### ***Analysis by the Legislative Reference Bureau***

This bill provides that a private school may participate in a parental choice program (PCP) only if it has been in operation for the attendance of pupils for at least two school years. This requirement does not apply to any private school participating in or otherwise eligible to participate in a PCP on the effective date of the bill. The bill also provides that no more than 49 percent of a private school's enrollment may consist of pupils attending the private school under a parental choice program. This requirement does not apply to a private school participating in a PCP on the effective date of the bill. These provisions are effective July 1, 2016.
