SENATE BILL 395

1 motorcycles, granting rule-making authority, making appropriations, and
2 providing penalties.

Analysis by the Legislative Reference Bureau

Under current law, the Department of Natural Resources (DNR) administers the laws regulating the operation and registration of all-terrain vehicles (ATVs) and utility terrain vehicles (UTVs). This bill establishes requirements for the operation and registration of off-highway motorcycles (OHMs) that are similar to the requirements that apply under current law to ATVs and UTVs. The bill defines an OHM as a motorcycle that is designed for off-highway operation, regardless of whether it is also designed for on-highway operation.

This bill requires DNR to develop, encourage, and supervise a system of OHM trails and routes in a similar manner to that existing under current law for ATV and UTV trails and routes. The bill defines an “OHM trail” to be a corridor on lands open to the public for recreational OHM use. The bill defines an “OHM route” to be a highway or sidewalk open to recreational OHM use. The bill allows DNR to establish standards and procedures for certifying the designation of OHM trails. As under current law applicable to ATV trails, this bill allows a county, city, village, or town (local governmental unit) or DNR to designate OHM routes and corridors through land that it owns or controls for use as OHM trails. Moneys for these OHM projects undertaken by DNR or local governmental units under this system, for enforcement of OHM laws, and for the safety grants as described below, are appropriated from the general fund. In providing funding for these projects, DNR must give priority to trails, routes, and other facilities that are open only for use by OHMs.

OHM registration and trail passes

This bill distinguishes OHMs that are registered by the Department of Transportation (DOT) from those that are not. The bill does not restrict the owner of an OHM from registering the OHM with DOT for highway use. However, if an owner wishes to operate an OHM off the highway, the owner must register the OHM with DNR and pay an annual registration fee. As to operation on OHM routes, the owner must register the OHM with DNR unless the OHM route is on a highway, as opposed to a sidewalk, and the OHM is registered with DOT. The owner of an OHM may register it with DNR for public use on trails and routes and other areas open for public use. The owner may register an OHM for private use if its use will be limited to operation for agricultural purposes and operation by the owner or a member of his or her family on land that is owned or leased by the owner or a family member. The fee for registration for private use is lower. The bill includes exemptions from this registration requirement which are similar to those exemptions under current law for ATVs and UTVs. The bill also requires a person who sells OHMs for a profit at retail to register with DNR as an OHM dealer. These registration fees are deposited in the transportation fund.

If a person will be operating an OHM off the highways, and the OHM is not registered with DNR, or is not exempt from DNR registration, the person must pay

SENATE BILL 395

a fee and be issued an annual nonresident trail pass by DNR in order to operate the OHM on an OHM trail or other corridor that is open to the public for the recreational use of OHMs.

OHM operation

The bill imposes various restrictions on the operation of limited use OHMs that are similar to those imposed on ATVs and UTVs. A limited use OHM is an OHM that is not registered by DOT for use on highways. Generally, limited use OHMs are not allowed on the roadway portion of a highway except as is necessary to cross the highway. They are also allowed on highways that are designated as OHM routes or that are only minimally maintained on a seasonal basis for regular motor vehicle traffic. The bill regulates the operation of OHMs on areas that are adjacent to roadways of highways, and imposes a speed limit when the OHM is within a specified distance of a dwelling, a person who is not operating a motorized vehicle, or a fishing shanty.

This bill creates an intoxicated operation law that applies to OHM routes, trails, and other off-highway places that are open to the recreational use of OHMs. Under the law, a person may not operate an OHM with an alcohol concentration of 0.08 or more. This bill requires an OHM operator to submit to certain screening tests if a law enforcement officer has probable cause to believe that the operator is operating the OHM under the influence of alcohol. These provisions are similar to the provisions in current law relating to the operation of an ATV or UTV while under the influence of an intoxicant.

Under this bill, a person need not have an operator's license issued by DOT in order to operate an OHM off the highways and need not carry liability insurance on the OHM. With limited exceptions, a person riding on an OHM must wear a helmet when riding off the highways unless he or she is at least 18 years old.

