1 **AN ACT** *to repeal* 29.4035; *to amend* 29.403 (4); and *to create* 29.403 (1m) of
2 the statutes; **relating to:** culling of bass in a fishing tournament.

Analysis by the Legislative Reference Bureau

Current law requires the Department of Natural Resources (DNR) to promulgate rules to establish a program to authorize and regulate fishing tournaments. Current law specifies certain rules that DNR may promulgate for the regulation of fishing tournaments, including rules specifying the length and frequency of fishing tournaments, the species of fish that may be caught and the bag and size limits that will apply. Current statutory law also prohibits a person from possessing a type of fish in excess of the bag limit for that type of fish.

This bill specifically authorizes culling at bass fishing tournaments and exempts the culling from any applicable bag limits imposed by statute or rule.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
