## 2017 SENATE BILL 30

February 8, 2017 - Introduced by JOINT COMMITTEE ON FINANCE, by request of Governor Scott Walker. Referred to Joint Committee on Finance.

1     **AN ACT relating to:** state finances and appropriations, constituting the  
2             executive budget act of the 2017 legislature.

---

*Analysis by the Legislative Reference Bureau*

**INTRODUCTION**

This bill is the “executive budget bill” under section 16.47 (1) of the statutes. It contains the governor’s recommendations for appropriations for the 2017-2019 fiscal biennium.

The bill repeals and recreates the appropriation schedule in chapter 20 of the statutes, thereby setting the appropriation levels for the 2017-2019 fiscal biennium. The descriptions that follow relate to the most significant changes in the law that are proposed in the bill. In most cases, changes in the amounts of existing spending authority and changes in the amounts of bonding authority under existing bonding programs are not discussed.

For additional information concerning this bill, see the Department of Administration’s publication *Budget in Brief* and the executive budget books, the Legislative Fiscal Bureau’s summary document, and the Legislative Reference Bureau’s drafting files, which contain separate drafts on each policy item.

**GUIDE TO THE BILL**

As is the case for all other bills, the sections of the budget bill that affect statutes are organized in ascending numerical order of the statutes affected.

Treatments of prior session laws (styled “laws of [year], chapter ...” from 1848 to 1981, and “[year] Wisconsin Act ...” beginning with 1983) are displayed next by year of original enactment and by act number.

**AGRICULTURE**

This bill changes the amount of license fees and agricultural chemical cleanup surcharges that manufacturers and distributors of fertilizer and of soil or plant additives, manufacturers and labelers of pesticides, dealers and distributors of restricted-use pesticides, and commercial applicators of pesticides are required to pay to DATCP, and provides that many of these fees are reduced depending on the amount available in the agricultural chemical cleanup fund. The bill also requires a licensed pesticide manufacturer or labeler who stops selling or distributing a pesticide to pay a final license fee and a final agricultural chemical cleanup surcharge, and changes the amount of each license fee received from a pesticide manufacturer or labeler that is deposited into the environmental fund. The bill also eliminates the requirement that a pesticide manufacturer or labeler pay an environmental cleanup surcharge for certain pesticide products intended for use on wood, and creates a reduced feed inspection fee and weights and measures inspection fee for licensed commercial feed distributors who distribute less than 200 tons of commercial feed per year. In addition, the bill eliminates the classification of an “exempt buyer,” which under current law allows certain licensed commercial feed manufacturers or distributors to claim credits against certain required inspection fees. The bill also increases the maximum amount of corrective action costs, incurred in response to a harmful discharge of an agricultural chemical, that may be incurred while still remaining eligible for a 75 percent reimbursement from DATCP.

This bill repeals the farm to school program, under which DATCP promotes programs that connect schools with nearby farms to provide children with locally produced foods in school meals, and eliminates the farm to school council, which advises DATCP and reports to the legislature about the needs and opportunities for farm to school programs.

This bill increases the general obligation bonding authority for the Soil and Water Resource Management Program, which awards grants to counties to help fund their land and water conservation activities, by \$7,000,000. The bill also requires

**SENATE BILL 30**

DATCP and DNR, when preparing their annual grant allocation plan for making these grants, to consider the existence of any impaired water bodies or agricultural enterprise areas, and to give priority to projects that are in or near, or that affect, those areas.

This bill transfers the Agricultural Education and Workforce Development Council from DATCP to DWD and adds the secretary of workforce development as a member of the council's executive committee. In addition, the bill requires the Veterinary Examining Board to create, by rule, a procedure for addressing allegations that a licensed veterinarian's or veterinary technician's ability to practice is impaired by alcohol or other drugs.

**COMMERCE AND ECONOMIC DEVELOPMENT****ECONOMIC DEVELOPMENT**

This bill makes several changes to the appropriations for WEDC, including capping WEDC's expenditure of general purpose revenue at \$12,474,000 in fiscal year 2017-18 and \$18,774,000 in each fiscal year thereafter and requiring that the balance in the appropriation from the economic development fund for WEDC's operations and programs be \$0 before WEDC may expend moneys from its general purpose revenue appropriation for that purpose.

This bill repeals the prohibition that, with one exception, WEDC may not originate any new loan after June 30, 2017. Instead, the bill places the following limitations on each loan WEDC originates after that date:

1. With one exception, the loan must be funded, not from appropriations, but only from repayments to WEDC of other loans.
2. The loan may not be forgivable upon the loan recipient's achievement of one or more conditions or goals.

The bill also requires each new lending program WEDC implements or administers to adhere as closely as practicable to commonly accepted commercial lending practices.

Under this bill, WEDC may cancel the designation of an enterprise zone if WEDC revokes all of the certifications for tax benefits within that zone. After WEDC cancels a designation, WEDC may designate a new enterprise zone. The bill also provides that if a current enterprise zone expires after 12 years, as required under current law, WEDC may designate a new enterprise zone.

This bill specifies that WEDC may certify no more than \$10,000,000 of tax credits under the historic rehabilitation tax credit each year. The bill also requires that the tax credits be awarded competitively, based on the potential to create jobs, the benefit to the state of certifying the credit relative to the cost of the credit, the projected impact on the local economy, the likelihood that the activity would occur without the credit, and the number of historic rehabilitation tax credits certified in the same county or municipality in prior years. In addition, the bill provides that if the activity for which the person claims a credit creates fewer full-time jobs than projected, as reported to DOR, the person must repay to DOR the amount of the credit claimed in proportion to the number of full-time jobs created compared to the number of full-time jobs projected.

**SENATE BILL 30**

This bill provides that WEDC must provide at least \$500,000 in grants in each of the fiscal years 2017-18 and 2018-19 through its grant program for fabrication laboratories.

Under current law, WEDC may certify a business as a qualified new business venture if, among other requirements, for taxable years beginning after December 31, 2010, the business has not received more than \$8,000,000 in investments that qualified for tax credits under the early stage seed investment program. This bill raises that threshold to \$12,000,000 for taxable years beginning after December 31, 2016.

**BUSINESS ORGANIZATIONS AND FINANCIAL INSTITUTIONS**

This bill specifies one-hour and four-hour expedited processing fees for business entity filings with DFI. Under current law, DFI establishes all expedited processing fees by rule.

**CORRECTIONAL SYSTEM****ADULT CORRECTIONAL SYSTEM**

This bill eliminates the parole commission as of January 1, 2018, and transfers to DOC the responsibility for interviewing inmates who are eligible for parole, making parole decisions, and determining appropriate programming for inmates seeking to be paroled. Under current law, a person who is convicted of committing a crime before December 31, 1999, may become eligible for parole after being confined in prison, a county house of corrections, or certain other facilities for a portion of his or her sentence for the crime. When he or she becomes eligible for parole, an eight-member parole commission within DOC consisting of a chairperson nominated by the governor and seven commission members appointed by the chairperson handles parole matters.

This bill directs the Legislative Audit Bureau to conduct a study of the policies and procedures of DOC and the Division of Hearings and Appeals in DOA for the probation and parole revocation process.

**JUVENILE CORRECTIONAL SYSTEM**

This bill increases from 16 to 18 the age under which a person who is sentenced to the Wisconsin state prisons must be placed at a juvenile correctional facility or a secured residential care center for children and youth, unless DOC determines based on various factors that placement in a state prison, other than the Wisconsin Secure Program Facility, is appropriate.

This bill changes the amounts that DOC charges, or that DCF deducts from allocations, to counties for the costs of certain juvenile correctional services DOC provides according to per person daily cost assessments (daily rates). The bill establishes the following daily rates:

1. For fiscal year 2017-18, the daily rate is \$344 for care in a Type 1 juvenile correctional facility, and \$344 for care for juveniles transferred from a juvenile correctional institution.

2. For fiscal year 2018-19, the daily rate is \$352 for care in a Type 1 juvenile correctional facility, and \$352 for care for juveniles transferred from a juvenile correctional institution.

**SENATE BILL 30****COURTS AND PROCEDURE****PUBLIC DEFENDER**

This bill consolidates several appropriations to the Office of the State Public Defender into one general appropriation to cover all operational costs of the Office of the State Public Defender. The bill also allows the Public Defender Board to request authorization for certain additional full-time or part-time positions to be funded from general purpose revenues from the governor rather than from JCF.

**OTHER COURTS AND PROCEDURE**

This bill also authorizes the Joint Committee on Employment Relations to review and establish annual salaries for judges and justices under a proposal submitted by the director of state courts. Under current law, annual salaries for judges and justices are reviewed and established in the state compensation plan in the same manner as positions in the state classified service.

This bill moves the appropriations for administering the Judicial Commission to the Supreme Court. Under current law, the Judicial Commission investigates any misconduct or permanent disability of a judge or court commissioner. The Supreme Court reviews and determines the appropriate discipline or action to take in response to the Judicial Commission's investigation.

Generally under current law, when a petition is filed for judicial review of an agency action, the agency must provide the court with a typewritten or printed record of the agency's administrative proceeding. The bill allows the Division of Hearings and Appeals to instead provide a court with a copy of an audio or video recording of the proceeding, unless the court orders the preparation of a transcript.

This bill eliminates the Judicial Council and its appropriations.

**EDUCATION****PRIMARY AND SECONDARY EDUCATION**

This bill modifies the Youth Options Program, under which a pupil enrolled in a public school may take one or more courses at an institution of higher education for high school or postsecondary credit, and renames the program to be the Early College Credit Program.