OHM operation; age restrictions

Under this bill, a person under the age of 12 may not operate an OHM on a highway under any circumstance and may operate an OHM off a highway only if he or she is under continuous verbal direction or control of a parent or guardian or of an adult who has been designated by the parent or guardian. Also, under the bill, anyone who is at least 12 of age and who was born after January 1, 1998, must hold a valid safety certificate issued upon completion of the safety instruction program described below. These age restrictions do not apply to the operation of OHMs on private property if the property owner has given consent and does not hold out the property to the public for OHM use.

This bill requires DNR to establish a safety certification program on OHM laws and related subjects and to issue certificates to persons who successfully complete the program. These requirements are similar to the requirements that apply under current law concerning programs of instruction for operators of ATVs and UTVs.

No person who rents limited use OHMs to the public (OHM renter) may rent a limited use OHM to a person under 12 years of age. Also, an OHM renter may not rent a limited use OHM without first making sure that any person under the age of 18 who will be on the OHM has a motorcycle helmet that meets federal standards.

SENATE BILL 395***OHM safety grant program***

This bill requires DNR to establish a program to award grants to organizations that promote the operation of OHM vehicles in a manner that is safe and responsible and that does not harm the environment. An organization that receives a grant under this program must use the grant moneys to promote and provide support to the safety certification program on OHM laws.

Off-highway motorcycle council

The bill creates the Off-Highway Motorcycle Council (council), consisting of five members who must be members of OHM clubs. The bill authorizes the council to make recommendations to DNR on matters relating to OHM trails and routes and on other matters relating to the operation of OHMs.

For further information see the ***state and local*** fiscal estimate, which will be printed as an appendix to this bill.

20 off-highway motorcycle use.

21 4. Operate the off-highway motorcycle on public property that is posted as
22 closed to off-highway motorcycle operation or on which the operation of an
23 off-highway motorcycle is prohibited by law.

SENATE BILL 395

6 7. Operate the off-highway motorcycle at a speed exceeding 10 miles per hour,

10 8. Operate the off-highway motorcycle on the frozen surface of public waters
11 or on an off-highway motorcycle trail at a speed exceeding 10 miles per hour or

14 off-highway motorcycle, or a snowmobile.

15 9. Operate the off-highway motorcycle to drive or pursue any animal except as
16 part of normal farming operations involving livestock.

17 10. Operate the off-highway motorcycle in a manner which violates rules
18 promulgated by the department. This subdivision does not authorize the

20 more stringent than a speed restriction specified under this paragraph.

21 (b) The speed restrictions under par. (a) 6. and 8. do not apply to a race or derby
22 sponsored by a local governmental unit, by an off-highway motorcycle association,
23 or by a similar organization that is approved by a local governmental unit if the
24 sponsor of the race or derby marks the race or derby route or track to warn spectators
25 from entering the route or track.

SENATE BILL 395**SECTION 10**

1 (c) 1. The distance restriction under par. (a) 8. does not apply to persons who
2 are assisting in directing a race or derby sponsored by a local governmental unit, by
3 an off-highway motorcycle association, or by a similar organization that is approved

7 off-highway motorcycle, or snowmobile gives his or her consent to have the person
8 operating the off-highway motorcycle at a closer distance.

9 **(10) OPERATION ON HIGHWAYS; LIMITED USE MOTORCYCLES.** (a) *Generally.* No
10 person may operate a limited use off-highway motorcycle on the roadway portion of
11 any highway unless one of the following applies:

12 1. Operation on the roadway is necessary to cross the roadway. The crossing
13 of a roadway is authorized only if the crossing is done in the most direct manner
14 practicable, if the crossing is made at a place where no obstruction prevents a quick
15 and safe crossing, and if the operator stops the limited use off-highway motorcycle
16 prior to entering the crossing and yields the right-of-way to any other vehicles,
17 pedestrians, or electric personal assistive mobility devices that are using the
18 roadway.

