 for absentee voting in person.

Analysis by the Legislative Reference Bureau

Currently, the governing body of a municipality may designate a single alternate site for absentee voting in person by electors of the municipality. If designated, this site serves in lieu of the office of the municipal clerk or board of election commissioners as the site where absentee voting is conducted for the election at which the designation is made.

This bill permits the governing body of a municipality to designate more than one alternate site for absentee voting in person by electors of the municipality. Under the bill, an alternate site may be used for absentee voting in addition to or in lieu of use of the office of the municipal clerk or board of election commissioners. The bill also directs a municipality that designates an alternate site for absentee voting at an election to notify the Government Accountability Board in writing of its designation.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