Under the current Youth Options Program, any pupil in the 11th or 12th grades may apply to an institution of higher education to take one or more courses at the institution. If the course satisfies high school graduation credits and is not comparable to a course offered by the school district, the school board must pay the institution of higher education on behalf of the pupil. If the course is comparable to a course offered by the school district or is taken for postsecondary credit, the pupil is responsible for paying for the course.

This bill opens the ECCP to pupils in all high school grades, and explicitly authorizes a pupil to participate in the ECCP in a summer session or semester. The bill also changes the method for determining the cost of a college course, assigns a certain portion of the cost to the state, and specifies the maximum cost to be paid by the school board, the state, and, for a course taken only for postsecondary credit, by the pupil. In addition, the bill directs DWD to pay the state's portion of the cost of

**SENATE BILL 30**

tuition. Finally, the bill requires an institution of higher education to admit a pupil under the program if certain conditions are met.

This bill also restores the part-time Open Enrollment Program to its status prior to the enactment of the 2013-15 Biennial Budget Act (2013 Act 20). Prior to the enactment of 2013 Act 20, a high school pupil could, under the part-time Open Enrollment Program, apply to take one or two courses at a public school located outside the pupil's school district of residence under certain circumstances. Under the part-time OEP, the pupil's resident school board was required to pay to the nonresident school board an amount equal to the cost of providing the course to the pupil, as determined by DPI. Also under the part-time OEP, the resident school board could reject the pupil's application if either of the following applied: 1) the resident school board determined that the course conflicted with the pupil's individualized education program; or 2) the cost of paying for the pupil to attend the course would impose an undue financial burden on the resident school district.

This bill requires DPI to include in the annual accountability reports prepared for schools and school districts additional information about high school pupils, including the number of pupils attending a course through the part-time OEP or ECCP programs, the number of pupils participating in a youth apprenticeship, and the number of pupils earning industry-recognized credentials.

This bill eliminates various requirements that apply to school boards, including 1) that a school board annually schedule a minimum number of hours of direct pupil instruction; 2) that a school board hold a monthly regular school board meeting; 3) that a school board not enter into an employment contract with a school administrator for a term that exceeds two years; and 4) that a school district clerk submit a statement of the school district's indebtedness to the secretary of state, upon request.

This bill allows a school board to contract with one or more school boards to satisfy the school board's obligations to provide a variety of services and programs, including providing instruction on lifesaving skills, providing emergency nursing services and guidance and counseling services, establishing a bilingual-bicultural education program, establishing a technical preparation program in each high school in the school district, ensuring access to programs for gifted and talented pupils, designating a school attendance officer for the school district, and employing a certified reading specialist.

This bill eliminates the school district revenue limit adjustment for projects to implement energy efficiency measures or to purchase energy efficiency products, but permits a school district that adopted a resolution to initiate an energy efficiency project before the effective date of the bill to increase the school district revenue limit by the amount spent on the energy efficiency project in a school year for the remainder of the term of the bond, note, or trust fund loan.

This bill requires DWD to award a grant to a school district that partners with either the UW System or the flexible option program in the UW Extension to design and implement a teacher development program. The teacher development program must be designed to prepare school district employees who are not teachers to obtain a teaching permit or initial teaching license.

**SENATE BILL 30**

This bill eliminates the requirement that an individual who currently holds a valid and current initial teaching license, a professional teaching license, a master educator license, or an administrator license, issued by DPI, renew that license. In addition, the bill eliminates renewal requirements for licenses issued after the effective date of the bill. The bill makes no changes to the substantive requirements for initial licensure or to the conditions for revocation of these licenses. However, the bill does transfer responsibility for periodically conducting background checks on individuals who hold a license from DPI to the school board in which the individual is employed.

This bill allows a faculty member in the UW System, the TCS, or any private, nonprofit member of the Wisconsin Association of Independent Colleges and Universities to teach at a public high school without a license to teach issued by DPI if the faculty member is in good standing and possesses a bachelor's degree.

For a license to teach based on reciprocity and for an administrator's license based on reciprocity, this bill eliminates the requirement that an applicant must have received an offer to teach or to be an administrator in a school located in this state in order to qualify for the license.

This bill permits a school district to provide compensation to a student teacher for time spent in a classroom that involves direct interaction with pupils.

This bill provides additional per pupil aid of \$188 in the 2017-18 school year and \$380 in the 2018-19 school year and in each school year thereafter to a school district that certifies all of the following:

1. In the 2017-18 and 2018-19 school years, school district employees will be required to pay at least 12 percent of health care coverage costs.

2. The school district will distribute the additional per pupil aid to a school in the school district in an amount equal to the number of pupils enrolled in the school.

In addition, this bill requires DPI to increase the additional per pupil aid by \$12 in the 2017-18 school year and by \$24 in the 2018-19 school year if the Group Insurance Board executes a contract to provide self-insured group health plans to state employees for the 2018 and 2019 calendar years.

This bill makes certain additional school districts eligible for sparsity aid. Under current law, a school district is eligible for sparsity aid in the amount of \$300 per pupil if the school district's membership in the previous school year does not exceed 745 pupils and if the membership divided by the school district's area in square miles is less than ten. The bill increases the per pupil payment to \$400. Also under this bill, a school district with the same density of pupils per square miles and with a membership in the previous school year of more than 745 students but no more than 1,000 students is eligible for sparsity aid in the amount of \$100 per pupil.

This bill increases the reimbursement rate to school districts and independent charter school operators for transporting a pupil who lives more than 12 miles from the school the pupil attends from \$300 per school year to \$365 per school year; and increases the reimbursement rate to school districts for transportation to and from summer classes from \$4 to \$10 for a pupil who lives at least two miles but not more than five miles from the school the pupil attends and from \$6 to \$20 for a pupil who lives more than five miles from the school the pupil attends. The bill also eliminates

**SENATE BILL 30**

the requirement that DPI reduce the amount of state aid a charter school operator receives for transporting a pupil if the pupil is transported for less than a full school year because the pupil is not enrolled in the school district or independent charter school for the entire school year.

As part of the Technology for Educational Achievement program, known as TEACH, DOA awards information technology block grants for improving information technology infrastructure to school districts that have 13 pupils per square mile or less. Under current law, the information technology block grant program ends on July 1, 2017. This bill continues the information technology block grant program until July 1, 2019, and expands the permitted uses of grants under the program to include providing mobile hotspots on buses and purchasing mobile hotspots for individuals to borrow from schools. In addition, the eligibility for these grants in the 2017-18 school year is expanded to include school districts that have up to 26 pupils per square mile.

This bill requires DPI to develop, implement, and administer a program to award grants to school districts and independent charter schools for the purpose of collaborating with community mental health providers to provide mental health services to pupils.

This bill requires DPI to provide trainings on evidence-based strategies related to addressing mental issues in schools to school district personnel and independent charter school personnel. Under the bill, these trainings must include at least the following evidence-based strategies: screening, brief intervention, and referral to treatment, known as SBIRT; trauma sensitive schools; and youth mental health first aid.

This bill requires DPI to make payments to school districts and independent charter schools that increased the amount the school district or independent charter school spent to employ, hire, or retain social workers over the amount spent by the school district or independent charter school to employ, hire, or retain social workers in the immediately preceding school year.

This bill creates a grant program for public schools, including independent charter schools, and a private school participating in the Milwaukee Parental Choice Program that are located within the geographic boundaries of a first class city school district (currently, only the school district operating in the city of Milwaukee, Milwaukee Public Schools). Under the grant program, DPI provides awards to schools that were placed in a performance category of "significantly exceeds expectations" or "exceeds expectations" on the most recent accountability report and to schools that improved their score on the most recent accountability report by at least three points over the previous accountability report. In each school year, the bill prohibits DPI from making awards under the program until DOA approves award amounts calculated under the grant program. Finally, the bill requires a first class city school board to distribute any funds it receives under this grant program to the school administrator of the school that earned the award.

This bill requires the MPS school board to develop and implement a grant program to award grants to public schools, except independent charter schools, located in Milwaukee for the purpose of developing, redesigning, or implementing a

**SENATE BILL 30**

summer school program. Additionally, the bill requires DPI to annually distribute funding to the MPS board for this purpose.

This bill expands the entities to which DPI must award grants for the purpose of providing services and activities to gifted and talented pupils to include all school districts. Under current law, DPI is required to provide these grants to nonprofit organizations, cooperative educational service agencies, institutions in the UW System, and a school district operating in a first class city.

This bill creates a program in DPI to award grants to a nonprofit organization to provide training and an online bullying prevention curriculum to pupils in grades kindergarten to 8.

This bill explicitly authorizes DPI to request that DOA reimburse charter schools, including independent charter schools, charter schools under contract with the director of the Office of Educational Opportunity, and noninstrumentality charter schools, for certain costs incurred in connection with a special education program and the provision of special education and related services by the charter school. Current law allows DPI to reimburse school districts, cooperative educational service agencies, and county children with disabilities education boards for the same services under the same conditions.

This bill requires a private school participating in the Special Needs Scholarship Program to obtain verification that a child with a disability who has applied to attend the private school under the program has an Individualized Education Program or services plan in effect before notifying DPI that the private school intends to accept the application of the child. Under current law, DPI must verify that an IEP or services plan is in effect. The bill also allows an IEP team appointed by a nonresident school board to conduct a reevaluation of a child with a disability who is attending a private school under the program in the nonresident school district. Current law requires the IEP team appointed by the resident school board to reevaluate such a child. Finally, the bill permits the state superintendent of public instruction to bar a private school from participating in the program if the private school misrepresents information required under the program.

If the federal government permits entities other than public entities to receive federal funding for providing equitable services to children with disabilities who are enrolled by their parents in private schools, the bill requires an ombudsman designated by DPI to identify a private fiscal agent to receive such federal funding.