19 2. Operation on the roadway is necessary to cross a bridge, culvert, or railroad
20 right-of-way. The crossing of a bridge, culvert, or railroad right-of-way is not

3 2m. Operation is on the roadway or shoulder for the purpose of crossing a bridge
4 that is 1,000 feet in length or less if the operation is in compliance with a county
5 ordinance adopted under sub. (21) (am) that applies to that bridge and a city, village,
6 or town ordinance adopted under sub. (21) (am) that applies to that bridge.

7 3. Operation is on a roadway which is not maintained, or is only minimally
8 maintained, on a seasonal basis for motor vehicle traffic. Such operation is
9 authorized only during the seasons when no maintenance occurs and only if the
10 roadway is not officially closed to off-highway motorcycle traffic.

11 4. Operation is on a roadway that is an off-highway motorcycle route. Such
12 operation is authorized only for the extreme right side of the roadway except that left
13 turns may be made from any part of the roadway which is safe given prevailing
14 conditions.

15 5. The operator of the limited use off-highway motorcycle is a person who holds
16 a Class A permit or a Class B permit under s. 29.193 (2) and who is traveling for the
17 purpose of hunting or is otherwise engaging in an activity authorized by the permit.

18 6. The limited use off-highway motorcycle is registered for private use under
19 sub. (3) and is being used exclusively as an implement of husbandry or for
20 agricultural purposes. Such operation is authorized only for the extreme right side
21 of the roadway except that left turns may be made from any part of the roadway
22 which is safe given prevailing conditions.

7 off-highway motorcycle event that may result in any street, or part thereof, of the
8 local governmental unit being blocked off.

9 (c) *Freeways.* No person may operate a limited use off-highway motorcycle on
10 any part of any freeway which is a part of the federal system of interstate and defense

19 roadway.

20 2. A person may operate an off-highway motorcycle adjacent to a roadway of
21 a U.S. numbered highway, a state highway, or a county highway that is designated
22 an off-highway motorcycle route or an off-highway motorcycle trail provided that
23 the operation occurs at a distance of 10 or more feet from the roadway or such greater

6 of the following applies:

7 a. The off-highway motorcycle is being operated during hours of daylight.

8 b. The off-highway motorcycle is being operated during hours of darkness and
9 the off-highway motorcycle route or off-highway motorcycle trail is located at least

19 the person has an alcohol concentration of 0.08 or more.

20 2m. No person may engage in the operation of an off-highway motorcycle while

6 incident or occurrence, there shall be a single conviction for purposes of sentencing
7 and for purposes of counting convictions under sub. (23) (c) 2. and 3. Subdivisions
8 1., 2., and 2m. each require proof of a fact for conviction which the others do not
9 require.

10 5. In an action under subd. 2m. that is based on the defendant allegedly having
11 a detectable amount of methamphetamine, gamma-hydroxybutyric acid, or
12 delta-9-tetrahydrocannabinol in his or her blood, the defendant has a defense if he
13 or she proves by a preponderance of the evidence that at the time of the incident or
14 occurrence he or she had a valid prescription for methamphetamine or one of its
15 metabolic precursors, gamma-hydroxybutyric acid, or
16 delta-9-tetrahydrocannabinol.

17 (b) *Operation causing injury.* 1. No person while under the influence of an
18 intoxicant to a degree which renders him or her incapable of safe operation of an
19 off-highway motorcycle may cause injury to another person by the operation of an

5 under s. 971.12. If the person is found guilty of any combination of subd. 1., 2., or 2m.
6 for acts arising out of the same incident or occurrence, there shall be a single
7 conviction for purposes of sentencing and for purposes of counting convictions under
8 sub. (23) (c) 2. and 3. Subdivisions 1., 2., and 2m. each require proof of a fact for
9 conviction which the others do not require.

10 4. In an action under this paragraph, the defendant has a defense if he or she
11 proves by a preponderance of the evidence that the injury would have occurred even
12 if he or she had been exercising due care and even if he or she had not been under
13 the influence of an intoxicant to a degree which rendered him or her incapable of safe
14 operation, did not have an alcohol concentration of 0.08 or more, or did not have a
15 detectable amount of a restricted controlled substance in his or her blood.

