groundwater resources due to its composition of highly fractured bedrock and karst  
3 features; and

4           Whereas, the Niagara Escarpment contains numerous high-value passive  
5 recreation areas and contributes significantly to the tourism-based economy of  
6 many of the corridor’s communities, and two of Wisconsin’s most visited State Parks  
7 — Peninsula and High Cliff — lie along the Niagara Escarpment; and

8           Whereas, the Niagara Escarpment corridor has significant historical and  
9 cultural features which equate with both past and present uses of its resources. The  
10 Niagara Escarpment has been used since Paleo-Indian times for ceremonial  
11 purposes, has a long tradition of being a top agricultural area, is home to a rapidly  
12 growing viticulture industry and wine producing region, and is known as a present  
13 day source for quality building materials such as cut stone and crushed rock; and

14           Whereas, past and present landowners have used the Niagara Escarpment  
15 landscape as a resource for which to build communities, sustain their livelihoods,  
16 and promote a strong stewardship ethic; and

17           Whereas, the Niagara Escarpment has been recognized by the Wisconsin  
18 Department of Natural Resources as a highly ranked “Land Legacy Place”; now,  
19 therefore, be it

20           ***Resolved by the assembly, the senate concurring, That*** the members of the  
21 Wisconsin state legislature proclaim the year 2010 as the “Year of the Niagara  
22 Escarpment” in the State of Wisconsin so as to foster awareness and education on  
23 this important and unique landscape feature; and, be it further

24           ***Resolved, That*** the month of May 2010 be proclaimed as the “Month of the  
25 Niagara Escarpment” in the State of Wisconsin in order to promote efforts to

1 recognize the Niagara Escarpment's significance as a statewide geologic and natural  
2 resource.