This bill makes the following changes to the Milwaukee parental choice program, the Racine parental choice program, and the statewide parental choice program:

1. Eliminates the requirement that a private school participating in a parental choice program must annually satisfy at least one of the following standards: a) at least 70 percent of the pupils in the program advance one grade level each year; b) the private school's average attendance rate for the pupils in the program is at least 90 percent; c) at least 80 percent of the pupils in the program demonstrate significant academic progress; or d) at least 70 percent of the families of pupils in the program meet parent involvement criteria established by the private school.

**SENATE BILL 30**

2. Eliminates the requirement that a private school participating in a parental choice program provide a minimum number of hours of direct pupil instruction.

3. Requires a private school participating in a parental choice program to conduct a background investigation of teachers and administrators who are currently employed by the private school and to conduct a background investigation of teachers and administrators hired after the date on which the bill is enacted as part of the hiring process. Additionally, the bill requires the private school to conduct an additional background investigation at least once every five years if a teacher or administrator continues to be employed by the private school.

4. Allows DPI to bar a private school from participating in a parental choice program in the current school year and the following school year for misrepresenting any information required under the program.

5. Prohibits DPI from requiring a private school participating in a parental choice program to submit an annual operating budget to DPI as evidence of the private school's fiscal and internal control practices or of its financial viability. The prohibition applies only if the private school is not a new private school and the private school is in good standing with DPI.

6. Allows an applicant for a parental choice program to receive directly from DOR a determination about the applicant's income eligibility for the parental choice program as part of the application process.

7. Requires a private school that is continuing to participate in a parental choice program to submit certain school policies at DPI's request, instead of submitting all of the policies to DPI each year as required under current law, and to provide to DPI only signatures of new members of its governing board, rather than signatures from all of the members of its governing body each year. For a private school that did not participate in a parental choice program in the previous year, the bill requires the private school to submit all of its policies and signatures from all of the members of its governing body to DPI by January 10 of the immediately preceding school year.

This bill eliminates the requirement that a virtual charter school ensure that its teachers are available to provide a minimum number of hours of direct pupil instruction and prohibits the governing body of a virtual charter school from allowing a pupil to start attending the virtual charter school during a semester in which the pupil has had four or more unexcused absences from school.

**HIGHER EDUCATION**

This bill requires the Board of Regents of the UW System to allocate a specified portion of its annual general purpose revenue funding to distribute among the UW institutions, which are the individual four-year universities and the two-year UW Colleges as a whole, based on their performance in the prior fiscal year regarding specified criteria. In each fiscal year, the Board of Regents must allocate \$21,250,000 of its annual general purpose revenue funding for making the distributions. However, if the Board of Regents does not begin making the distributions until fiscal year 2018-19, then, in that fiscal year, the Board of Regents must allocate \$42,500,000 of its general purpose revenue funding for the 2017-19 fiscal biennium for making the distributions.

**SENATE BILL 30**

This bill requires the following percentages of the portion allocated to be distributed according to an institution's performance regarding each of the following sets of criteria:

1. Thirty percent: length of time to obtain a degree; student participation in dual enrollment programs; percentage of students completing degrees within three, four, and six years; percentage of students awarded degrees in healthcare, science, technology, engineering, or mathematics; low-income student graduation rate; and faculty instructional hours.

2. Fifteen percent: average number of high-impact practices experienced by undergraduates and percentage of students who participated in internships during undergraduate enrollment.

3. Thirty percent: percentage of students who obtained full-time postgraduate employment; percentage of students who obtained full-time postgraduate employment in fields related to their degrees; percentage of the state workforce who graduated from the institution in the five prior fiscal years; percentage of students who are employed or continue their education within one year of graduation; and the number of degrees awarded in high-demand fields as determined by DWD.

4. Ten percent: minimization of expenditures for supplies, services, personnel, and other administrative expenses.

5. Five percent: number of state residents served by the UW-Extension or outreach programs at the institution and expenditures on noncredit student community service programs.

6. Ten percent: two additional criteria specified by the Board of Regents.

This bill requires the Board of Regents to establish formulas for distributing the above percentages among institutions based on their rankings regarding performance for each of the above sets of criteria. However, the Board of Regents must control for the number of students enrolled at each institution so that larger institutions are not advantaged over smaller institutions. In addition, the Board of Regents may substitute criteria for the UW Colleges or exempt the UW Colleges from a ranking and distribution. No later than January 1, 2018, the Board of Regents must submit a plan to the secretary of administration for making the distributions. The plan must include the method used for ranking performance. Within 30 days of receipt of the plan, the secretary of administration must approve the plan or require resubmittal. The bill prohibits the Board of Regents from implementing the plan until approved by the secretary.

Beginning in fiscal year 2018-19, this bill requires the Board of Regents to require each institution to prepare an annual "Performance Funding Report Card" that summarizes performance regarding the above criteria and other metrics. In addition, the Board of Regents must publish data regarding each institution's performance on the UW System Accountability Dashboard that the Board of Regents maintains on the UW System's Internet site.

This bill makes changes to performance funding requirements for technical college districts. Current law required the TCS Board to submit a plan to JCF by March 31, 2014, for allocating general state aid to technical college districts based on performance with respect to specified criteria. Upon approval by JCF, current law

**SENATE BILL 30**

required the TCS Board to allocate the general state aid among the districts so that, by fiscal year 2016-17, 30 percent of the aid was allocated according to the plan and 70 percent was allocated according to a formula for equalizing the aid based on district property values. Under current law, after fiscal year 2016-17, none of the aid is allocated according to the plan and 100 percent is allocated according to the equalization formula.

Under this bill, in fiscal year 2017-18, 30 percent of the aid is allocated according to the plan and 70 percent is allocated according to the equalization formula. For subsequent fiscal years, the bill requires the TCS Board to allocate 70 percent of the aid to technical college districts according to the equalization formula and to submit a new plan to the secretary of administration for allocating the following percentages of the aid based on a district's performance regarding the following sets of criteria, which are based on the criteria specified under current law:

1. Ten and one-half percent: participation in dual enrollment programs and the development and implementation of a policy to award course credit for educational experience and training not obtained through an institution of higher education.

2. Ten and one-half percent: student placement in jobs related to the students' programs of study; number of degrees and certificates awarded in high-demand fields, as jointly determined by DWD and the TCS Board; number of programs or courses with industry-validated curriculum; and workforce training provided to businesses and individuals.

3. Six percent: number of adults served by specified basic adult education, skills, and training courses and the success rate of adult students completing the courses; transition of adult students from basic education to skills training; and training and other service provided to special populations or demographic groups that are unique to a technical college district.

4. Three percent: participation in statewide or regional collaboration of efficiency initiatives.

This bill requires the TCS Board to submit the above plan to the secretary of administration by March 31, 2018. The TCS Board may not implement the plan unless approved or modified by the secretary of administration. Beginning in fiscal year 2018-19, the bill requires the TCS Board to submit an annual report to the secretary of administration regarding the allocations made under the plan and district performance regarding the criteria. The bill also requires each technical college district to prepare an annual "Performance Funding Report Card" that summarizes district performance with respect to the above criteria.

This bill requires the TCS Board to submit an accountability report by December 31 of each year to the governor and the legislature. The report must include information regarding the following: 1) graduation rates and related data; 2) postgraduation state residency of students; 3) the number of degrees, diplomas, and certificates awarded in high-demand fields; 4) financial reports; 5) student family income and minority group membership; 6) student transfers; 7) costs for resident students; 8) the collegiate transfer program; 9) faculty profiles; 10) partnerships and collaborative relationships among technical colleges, employers,

**SENATE BILL 30**

state or local governments, or school districts; and 11) incentive grants made under current law. specified under current law.

In academic years 2017-18 and 2018-19, this bill prohibits technical college district boards from charging fees to resident students for liberal arts, collegiate transfer, postsecondary, or vocational-adult programs that exceed the fees charged in the 2016-17 academic year. In those same academic years, the bill also prohibits the boards from charging materials fees to any student that exceed the fees charged in the 2016-17 academic year. In addition, the bill allows technical college district boards to charge students who reside in their districts uniform program and material fees that are less than the uniform fees established by the TCS Board.

This bill makes payment by students of allocable segregated fees at UW schools optional. The bill defines "allocable segregated fees" as segregated fees that provide substantial support for campus student activities and that students are responsible for allocating, in consultation with the school's chancellor and subject to confirmation of the Board of Regents.

This bill prohibits four-year UW schools from awarding a bachelor's degree to a student unless the student has had an internship experience or work experience. The Board of Regents must establish policies for determining whether a student has satisfied this internship or work requirement.

This bill requires the Board of Regents and the TCS Board to enter into an agreement that, beginning in the 2018-19 academic year, ensures that not fewer than 60 core general education course credits are transferable within and between each UW school and technical college. Current law required such an agreement for 30 credits beginning in the 2014-15 academic year. As under current law, the bill requires the two boards to ensure that in-state tribally controlled colleges and certain private schools have an opportunity to participate in the agreement. The bill also requires the Board of Regents to measure the effectiveness of policies the board has established under current law for the appropriate transfer of credits between institutions within the system. In addition, the bill requires the board to submit a report to the legislature that describes any barriers to credit transferability.

This bill requires each university in the UW System to submit statements to the Board of Regents regarding completion of majors for baccalaureate degrees within three academic years. By January 1, 2018, the bill requires a university to submit statements for at least 10 percent of its baccalaureate degree programs. By June 30, 2020, the bill requires a university to submit statements for at least 60 percent of such programs. Upon submitting a statement, a university must post the statement on the university's Internet site. The Board of Regents must provide copies to the state superintendent of public instruction for further distribution. The bill also requires the Board of Regents and UW-Madison chancellor to include information about baccalaureate degrees awarded within three academic years in annual accountability reports that must be submitted to the governor and legislature under current law.

