

State of Misconsin 2013 - 2014 LEGISLATURE

2013 SENATE BILL 417

December 3, 2013 – Introduced by Senators Miller, Lehman, Vinehout and Risser, cosponsored by Representatives Mason, Pasch, Berceau, Ringhand, Pope, Wachs, Ohnstad, C. Taylor and Hebl. Referred to Natural Resources.

1 AN ACT to repeal and recreate 281.17 (8) (b) of the statutes; relating to:

 $\mathbf{2}$

disinfection of drinking water supplied by a municipal water system.

Analysis by the Legislative Reference Bureau

Under current law, the Department of Natural Resources (DNR) administers a safe drinking water program. Current law prohibits DNR from requiring a municipal water system to provide continuous disinfection of the water that it provides unless federal law requires it or water quality data, well construction, or water system construction indicate a potential health hazard.

This bill requires a municipal water system to provide continuous disinfection of the water that it provides.

For further information see the *local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

3	SECTION 1. 281.17 (8) (b) of the statutes is repealed and recreated to read:
4	281.17 (8) (b) A municipal water system shall provide continuous disinfection
5	of the water that it provides.
6	SECTION 2. Effective date.

2013 – 2014 Legislature – 2 –

SENATE BILL 417

(1) This act takes effect on the first day of the 36th month beginning after
publication.
