### *Analysis by the Legislative Reference Bureau*

This bill allows an applicant for a motor vehicle operator's license or identification card issued by the Department of Transportation (DOT) to indicate whether he or she is a veteran and whether he or she wishes to have his or her veteran status indicated on the license or card. If an applicant indicates that he or she is a veteran who wishes to have his or her veteran status indicated on the license or card and provides verification from the Department of Veterans Affairs that the applicant is a veteran, DOT must provide an indication of the person's veteran status on the front side of the license or card.

This bill also allows DOT to promulgate rules establishing veteran disability rating codes to assist in identifying persons that are eligible for benefits programs and requiring that a license or identification card that contains a veteran indication also include a veteran disability rating code.