This bill requires the Board of Regents to develop and implement a plan no later than January 1, 2018, that includes specified policies for each institution within the UW System, including UW-Madison, for monitoring faculty and instructional

**SENATE BILL 30**

academic staff teaching workloads. The plan must also include policies for rewarding faculty and instructional academic staff who teach more than a standard academic load. The Board of Regents and the chancellor of UW-Madison must revise their personnel systems and employment relation policies and practices as necessary to be consistent with the plan. In addition, the Board of Regents and UW-Madison chancellor must include aggregate data on faculty and instructional academic staff teaching hours in annual accountability reports required under current law. The Board of Regents must also publish the aggregate data on the accountability dashboard on the UW System's Internet site and provide links to individual faculty and academic staff member teaching hours on that dashboard.

This bill makes a change to the residency requirement for the fee remission program for veterans' spouses and children at UW schools and technical colleges. Under the bill, this fee remission program for a veteran's spouse and children applies if the veteran was not a resident of this state when he or she entered the armed forces but resided in this state for at least five consecutive years immediately preceding registration at a UW school or technical school.

This bill requires the Board of Regents and each UW school to be committed to freedom of expression and inquiry and to protect and promote this freedom for members of the UW System's community.

This bill transfers responsibility for leases of real property occupied by the Board of Regents for use as student housing from DOA to the Board of Regents.

During the 2017-19 fiscal biennium, this bill prohibits the Board of Regents from using the procedure for state agencies to supplement their budgets from compensation reserves.

This bill eliminates the Educational Approval Board and transfers all of its functions to DSPS.

Under this bill, the College Savings Program Board, which administers the EdVest program, is an agency attached to DFI instead of being attached to DOA.

**OTHER EDUCATIONAL AND CULTURAL AGENCIES**

This bill requires SHS to operate the Circus World Museum. Current law allows SHS, which owns the museum, to enter into a lease with the Circus World Museum Foundation, Inc., to operate the museum. The bill eliminates SHS's authority to enter into that lease and provides that, if a lease is in effect on the bill's effective date, the lease terminates on January 1, 2018, or the termination date specified in the lease, whichever is earlier. Also, for individuals employed by the foundation when the lease terminates, the bill requires SHS to offer employment to those individuals, but only if vacant authorized or limited term positions are available and SHS has funding for those positions.

**EMPLOYMENT**

Generally, under current law, certain workers employed on the site of projects of public works 1) must be paid the prevailing wage rate, as determined under the federal Davis-Bacon Act; and 2) may not be required or permitted to work more than 10 hours per day and 40 hours per week, unless they are paid overtime pay for all excess hours. The prevailing wage laws include two separate laws: one applies to certain projects of public works to which the state is a party (state prevailing wage

**SENATE BILL 30**

law), and one applies to projects under a contract based on bids to which the state is a party for the construction or improvement of highways (highway prevailing wage law). This bill eliminates the state prevailing wage law and the highway prevailing wage law.

Under current law, the Labor and Industry Review Commission (LIRC) reviews administrative decisions of DWD relating to unemployment insurance (UI) and discrimination in employment or in equal enjoyment of places of public accommodation (discrimination) and reviews administrative decisions of the Division of Hearings and Appeals relating to worker's compensation. Review by LIRC is a prerequisite to any judicial review. This bill eliminates LIRC and instead provides for administrative review of administrative decisions relating to worker's compensation by the administrator of the Division of Hearings and Appeals and provides for administrative review of administrative decisions relating to UI and discrimination by the respective administrator of the division in DWD that administers the law in question.

This bill creates statutory offers of settlement procedures for resolving complaints involving violations of the state fair employment law, family and medical leave law, or organ and bone marrow donation law. The bill allows the parties to such complaints to make settlement offers to resolve claims and, in cases where a settlement offer is declined, provides for cost and fee shifting or interest depending on whether the complainant receives a more favorable award than what was included in the settlement offer.

This bill allows DWD, as part of its workforce training program, commonly referred to as the Fast Forward Program, to award grants for any of the following:

1. Projects to provide high school students with industry-recognized certifications in high-demand fields.
2. Programs that train teachers and that train individuals to become teachers, including teachers in dual enrollment programs.
3. Partnerships designed to improve workforce retention through employee support and training.
4. Increasing the number of students who are placed with employers for internships.
5. A nursing training program for middle school and high school students.

In addition, this bill requires DWD to allocate at least \$5,000,000 in fiscal year 2017-18 for grants to technical colleges for workforce training programs and at least \$1,500,000 in the fiscal biennium for the grants described above related to nursing credentials and allows DWD to allocate up to \$1,000,000 to fund grants for the creation and operation of mobile classrooms to provide job skills training to individuals in underserved areas of this state, including inmates at correctional facilities who are preparing for reentry into the workforce. The bill also allows DWD to allocate up to \$50,000 in each fiscal year to fund the upkeep and maintenance of those mobile classrooms.

Under current law, the testimony at a hearing held under the worker's compensation law must be taken down by a stenographic reporter or, if there is an

**SENATE BILL 30**

emergency, recorded by a recording machine. The bill allows the testimony to be recorded by a recording machine regardless of whether there is an emergency.

This bill requires DWD to designate an employee to serve as an apprenticeship coordinator to expand and streamline apprenticeship program offerings for inmates in correctional facilities.

This bill requires DWD to allocate \$50,000 for the purpose of conducting a study regarding the feasibility of establishing a program, using a social impact bond model, to assist claimants for unemployment insurance benefits by offering them mobility grants to relocate to areas with more favorable employment opportunities.

**ENVIRONMENT****WATER QUALITY**

Under current law, a person operating a public water supply system must prepare a water supply plan, approved by DNR, that shows the proposed water supply service areas and an assessment of the environmental and economic impacts of carrying out the water supply plan, along with other information. If the planning area is within an area for which an areawide water quality planning agency has been designated, the agency is responsible for designating the proposed water supply service area in the water supply plan. This bill provides that the Great Lakes - St. Lawrence River Basin Water Resources Council may designate, in a water supply plan, the water supply service area for a public water supply system making a withdrawal from the Great Lakes basin. Under the bill, water supply service areas designated by the council do not need to be consistent with the approved areawide water quality management plan for the planning area.

This bill also requires DNR and DATCP to conduct a study and make recommendations on transferring the regulation of concentrated animal feeding operations (CAFOs) from DNR to DATCP and to submit a joint report to the governor, JCF, and appropriate standing committees of the legislature by December 31, 2018, stating whether DATCP may act as the federal EPA's delegated agent in regulating CAFOs, whether improvements would result from the transfer, and whether the transfer would have a financial impact on the water pollutant discharge elimination system (WPDES) permit program. If the departments recommend the transfer, the departments must also recommend in the report an effective date for the transfer and the number of positions and funding to be transferred and must describe how rules that have already been promulgated by DNR and DATCP will be affected.

In addition, this bill lowers the interest rate for certain loans for projects to control water pollution, provided under the Clean Water Fund Program for the 2017-19 biennium or later, from 70 percent of the market interest rate to 55 percent of the market interest rate. This bill also eliminates the financial hardship assistance program under the Clean Water Fund Program and modifies the requirements for municipalities to receive low-interest loans under the Clean Water Fund Program. Under current law, a municipality may obtain financial hardship assistance, in the form of a grant or a loan at a lowered interest rate, for certain water quality projects if 1) the median household income in the municipality is 80 percent or less of the median household income in this state; and 2) the estimated annual wastewater treatment charges per residential user in the municipality exceeds 2

**SENATE BILL 30**

percent of the median household income in the municipality. Under the bill, if a municipality has a population of less than 1,000 and the median household income in the municipality is 65 percent or less of the median household income in this state, the municipality is eligible for an interest-free loan under the Clean Water Fund Program. If a municipality has a population of less than 10,000 and the median household income in the municipality is 80 percent or less of the median household income in this state, the municipality is eligible for a clean water fund loan at 33 percent of the market interest rate.

This bill also allows moneys in the environmental fund that have been received for the purpose of environmental management to be considered to have been received for debt service payments for certain nonpoint source water pollution abatement projects, in the amount of \$3,152,500 in each fiscal year. In addition, the bill expands the purposes for which money from the environmental improvement fund may be used to include general program operation costs and administration costs for the water pollutant discharge elimination system permitting program.

This bill also eliminates the requirement that DNR allocate \$500,000 in each fiscal year for contracts for educational and technical assistance provided by the UW-Extension relating to the nonpoint source water pollution abatement program.

In addition, this bill increases the authorized general obligation bonding limit for DNR to provide financial assistance to local governmental units for constructing or modifying public water systems that facilitate compliance with national primary drinking water regulations by \$5,800,000.

This bill also increases the authorized general obligation bonding limit for DNR to fund nonpoint source water pollution abatement projects by \$5,900,000 and to provide financial assistance for projects that manage urban storm water and runoff and for flood control and riparian restoration projects by \$3,000,000 and for projects that increase dam safety, including projects to maintain, repair, or remove a dam, by \$4,000,000.

**HEALTH AND HUMAN SERVICES****PUBLIC ASSISTANCE**

Under current law, DCF is directed to allocate specific amounts of federal moneys, including child care development funds and moneys received under the Temporary Assistance for Needy Families (TANF) block grant program, in each fiscal year for various public assistance programs, for child care-related purposes, including day care licensing activities, and for paying a portion of the claims under the earned income tax credit. This bill directs DCF to allocate TANF block grant moneys for a number of programs, including the following:

1. \$2,700,000 in fiscal year 2017-18 and \$2,700,000 in fiscal year 2018-19 for payments to individuals who transition from W-2 employment to unsubsidized employment and receive case management services.

