### *Analysis by the Legislative Reference Bureau*

This bill makes various changes in laws relating to voter registration and proof of residence for voting. Currently, with the exception of individuals who are defined as “military electors” under state law and new or former residents voting for president and vice president, all eligible electors of this state must register in order

**ASSEMBLY BILL 869**

to vote in an election in this state. The registration period for each election ends on the 20th day before that election, but an eligible elector may register to vote in an election after that date at the office of the municipal clerk or board of election commissioners of the municipality where he or she resides or at the polling place serving his or her residence by providing specified proof of residence. In order to register, an individual must provide his or her name, residence location, citizenship, date of birth, age, and the number of a valid Wisconsin driver's license or the last four digits of his or her social security number. An individual must also affirm that he or she: 1) has resided in his or her ward (or municipality if not divided into wards) for at least 28 consecutive days; 2) has not been convicted of a felony for which he or she has not been pardoned and has not completed his or her sentence; 3) is not disqualified on any other ground from voting; and 4) is not registered to vote at any other location. The burden is on the elector to initiate registration and, if the elector's name, address, or eligibility changes, to initiate any change in registration required to maintain a valid registration.

This bill makes it the responsibility of the Government Accountability Board (GAB) to use all feasible means to facilitate the registration of all eligible electors of this state who are subject to a registration requirement and to maintain the registration of all eligible electors for so long as they remain eligible, except as the law specifically requires electors to take some action to confirm or continue their registrations. Under the bill, GAB must attempt to facilitate the initial registration of all eligible electors in accordance with the bill's requirements and procedures no later than July 1, 2019. To assist with its responsibility, the bill directs GAB and the Department of Transportation (DOT) to enter into an agreement for the purpose of transferring specified personally identifiable information in DOT's records to GAB. The bill requires GAB to maintain the confidentiality of any information that GAB obtains under the agreement and allows a driver's license or identification card applicant to "opt out" of DOT's transfer of this information to GAB. Under the bill, once GAB obtains all the information required under current law to complete an elector's registration, GAB adds the elector's name to the statewide registration list. The information then becomes accessible on the Internet. No registration of an elector that is added to the list by GAB is valid until the elector confirms with GAB, on a form prescribed by GAB, that all the information pertaining to his or her registration is correct and accurate as of the date of the confirmation. The bill permits an elector to confirm a registration by any of the following means: 1) by electronic means on the Internet using a secure procedure prescribed by GAB; 2) by mail; or 3) by appearing in person at the office of the municipal clerk or board of election commissioners where the elector resides or at the polling place serving the elector's residence. Under the bill, if an elector does not confirm a registration that has been entered on his or her behalf by GAB, GAB may contact the elector in the manner determined by GAB to obtain confirmation or any necessary correction to the elector's registration. If the elector does not confirm a registration within 60 days of the date that it is entered on the registration list by GAB, GAB must contact the elector to obtain confirmation or any necessary correction. The bill also permits an individual whose name is added to the registration list by GAB or who wishes to

**ASSEMBLY BILL 869**

permanently exclude his or her name from the list to file a request to have his or her name deleted or excluded from the list or to revoke a deletion or exclusion request previously made. A deletion or exclusion request or revocation of a deletion or exclusion request may be made in the manner prescribed by GAB. In addition, the bill directs GAB to notify an individual by first class postcard whenever GAB removes his or her name from the registration list or changes his or her status on the list from eligible to ineligible, other than by request of the elector, except when GAB removes a duplicate entry from the list or changes the name of a deceased person from eligible to ineligible status.

Currently, if an elector is eligible to vote and is not registered to vote, the elector may register to vote and vote at the polling place serving his or her residence on election day by providing proof of residence. This bill permits an elector whose registration has been entered on the registration list by GAB to confirm his or her registration and vote on election day at the same polling place in the same manner as currently provided for original registration.

