October 19, 2015 – Introduced by Representatives RIPP, ALLEN, HUTTON, KLEEFISCH, KNODL, KRUG, MURSAU, A. OTT, SINICKI, WEATHERSTON and BALLWEG, cosponsored by Senators PETROWSKI, OLSEN and NASS. Referred to Committee on Transportation.

1 **AN ACT** *to amend* 346.37 (1) (c) 3. of the statutes; **relating to:** lawful turns on
2 a red signal.

Analysis by the Legislative Reference Bureau

Under current law, vehicles facing a red signal at an intersection may make a right turn into the nearest lane for traffic moving to the right. No turn, however, may be made on a red signal if lanes of moving traffic must be crossed or if a sign at the intersection prohibits a turn.

Under this bill, vehicles in the leftmost right-turn lane of a roadway that provides two right-turn lanes may make a right turn on a red signal into a lane that is second to the rightmost lane for traffic moving to the right. A turn of this sort may be made regardless of whether lanes of moving traffic must be crossed.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