2. \$500,000 in each fiscal year for DOA grants to temporary shelter facilities for case management services for homeless families.

3. \$500,000 in fiscal year 2018-19 to fund an early absenteeism pilot program under which DCF awards grants on a competitive basis to public elementary schools for the purpose of reducing chronic absenteeism in early grades.

**SENATE BILL 30**

4. \$400,000 in fiscal year 2017-18 and \$600,000 in fiscal year 2018-19 for a public messaging campaign to promote the importance of the success sequence, the involvement of fathers in the lives of their children, and the implications of teenage pregnancy.

The bill also removes the geographic restriction, currently limited to Milwaukee, on TANF funding of services to prevent child abuse or neglect and requires a county to match a certain percentage of the amount the county receives of the TANF moneys allocated for safety and out-of-home placement services.

This bill requires DCF, DPI, DHS, and DWD to collaborate on a report to the legislature about the population overlap of families that receive public benefits and children who are chronically absent from school.

**WISCONSIN WORKS**

Under current law, the Wisconsin Works (W-2) program, administered by DCF, provides, among other things, work experience and benefits for low-income custodial parents who are at least 18 years old. The W-2 program provides work experience by placing participants in one of the following categories of employment positions: trial jobs, community service jobs, subsidized private sector employment, or transitional placements.

Under current law, controlled substances screening, testing, and treatment requirements apply to an individual who applies for the Transform Milwaukee Jobs program or the Transitional Jobs program, who applies for W-2 services and benefits for noncustodial parents, or who applies for or is ordered by a court to register for a work experience and job training program. This bill adds the following W-2 work experience programs for custodial parents to the programs to which the screening and testing requirements apply: the Temporary Employment Match program, which provides a subsidy for wages to an individual's employer, and the Community Service Jobs program and Transitional Placement program, both of which provide a participant with a monthly grant. With respect to an individual applying for a W-2 program, the bill also applies the screening, testing, and treatment requirements to all adult members of an individual's W-2 group whose income or assets are included in determining the individual's eligibility for a program. However, the bill exempts from all controlled substances screening and testing requirements a custodial parent of a child who is eight weeks old or less, a woman with a high-risk pregnancy, a W-2 participant who moves to an unsubsidized job and receives only case management services, and a dependent child.

Also under the bill, an individual applying for a community service job or a transitional placement is eligible for the monthly grants under those programs even if the individual or his or her group member tests positive for the use of a controlled substance without presenting evidence of a valid prescription and refuses to participate in substance abuse treatment or the individual or his or her group member fails to cooperate with the testing or treatment requirements. However, the bill requires DCF to reduce the monthly grant and pay it not to the individual but to a protective payee who must hold the money and use it exclusively on behalf of the individual's dependent children. The bill limits this partial eligibility to 12 months

**SENATE BILL 30**

or until the individual again becomes eligible for full participation in a W-2 program, if sooner.

Under current law, an individual who moves from a W-2 employment position to unsubsidized employment is eligible for case management services to help the individual retain the unsubsidized employment. Under this bill, an individual who receives such case management services is also eligible for a supplement of \$50 per month over a period of 12 months if the individual meets work participation requirements under the TANF block grant program.

This bill also places a limit on liquid assets for eligibility for Wisconsin Shares. Under Wisconsin Shares, which is a part of the W-2 program under current law, an individual who is the parent of a child under the age of 13 or, if the child is disabled, under the age of 19, who needs child care services to participate in various educational or work activities (approved activities), and who satisfies other eligibility criteria, such as having a family gross income at or below 185 percent of the poverty line, may receive a child care subsidy for child care services. The bill adds another eligibility criterion: unless the individual is a foster parent, subsidized guardian or interim caretaker, or kinship care relative, the total liquid assets of an individual's family may not exceed \$25,000 for the individual to be eligible for Wisconsin Shares.

This bill also allows an individual who receives a child care subsidy through the Wisconsin Shares program to continue to be eligible to receive a partial subsidy if that individual's family gross income increases to above 200 percent of the poverty line for a family the size of the individual's family, but the individual's copayment increases by \$1 for every \$3 by which the family's gross income exceeds 200 percent of the poverty line.

This bill also provides that, if an individual who is eligible for a child care subsidy under Wisconsin Shares permanently ceases participating in an approved activity, the individual will remain eligible for the child care subsidy for a period of three months after the individual ceases participation or until the individual's eligibility is redetermined, whichever is earlier. The bill also provides that an individual will remain eligible for a child care subsidy while the individual experiences a temporary break in an approved activity, such as a break due to illness, to care for a family member, a school or holiday break, a regular break from seasonal work, or any other temporary break from an approved activity that does not exceed three months.

Under current law, if a payment to a child care provider under the Wisconsin Shares program is based on authorized hours of child care, DCF is required to track a child's hourly usage of child care authorizations over a six-week period and, if the child's hourly usage over that six-week period is less than 60 percent of the authorized hours, DCF must reduce the authorized hours to 90 percent of the maximum number of hours that the child attended during that six-week period. Current law excludes some vacation and sick leave when calculating the number of hours a child attended during a six-week period. This bill adds that DCF must not reduce the authorized hours based on a reduction in hours attended due to a temporary break from an approved activity.

**SENATE BILL 30**

This bill provides that an individual does not lose eligibility for a child care subsidy under Wisconsin Shares for a child who attains the age of 13 or, if the child is disabled, attains the age of 19 until the individual's eligibility is redetermined. The bill also provides that a child's development and learning and the promotion of continuity of care must be taken into consideration when determining the number of hours of child care authorized, and that those hours need not be based on the individual's schedule of educational or work activities or the number of hours the individual spends in educational or work activities.

This bill adds a requirement that a child for whom a Wisconsin Shares child care subsidy is sought be immunized according to the immunization requirements implemented by DHS.

Under current law, the Learnfare program requires school age children of W-2 participants, with some exceptions, to meet certain school enrollment standards. An individual who fails to meet the school attendance requirement may be subject to sanctions determined by DCF by rule. Under current law, an individual fails to meet the school attendance requirement if the individual is not enrolled in school or was not enrolled in the immediately preceding semester. Under this bill, an individual who is habitually truant or who in the immediately preceding semester was habitually truant also fails to meet the school attendance requirement.

**FOODSHARE**

FoodShare, also known as the food stamp program and the federal Supplemental Nutrition Assistance Program, provides benefits to eligible low-income households for the purchase of food. FoodShare is administered by DHS. The federal government pays the benefits for FoodShare, while the state and federal government share the cost of administration.

This bill specifies that DHS may require a subset of, instead of all, able individuals who are 18 to 60 years of age and who are not Wisconsin Works participants to participate in the FoodShare employment and training program, known as FSET, to the extent allowed by the federal government. Currently, able-bodied adults without dependents are required to comply with certain work requirements as a condition of FoodShare eligibility, though the FSET program is voluntary. DHS may currently require able individuals who are 18 to 60 years of age and who are not Wisconsin Works participants to participate in FSET, with certain exceptions that are not affected by the bill. The bill also specifies that DHS may implement the requirement to participate in FSET in certain areas of the state, as determined by DHS.

DHS is currently required to promulgate rules to develop and implement drug screening, testing, and treatment policy for able-bodied adults without dependents in the FSET program. If the rules are promulgated, DHS must screen, test, and treat able-bodied adults without dependents in the FSET program for illegal use of a controlled substance. This bill applies these requirements for rule promulgation and implementation of a drug screening, testing, and treatment program to all able-bodied adults, regardless of whether they have dependents.

This bill prohibits an individual who is not elderly, blind, or disabled and whose household has more than \$25,000 in liquid assets, such as cash or financial resources

**SENATE BILL 30**

that can be converted to cash without penalties from eligibility for FoodShare benefits. The bill also prohibits certain individuals and parents who refuse to cooperate in obtaining child support or determining the paternity of a child or who are delinquent in child support payments and do not satisfy an exception specified in the bill from being eligible for FoodShare benefits.

**MEDICAL ASSISTANCE**

This bill makes changes to the income eligibility and premium methodology for the Medical Assistance Purchase Plan program, known as MAPP, and to the financial eligibility determinations for certain long-term care and Medical Assistance programs to the extent those changes are approved by the federal government.

This bill changes the premium methodology for MAPP. Under the bill, every individual receiving MAPP benefits must pay a premium of \$25 per month unless the premium would be an undue hardship, as determined by DHS. An individual whose income exceeds 100 percent of the federal poverty line must also pay 3 percent of his or her adjusted earned and unearned income that exceeds 100 percent of the FPL. The bill excludes actual out-of-pocket medical and remedial expenses, long-term care costs, and impairment-related work expenses from income for purposes of determining the premium for MAPP and excludes from income for purposes of determining eligibility under MAPP medical and remedial expenditures and long-term care costs in excess of \$500 per month that would be incurred by the individual in absence of coverage under MAPP or a Medicaid long-term care program.

For determinations of financial eligibility and any cost-sharing requirements for the Community Options Program (COP), for certain community integration programs, the Family Care program, Family Care partnership, IRIS, and certain Medical Assistance programs, this bill requires DHS to exclude any assets accumulated in a person's independence account and any assets from retirement benefits accumulated from income or employer contributions while employed and receiving state-funded benefits under COP or MAPP benefits. The bill sets the same requirement for excluding retirement benefits from eligibility determinations for the MAPP program as assets accumulated in an independence account are already excluded under current law.