16 5. In an action under subd. 2m. that is based on the defendant allegedly having
17 a detectable amount of methamphetamine, gamma-hydroxybutyric acid, or
18 delta-9-tetrahydrocannabinol in his or her blood, the defendant has a defense if he
19 or she proves by a preponderance of the evidence that at the time of the incident or
20 occurrence he or she had a valid prescription for methamphetamine or one of its
21 metabolic precursors, gamma-hydroxybutyric acid, or
22 delta-9-tetrahydrocannabinol.

22 enforcement officer requested the person to provide this sample.

23 2. A law enforcement officer may use the results of a preliminary breath
24 screening test for the purpose of deciding whether or not to arrest a person for a
25 violation of the intoxicated operation of an off-highway motorcycle law or for the

2 Following the preliminary breath screening test, chemical tests may be required of
3 the person under par. (f).

4 3. The result of a preliminary breath screening test is not admissible in any
5 action or proceeding except to show probable cause for an arrest, if the arrest is

22 b. That a refusal to provide a sample or to submit to a chemical test constitutes
23 a violation under par. (h) and is subject to the same penalties and procedures as a
24 violation of par. (a) 1.

SENATE BILL 395**SECTION 10**

1 c. That in addition to the designated chemical test under par. (g) 2., he or she
2 may have an additional chemical test under par. (g) 4.

3 3. A person who is unconscious or otherwise not capable of withdrawing

13 into agreements for the cooperative use of test facilities.

14 2. A test facility shall designate one chemical test of breath, blood, or urine
15 which it is prepared to administer first as the primary test for the purpose of
16 authorized analysis.

17 3. A test facility shall designate another chemical test of breath, blood, or urine,

20 4. If a person is arrested for a violation of the intoxicated operation of an
21 off-highway motorcycle law or is the operator of an off-highway motorcycle involved
22 in an accident resulting in great bodily harm to or the death of someone and if the
23 person is requested to provide a sample or to submit to a test under par. (f) 1., the

10 may request the test facility to administer the chemical test designated under subd.
11 2. or the additional chemical test designated under subd. 3.

12 6. A test facility shall comply with a request under this paragraph to
13 administer any chemical test it is able to perform.

14 7. The failure or inability of a person to obtain a chemical test at his or her own
15 expense does not preclude the admission of evidence of the results of a chemical test
16 required and administered under this paragraph or par. (f).

17 8. A chemical test of blood or urine conducted for the purpose of authorized
18 analysis is valid as provided under s. 343.305 (6). The duties and responsibilities of
19 the laboratory of hygiene, department of health services, and department of
20 transportation under s. 343.305 (6) apply to a chemical test of blood or urine

12 (h) *Chemical tests; refusal.* No person may refuse a lawful request to provide

14 chemical tests under par. (f). A person shall not be considered to have refused to
15 provide a sample or to submit to a chemical test if it is shown by a preponderance of
16 the evidence that the refusal was due to a physical inability to provide the sample
17 or to submit to the test due to a physical disability or disease unrelated to the use of
18 an intoxicant. Issues in any action concerning violation of par. (f) or this paragraph
19 are limited to the following:

20 1. Whether the law enforcement officer had probable cause to believe the
21 person was violating or had violated the intoxicated operation of an off-highway

9 intoxicated operation of an off-highway motorcycle law on the issue of whether the
10 person was under the influence of an intoxicant or the issue of whether the person
11 had alcohol concentrations at or above specified levels or a detectable amount of a
12 restricted controlled substance in his or her blood. Results of these chemical tests
13 shall be given the effect required under s. 885.235. Paragraphs (f) to (h) do not limit
14 the right of a law enforcement officer to obtain evidence by any other lawful means.

15 (j) *Report of arrest to department.* If a law enforcement officer arrests a person
16 for a violation of the intoxicated operation of an off-highway motorcycle law or the