Currently, a qualified elector may register to vote at any election by mail, in person at the office of the municipal or county clerk or board of election commissioners for the municipality or county where the elector resides, or by completing a registration form with a special registration deputy no later than the 20th day before the election. A qualified elector may also register to vote at an election in person at the office of the municipal clerk or board of election commissioners for the municipality where the elector resides no later than 5 p.m. on the Friday before the election. In order to register, an elector must provide his or her name and address and certain other information required to ascertain his or her eligibility and must sign the form. With certain exceptions, an elector who registers after the 20th day before an election or an elector who registers by mail and who has not voted before in an election in this state must provide proof of residence prior to voting. Currently, the clerk or board of election commissioners must verify each registration received by mail or submitted by a special registration deputy by sending a first-class letter or postcard to the registrant at the registrant's address.

This bill permits a qualified elector who has a current and valid driver's license or identification card issued by DOT to register to vote at an election electronically on a secure Internet site maintained by GAB. The bill requires an electronic registration to be completed no later than the 20th day before an election in order to be valid for that election. Under the bill, a qualified elector enters the same information that appears on the current registration form and authorizes DOT to forward a copy of his or her electronic signature to GAB. The authorization affirms that all information provided by the elector is correct and has the same effect as if the elector signed the form personally. The bill also permits an elector who is currently registered to vote and who has a current and valid driver's license or identification card to electronically enter a change of name or address using a similar procedure. In accordance with the existing procedure for verifying registrations that are not received at the office of the municipal clerk or board of election commissioners, the bill provides that when an electronic registration is received, GAB or the clerk or board of election commissioners of the elector's municipality of

**ASSEMBLY BILL 869**

residence must verify each electronic registration by sending a first-class letter or postcard to the registrant at the registrant's address. Except as otherwise permitted under the bill, if the registrant is voting for the first time in an election in this state, the registrant must provide proof of residence before voting in the election. The bill creates one exception which provides that, if an elector who registers electronically provides his or her Wisconsin driver's license number, together with his or her name and date of birth, and GAB is able to verify the information electronically at the time of registration by electronically accessing DOT's records, the elector need not provide proof of residence prior to voting. The bill directs GAB and DOT to enter into an agreement that permits GAB to verify the necessary information instantly by accessing DOT's electronic files.

Currently, each municipal clerk and board of election commissioners must maintain a file of voter registration forms for the electors of the municipality. This bill provides that the clerk or board must maintain registrations that are entered electronically in the manner prescribed by GAB, by rule.

The changes with respect to electronic registration first apply with respect to registration for voting at the first spring or partisan primary election that follows the day on which the bill becomes law by at least six months.

Currently, with certain exceptions, if an elector registers to vote by mail and has not voted in an election in this state, the elector must provide proof of residence prior to voting. This bill extends this requirement to apply to an elector whose registration is initiated by GAB but who has not confirmed his or her registration and has not voted in an election in this state. The bill also provides that if such an elector provides his or her Wisconsin driver's license number or the last four digits of his or her social security number, together with his or her name and date of birth, and GAB is able to instantly verify the information electronically by electronically accessing records of DOT, the elector need not provide proof of residence before voting.

The bill directs GAB to report to the appropriate standing committees of the legislature, no later than July 1, 2015, concerning its progress in initially implementing the registration system created by the bill. The report must contain an assessment of the feasibility and desirability or integration of registration information with information maintained by the departments of health services, children and families, workforce development, revenue, regulation and licensing, and natural resources, the University of Wisconsin System and the State Technical College System Board as well as with the the technical colleges in each technical college district.

Currently, the legislature has made appropriations to GAB for the operation of the board in the current fiscal biennium. This bill does not change these appropriations. However, the bill provides that before GAB may encumber or expend any amount of money to implement or administer any provision of the act resulting from enactment of this bill, GAB's legal counsel must first notify the cochairpersons of the Joint Committee on Finance of the proposed encumbrance or expenditure. The proposed encumbrance or expenditure is then subject to approval of or modification by the committee, but the committee may waive its right to review any proposed encumbrance or expenditure.