This bill also changes the income limit for Medical Assistance program eligibility for certain elderly, blind, or disabled individuals who are medically needy to 100 percent of the federal poverty line for a family the size of the individual's family. Currently, the income limit for these individuals is this combined benefit amount or 133 and one-third percent of the maximum aid to families with dependent children payment, whichever is lower.

This bill requires DHS to submit to the federal government a request for an amendment to the Medicaid waiver for the childless adult demonstration project to provide employment and training services for childless adults eligible for the demonstration project. Currently, the childless adult demonstration project, also known as BadgerCare Plus Core, provides health services to adults without children who are under the age of 65 and who have family incomes that do not exceed 100

**SENATE BILL 30**

percent of the federal poverty line. BadgerCare Plus Core operates under a waiver of federal Medicaid laws.

This bill eliminates the ambulatory surgical center assessment. Under current law, DOR may impose an assessment on ambulatory surgical centers. If the assessment is imposed, 99.5 percent of the moneys collected are transferred to the Medical Assistance trust fund which pays some of the costs for the Medical Assistance program. The bill removes the authority from DOR to impose the assessment.

This bill requires that DHS issue an order to compel payment from a recipient, or parent of a minor recipient, of Medical Assistance who is liable for repayment to the Medical Assistance program of an incorrect payment or an employer who owes a penalty under the BadgerCare Plus program personally or by a type of mail that requires a signature of acceptance. Under the bill, refusal or failure by the person or employer liable for a repayment to accept or receive the order to compel payment does not prevent DHS from enforcing the order. Under the bill, if the person or employer liable for repayment does not make a payment, if a contested case regarding the repayment is not pending, and if the time for contesting the repayment order has lapsed, DHS may submit a true and accurate, instead of certified, copy of the order to compel to the circuit court. Under the bill, an affidavit of the collections unit of DHS, instead of a sworn statement of the secretary of DHS, is considered evidence of the amount owed. Currently, as under the bill, a circuit court then renders a judgment against the person or employer liable for repayment.

This bill eliminates current law reimbursement under the Medical Assistance program for services provided by a special educator under the Birth to Three program, also known as early intervention services, and instead allows DHS to pay the costs for services provided under the Birth to Three program that are included in the individualized family service plan and that were not previously authorized for payment under the state Medical Assistance program.

This bill allows DHS to require a county to maintain a specified level of contribution, which is determined by DHS based on historical county expenditures, for the disabled children's long-term support program. Counties are required by the bill to cooperate with DHS to determine an equitable funding methodology and county contribution mechanism going forward and to ensure that county contributions are being expended for the disabled children's long-term support program. The bill also allows DHS to contract with a county or group of counties to deliver disabled children's long-term support program services.

**CHILDREN**

This bill grants juvenile courts exclusive original jurisdiction over any child who is a victim of, or at substantial risk of becoming the victim of, child sex trafficking.

This bill makes certain changes relating to background checks of 1) a person who has or who is seeking a license to operate a child care center, certification for purposes of reimbursement under the Wisconsin Shares child care subsidy program, or a contract with a school board to operate a child care center (collectively "child care program"); 2) an employee or contractor of a child care provider (caregiver); and 3)

**SENATE BILL 30**

a nonclient resident of the child care provider's home to conform to the federal Child Care and Development Block Grant Act of 2014. The bill also makes certain changes relating to the training required of a person certified as a child care provider for purposes of reimbursement under Wisconsin Shares and of a caregiver of such a provider to conform those training requirements to the Child Care and Development Block Grant Act of 2014.

This bill allows DCF to visit and inspect the premises and records of any child care program established or contracted for by a school board if the child care program receives funding from Wisconsin Shares. Under current law, DCF is authorized to visit and inspect the premises and records of a licensed child care center. A school board may establish or contract for the provision of child care programs for children under current law. While such a child care program must meet the standards for licensed child care centers established by DCF, current law does not require it to be licensed as a child care center.

This bill requires DCF, in cooperation with DPI, to develop and implement a text message-based intervention program to increase the share of college-intending high school seniors who successfully enroll in a postsecondary educational institution, and requires DCF to award grants to eligible school districts in fiscal years 2018-19 and 2019-20 to offset a portion of school or district costs associated with the intervention.

**HEALTH**

This bill reduces the blood lead level defined as "lead poisoning or lead exposure" from 10 or more micrograms per 100 milliliters of blood to 5 or more micrograms per 100 milliliters of blood. The presence of lead poisoning or lead exposure in a child under six years of age allows DHS to request admission to the premises to conduct a lead investigation. DHS also awards grants for lead poisoning or lead exposure prevention and may promulgate rules specifying lead poisoning or lead exposure screening methods and intervals for children under six years of age.

This bill requires that first responders and emergency medical technicians renew their certifications or licenses every four years instead of every two years. The bill creates an endorsement for an intravenous technician for all levels of emergency medical technicians. An intravenous technician is trained to administer intravenous and intraosseous infusions of medicated and nonmedicated fluids.

This bill allows DHS to pay for aid for first responder training and examinations. Currently, DHS may pay aid for emergency medical technician — basic training and examinations. The bill also allows ambulance service providers that receive aids from DHS to escrow unused moneys and use those moneys in a subsequent year for first responder training and examinations or emergency medical technician training and examinations at any level.

**MENTAL HEALTH AND DEVELOPMENTAL DISABILITIES**

This bill creates youth crisis stabilization facilities, which have a maximum of eight beds and which admit minors to prevent or de-escalate the minor's mental health crisis and avoid admission of the minor to a more restrictive setting. Youth crisis stabilization facilities must be certified by DHS to operate.

**SENATE BILL 30**

This bill removes the requirement that a licensed physician or psychologist of a state treatment facility sign a statement of the need for treatment for an inmate in a state prison to be involuntarily committed. Current law requires that a petition for involuntary commitment of an inmate of a state prison contain allegations that the inmate is mentally ill, a proper subject for treatment, and in need of treatment; that less restrictive forms of treatment were unsuccessful; and that the inmate has been informed of his or her treatment needs and rights. The petition must also contain, among other things, the inmate's sentence and expected release and signed statements by both a licensed physician or psychologist of a state prison and a licensed physician or psychologist of a state treatment facility attesting that the inmate needs either inpatient treatment at a state treatment facility or outpatient treatment in the prison.

**OTHER HEALTH AND HUMAN SERVICES**

This bill makes various changes to the Board on Aging and Long-Term Care and the ombudsman program. The bill specifies that the seven members of BOALTC must be members of the public and must not be persons who currently own, or owned or had a certain interest within the previous five years in, a long-term care provider or health care insurance company. The bill specifies that BOALTC appoints an executive director who serves as the state long-term care ombudsman and that the population served by the ombudsman program are those 60 years of age or older who receive long-term care in certified or licensed long-term care facilities or under programs administered by state or federal governmental agencies. The bill specifies that BOALTC's ability to monitor and make recommendations, as it currently does for COP, extends to the Family Care Program, the Family Care Partnership Program, and the Program of All-Inclusive Care for the Elderly and specifies that the ability to provide advocacy services, as it does currently for potential or actual enrollees of the Family Care Program, extends to potential or actual enrollees of the Family Care Partnership Program and the Program of All-Inclusive Care for the Elderly and to potential or actual recipients of the self-directed services option, known as IRIS. The bill clarifies that the long-term care ombudsman program must comply with certain federal statutes and regulations. The bill also, among other things, prohibits any person from willfully interfering with the actions of an ombudsman by acting or attempting to act to intentionally prevent, interfere with, or impede the ombudsman from performing functions or responsibilities under law.

This bill allows DHS to recognize accreditation by certain accrediting organizations that are approved by the federal Centers for Medicare and Medicaid Services instead of performing inspections and investigations itself for licensure of home health agencies and hospices. DHS, under current law, is allowed to accept accreditation of hospices by the Joint Commission in lieu of performing inspections and investigations. The bill expands accrediting organizations from which DHS will recognize accreditation of hospices.

This bill creates an allocation of moneys from Indian gaming receipts to American Indian tribes for the performance of a feasibility study for and development of a business plan for a youth wellness center.

**SENATE BILL 30****HOUSING**

This bill allows WHEDA to implement two separate programs related to the federal Housing Choice Voucher Program. First, the bill authorizes WHEDA to develop policies and procedures for and implement a two-year pilot program that gives priority to chronically homeless individuals and families on the waiting list WHEDA or a public housing agency that contracts with WHEDA maintains under the federal Housing Choice Voucher Program. The bill also authorizes WHEDA to provide case management services for chronically homeless individuals and families who receive a voucher after being prioritized on the waiting list.

Second, the bill authorizes WHEDA to request approval from the federal Department of Housing and Urban Development to implement a pilot program that requires a recipient of a voucher under the federal Housing Choice Voucher Program to satisfy work requirements as a condition of the voucher. The bill also provides that WHEDA may provide certain employment, training, and self-sufficiency services, in partnership with certain organizations that contract with WHEDA, to recipients of vouchers under the federal Housing Choice Voucher Program.

This bill eliminates the requirement that a recipient of a transitional housing grant awarded by DOA may not permit homeless persons to reside in housing facilities provided by the grant recipient for more than 24 months. The bill also eliminates the requirement that DOA reasonably balance among geographic areas of this state certain other grants and loans DOA makes to defray the housing costs of persons and families of low and moderate income.

