

State of Misconsin 2011 - 2012 LEGISLATURE

2011 SENATE BILL 251

October 21, 2011 - Introduced by Senators T. Cullen, Schultz and Moulton. Referred to Joint Committee on Finance.

- 1 **AN ACT** *to amend* 20.255 (2) (ac), 121.07 (6) (a) (intro.), 121.07 (7) (b) and 121.90
- 2 (2) (am) 1.; and *to create* 121.10 of the statutes; **relating to:** school district debt service aid and making an appropriation.

Analysis by the Legislative Reference Bureau

This bill provides additional state aid to certain school districts — those in which the equalized value per pupil is less than 50 percent of the statewide average — to assist in paying debt service on bond issues approved at a referendum held on or after July 1, 2011. Under the bill, annually the Department of Public Instruction pays an eligible school district the amount determined by multiplying the school district's levy for debt service on the bond by the percentage of the school district's primary shared cost that the school district received at the primary aid level of general state school aid in the previous school year. A school district's primary shared cost is that portion of the district's shared cost that is aided at the primary level of state aid.

The school district may receive such aid in any year only if it repays no more than 10 percent of the principal of the bond in that year. Aid is paid as a first draw from the general school aid appropriation, thus reducing the amount distributed as general school aid to other school districts.
