Analysis by the Legislative Reference Bureau

This bill requires removal from the Consolidated Court Automation Programs (CCAP) information regarding a criminal case for which the convicted person has been pardoned. CCAP contains information about civil and criminal cases filed in the circuit courts in this state, including information about the parties and their attorneys; documents filed; and deadlines, decisions, and outcomes of cases. CCAP also contains information on family court proceedings; probate proceedings; John Doe proceedings; reviews of certain administrative proceedings; tax warrants; mechanics', construction, condominium, or other types of liens; civil lawsuits; eviction proceedings; and domestic violence and other restraining orders and injunctions.

Under the bill, the director of state courts must remove from CCAP information relating to an acquittal, a dismissed criminal charge, and a criminal conviction if the person was pardoned for committing the crime.