**INSURANCE**

Under current law, a local governmental unit, including any city, county, town, village, school, or library board, may pass a resolution to insure its property, and property that it does not own but for which it is contractually liable if the property is damaged or destroyed, in the local government property insurance fund (fund). The fund is managed by the commissioner of insurance and provides protection for the property insured in the fund against fire and extended coverage perils. This bill provides that no new coverage may be issued under the fund on or after July 1, 2017; no coverage may be renewed after December 31, 2017; no coverage may extend beyond December 31, 2018; and all claims must be filed by July 1, 2019, or they will not be covered under the fund, and any moneys remaining after all operations cease will be distributed among the local governmental units that were insured on July 1, 2017.

This bill transfers some of the information technology employees from OCI to the Division of Enterprise Technology in DOA. The bill also transfers assets and liabilities, personal property, contracts, rules and orders, and pending matters related to information technology from OCI to DOA.

**JUSTICE**

This bill requires DOJ to award grants to cities to reimburse overtime salary and fringe benefit costs for beat patrol officers. The grants are limited to the ten cities that apply that have the highest rates of violent crime. The bill allows DOJ to determine the amount of a grant, except that no more than \$400,000 may be awarded

**SENATE BILL 30**

to a city for a calendar year. The bill also specifies requirements for applying for the grants.

This bill changes the information that DOJ must include in its report to DOA and JCF regarding restitution received by crime victims. Under the bill, the report must specify the total number of individuals who received restitution instead of identifying the individuals who received restitution and must provide the total amount paid to all recipients instead of providing the amount paid to each recipient.

**LOCAL GOVERNMENT**

This bill clarifies that if a unit of government has a responsibility to carry out a certain function, and it enters into an intergovernmental cooperation contract with another unit of government to jointly perform the responsibility, the jointly established entity fulfills the unit of government's responsibility to carry out that function until the contract expires or is terminated. In addition, if two or more units of government enter into such a contract and create a commission to jointly or regionally administer a function or project, the commission shall be considered to be a single entity that represents, and may act on behalf of, the joint interests of the signatories to the contract.

Generally, under current law, local levy limits are applied to the property tax levies that are imposed by political subdivisions in December of each year. Current law prohibits a political subdivision from increasing its levy by a percentage that exceeds its "valuation factor," which is defined as the greater of either zero percent or the percentage change in the political subdivision's equalized value due to new construction, less improvements removed.

Current law contains a number of exceptions to the levy limit. Under one of these exceptions, a political subdivision may increase its current year levy limit, up to a maximum increase of 1.5 percent of the actual levy of the prior year, if the allowable levy from the prior year was greater than the actual levy in that year (carryover utilization).

Also under current law, a political subdivision must reduce its levy limit if the amount of its levy in the current year, for its payment of debt service for debt issued before July 1, 2005, is less than its levy for that purpose in the previous year (negative adjustment for debt service). The amount of the levy reduction is the amount by which its levy for such debt service was reduced. Under current law, the negative adjustment for debt service requirement does not apply to a political subdivision in any year in which the political subdivision does not increase its levy increase limit by carryover utilization.

This bill eliminates the carryover utilization exception to the negative adjustment for debt service requirement.

**MILITARY AFFAIRS**

This bill authorizes the adjutant general to operate a state emergency operations center during a declared state of emergency. Costs incurred to operate the center for more than 36 hours are payable from the petroleum inspection fund based on JCF approval under passive review. The bill also authorizes the Division of Emergency Management to award grants to Wisconsin law enforcement agencies to fund crowd-control training and equipment.

**SENATE BILL 30****NATURAL RESOURCES****FISH, GAME, AND WILDLIFE**

This bill appropriates any administrative fees DNR receives for pheasant hunting in the Bong area lands or any state recreation area for the purpose of stocking and propagating pheasants on DNR lands.

**FORESTRY**

This bill requires DNR to relocate the headquarters for the chief state forester to an existing DNR facility north of STH 29 no later than January 1, 2018. The bill authorizes DNR to allow current employees located at the central DNR office in Madison to relocate to existing state facilities north of STH 29 designated by the chief state forester and requires DNR to report, by February 1, 2019, to the governor and JCF the number of employees who have relocated. The bill also requires DNR to authorize payment of moving expenses for any such employee who relocates.

This bill specifies that a person who sets a forest fire is liable to the state for all of the fire suppression expenses that are shared by the state and the county and that the county's share of expenses, which is otherwise equal to the state's share, is reduced by the amount by which such damages, if paid, exceed the state's share of expenses.

This bill also provides that the requirement that the sale of timber cut from a state, county, or community forest be advertised in a local newspaper may be satisfied by posting notice on certain official Internet sites. The bill also provides that approval and notice requirements apply to the sale of timber with an estimated value of \$10,000 or more that was cut from a state, county, or community forest. The bill also provides that a county cutting merchantable wood products from a county forest must furnish DNR with a report not more than five years after filing a cutting notice.

**RECREATION**

Current law specifies the fees for vehicle admission receipts, which authorize the operation of a vehicle in certain recreational areas and in state parks. This bill establishes a range of fees that DNR may charge for a vehicle admission receipt, authorizing DNR to charge up to \$10 more for an annual receipt than the fee under current law, and up to \$5 more for a daily receipt.

This bill also increases the maximum fees that DNR may charge for each night of camping in a state campground to \$30 for a resident and \$35 for a nonresident.

This bill also requires DNR and DOT to jointly develop a plan to authorize the purchase of a recreational passport when an individual initiates or renews his or her annual vehicle registration. The bill requires DNR and DOT to evaluate the option of the creation of the recreational passport as a special license plate registration sticker that shows both the vehicle registration expiration year and an indicator that the sticker is also a recreational passport.

**OTHER NATURAL RESOURCES**

This bill makes numerous changes in the appropriation structure of DNR. The bill renumbers various appropriations and eliminates appropriations that are no longer used.

**SENATE BILL 30**

This bill eliminates the Wisconsin Natural Resources Magazine, which is currently published six times a year by DNR. The bill directs DNR to publish the final issue in February 2018 and, by June 30, 2018, to refund to each subscriber a prorated amount of the subscription cost for all issues after February 2018 for which the subscriber subscribed but that the subscriber will not receive.

**SAFETY AND PROFESSIONAL SERVICES****BUILDINGS AND SAFETY**

This bill eliminates rental unit energy efficiency standards and certification requirements and certain powers of DSPS related to those standards and requirements. The bill allows DSPS to take enforcement action related to violations of those standards that occur before the effective date of the bill. The bill also eliminates the requirement that an owner of a rental unit, before transferring an ownership interest in the unit, must do one of the following:

1. Have the unit inspected by a certified inspector who issues a certificate stating that the unit meets the minimum energy efficiency standards.
2. If the unit is scheduled for demolition within two years, obtain a waiver of the certification requirement from DSPS or a certified inspector.
3. Obtain a stipulation between the transferee of the unit and DSPS or the city, village, or town in which the unit is located stating that the transferee will bring the unit into compliance with the minimum energy efficiency standards no later than one year after the date of the transfer.

Under current law, the register of deeds may not record a document that transfers real estate that contains a rental unit unless the document is accompanied by that certificate, waiver, or stipulation. This bill eliminates that restriction.

This bill also exempts individuals who complete specified apprenticeship programs from an examination required for the following trade profession licenses: journeyman electrician, journeyman plumber, journeyman automatic fire sprinkler system fitter, and automatic fire sprinkler contractor.

**PROFESSIONAL LICENSURE**

Under current law, various professions are regulated by DSPS and various examining boards and affiliated credentialing boards are created under DSPS. Affiliated credentialing boards are each attached to a specific examining board. This bill makes numerous changes to the laws governing DSPS and the examining boards, affiliated credentialing boards, and councils under DSPS, including all of the following:

1. Under current law, the Radiography Examining Board regulates the practice of radiographers and limited X-ray machine operators in Wisconsin, the Podiatry Affiliated Credentialing Board, which is attached to the Medical Examining Board, regulates the practice of podiatrists, and the Optometry Examining Board regulates the practice of optometrists. This bill eliminates each of those boards and transfers their functions to the Medical Examining Board.
2. Under current law, physical therapists and physical therapist assistants are regulated by the Physical Therapy Examining Board, occupational therapists and occupational therapy assistants are regulated by the Occupational Therapists Affiliated Credentialing Board, athletic trainers are regulated by the Athletic

**SENATE BILL 30**

Trainers Affiliated Credentialing Board, and massage therapists and bodywork therapists are regulated by the Massage Therapy and Bodywork Therapy Affiliated Credentialing Board. This bill eliminates the aforementioned boards and transfers their functions to a newly created Medical Therapy Examining Board.

3. Under current law, a license is generally required to perform sign language interpretation services, and a license to act as a sign language interpreter is issued by DSPS. However, also under current law, there is a Sign Language Interpreter Council that is required to perform certain duties, including advising DSPS on rule making regarding sign language interpreting and promulgating certain rules for sign language interpreters. This bill eliminates the Sign Language Interpreter Council and transfers the duties of both DSPS and the Sign Language Interpreter Council regarding sign language interpreters to the Hearing and Speech Examining Board. In addition, the bill eliminates one of the hearing instrument specialist members on the Hearing and Speech Examining Board and adds to that board two sign language interpreters and one additional public member.

4. Under current law, there are four councils created to serve the Medical Examining Board in an advisory capacity regarding certain professions for which licenses or certificates are issued by the Medical Examining Board: 1) the Perfusionists Examining Council; 2) the Council on Physician Assistants; 3) the Council on Anesthesiologist Assistants; and 4) the Respiratory Care Practitioners Examining Council. This bill eliminates these four councils and transfers their duties to a newly created council called the Medical Assistants Council. Under the bill, the Medical Assistants Council includes two licensed anesthesiologist assistants; two certified respiratory care practitioners; two licensed perfusionists; one physician; two physician assistants; and one public member.

This bill creates the Occupational License Review Council. The council is created in DSPS and consists of the following members:

1. Eight members appointed by the governor to serve at the pleasure of the governor.

2. One majority party member and one minority party member from each house of the legislature, appointed as are the members of standing committees in their respective houses.

3. The secretary of safety and professional services or his or her designee, who serves as the council's chair. The secretary or designee is a nonvoting member, except that he or she may vote in the case of a tie.

The council is required to submit a report by December 31, 2018, to the governor, the chief of the LRB, and the legislature that includes the council's recommendations for the elimination of occupational licenses in this state and the reduction or elimination of occupational license continuing education requirements. The council's recommendations for the elimination of occupational licenses must take into account a number of considerations, including an evaluation of whether the unregulated practice of the profession, occupation, or trade can clearly harm or endanger the health, safety, or welfare of the public.

The LRB is required to prepare legislation based on the council's recommendations, and the proposed legislation is required to be introduced without

**SENATE BILL 30**

change. The proposed legislation may not be amended, and the legislature must take final action on the proposed legislation no later than June 30, 2019.

For purposes of this bill, the term “occupational license” means not only any license, permit, certification, registration, or other approval granted by DSPS or a board under DSPS but also any other license, permit, certification, registration, or approval granted to a person by this state in order that the person may engage in a profession, occupation, or trade or use a title in association with his or her profession, occupation, or trade.

The council and the bill’s requirements sunset effective July 1, 2019.

This bill also requires DOA to prepare a report containing certain information on any bill that is introduced in the legislature that requires an individual to obtain a license in order to engage in a particular profession or occupation or that requires that a license be obtained in order for a particular type of business to be owned or operated. The LRB must submit any bill to which the requirement applies to DOA, and the report must be distributed before certain actions are taken on the bill in the legislature.

Under current law, DSPS and various credentialing boards in DSPS have the authority to discipline credential holders that are credentialed by DSPS or a credentialing board. This bill allows DSPS and various credentialing boards in DSPS that do not otherwise currently have the authority to assess administrative forfeitures against credential holders to, in addition to or in lieu of any disciplinary action imposed against a credential holder, assess a forfeiture of not more than \$1,000 for each separate offense against a person who commits a violation that is grounds for professional discipline if the violation presents a serious risk to public health or public safety. The bill provides that each day of continued violation constitutes a separate offense.

Also under current law, DSPS, which regulates barbers, and the Cosmetology Examining Board, which regulates cosmetologists and other related professionals, may assess such forfeitures, in addition to or in lieu of certain disciplinary actions, for violations of the laws relating to barbering or cosmetology. This bill limits the circumstances under which such forfeitures may be assessed to when the violation presents a serious risk to public health or public safety.

In addition, this bill exempts an individual who has completed an apprenticeship program that satisfies certain requirements from an examination required for licensure as a cosmetologist or barber.

This bill eliminates mandatory annual and semiannual meeting requirements for examining boards, affiliated credentialing boards, and other boards and councils under DSPS, except for the Medical Examining Board, which is required to meet 12 times each year. Under the bill, those boards and councils are instead generally required to meet on the call of the chairperson or a majority of the members of the board or council.

This bill provides that, except as otherwise permitted by law, DSPS and various credentialing boards in DSPS may require a credential holder to submit proof of completion of continuing education programs or courses only if a complaint is made against the credential holder.

**SENATE BILL 30****SHARED REVENUE**

This bill reduces the annual county and municipal aid payment to a county receiving certain settlement proceeds from DOA by \$1,950,000 beginning with the payments in 2018 and ending with the payments in 2027. If in any year the amount of the county and municipal aid payment is less than \$1,950,000, DOA will reduce the county's county and municipal aid payment and its public utility aid payment by a total of \$1,950,000.

**STATE GOVERNMENT****ADMINISTRATIVE RULES; GUIDANCE DOCUMENTS**

This bill makes various changes regarding the rule-making procedures established under current law and the adoption by state agencies of guidance documents. Significant changes are described below.

***Preliminary public hearings and comment periods on scope statements***

Current law requires an agency to prepare a statement of the scope of a proposed rule (scope statement), which must be approved by the governor and the agency head before any state employee or official may perform any activity in connection with the drafting of the proposed rule. Scope statements must be published in the Wisconsin Administrative Register after approval by the governor, and an agency head may not approve a scope statement until at least ten days after publication of the scope statement in the register.

This bill eliminates the ten-day waiting period for the agency head to approve a scope statement. The bill also requires an agency, following approval of a scope statement by the governor, to hold a preliminary public hearing and comment period on a scope statement if directed to do so by a cochairperson of the Joint Committee for Review of Administrative Rules (JCRAR). Following such a directive, the agency must hold a preliminary public hearing on the scope statement and submit all comments and feedback received to the agency head. A preliminary public hearing and comment period under the bill is in addition to the public hearing required under current law for certain rules. The bill allows an agency to work on a proposed rule after the scope statement is approved by the governor, but requires the agency to stop work on a proposed permanent rule if JCRAR requests a preliminary public hearing and comment period. In that case, the agency may resume work on the proposed permanent rule once the preliminary public hearing and comment period are concluded.

***Passage of bill required for certain rules***

This bill provides that if an economic impact analysis, a revised economic impact analysis, or an independent economic impact analysis for a proposed rule indicates that \$10,000,000 or more in implementation and compliance costs are reasonably expected to be incurred by or passed along to businesses, local governmental units, and individuals over any two-year period as a result of the proposed rule, the agency must stop work on the proposed rule and may not continue to promulgate the rule except as follows:

1. The agency may resume the rule-making procedure for the proposed rule upon enactment of a bill that authorizes its promulgation.

**SENATE BILL 30**

2. The agency may resume the rule-making procedure for the proposed rule if the agency modifies the proposed rule to address the proposed rule's implementation and compliance costs, as verified by a revised economic impact analysis and any subsequently prepared independent economic impact analyses.

***Independent economic impact analyses***

This bill allows a cochairperson of JCRAR or DOA, at certain times during the rule-making process, to request that an independent economic impact analysis be prepared for a proposed rule. In that case, DOA must contract with a vendor for the preparation of the independent economic impact analysis. The vendor must complete the independent economic impact analysis within 60 days and must include most of the same information and analysis that is required for an economic impact analysis prepared by an agency. If an independent economic impact analysis is requested for a proposed rule, an agency may not submit the proposed rule to the governor for final approval until the agency receives the completed analysis. The bill specifies circumstances under which either the agency promulgating the proposed rule or the legislature must pay the costs of the independent economic impact analysis.

This bill also allows JCRAR, when a proposed rule is before JCRAR for final review, to request an independent economic impact analysis for the proposed rule. The analysis must similarly be completed within 60 days, and JCRAR's review period is extended to the tenth working day following receipt by JCRAR of the completed analysis.

***Other duties of DOA related to economic impact analyses and rule making***

This bill requires DOA to do all of the following with respect to the rule-making process:

1. Review and approve each initial economic impact analysis prepared by an agency before a proposed rule is submitted to the Legislative Council staff, including by reviewing the economic data and analyses used by the agency in preparing the analysis. If DOA determines that the agency's analysis does not accurately gauge the economic impact of a proposed rule, DOA must recommend any modifications to revise the analysis. An agency may not submit a proposed rule to the Legislative Council Staff for review unless DOA has approved the agency's economic impact analysis. DOA may approve an economic impact analysis only upon determining that the economic impact analysis accurately gauges the economic impact of the proposed rule.

2. Provide training to agencies on appropriate data collection and methods of analysis for purposes of preparing economic impact analyses of proposed rules.

3. Attend JCRAR hearings and present testimony on proposed rules that DOA determines will have an economic impact on specific businesses, business sectors, public utility ratepayers, local governmental units, regulated individuals and entities, or the state's economy as a whole.

***Approval of germane modifications to proposed rules***

Current law permits an agency to make a germane modification to a proposed rule at certain points during the legislative rules review process. Under this bill, if an agency makes a germane modification to a proposed rule at any time during that

**SENATE BILL 30**

review process, the agency must also submit that modification to the governor for approval under a passive review procedure. If the governor does not approve the modification, the agency may not promulgate the proposed rule with that modification.

***Emergency rules***

This bill provides that emergency rules promulgated by a state agency take effect upon publication in the Wisconsin Administrative Register. Current law provides that emergency rules take effect upon publication in the official state newspaper.

This bill also modifies JCRAR's authority under current law to extend the effective period of an emergency rule so that JCRAR is not limited to 60 days in granting an extension of an emergency rule and may grant any number of extensions, subject to the 120-day limit under current law. In addition, the bill also permits JCRAR, within 30 days before the last floorperiod of the biennial legislative session, to extend the effective period of an emergency rule for a period not to extend beyond March 31 of the following year. JCRAR may, if applicable, grant both types of extensions for a particular emergency rule.

***Expedited procedure for repealing unauthorized rules***

This bill provides for an alternate, expedited procedure an agency can use to repeal a rule that the agency determines it no longer has the authority to promulgate because of the repeal or amendment of the law that previously authorized its promulgation (unauthorized rule). Under the bill, an agency, instead of using the normal rule-making procedure, may repeal an unauthorized rule using the following procedure:

1. The agency submits a petition along with certain information to the Legislative Council staff for review.

2. The Legislative Council staff reviews the petition and proposed rule and submits to JCRAR the petition and proposed rule with a written report that includes a statement of the Legislative Council staff's determination of whether the proposed rule proposes to repeal an unauthorized rule.

3. Following receipt of the petition and proposed rule submitted by the Legislative Council staff, JCRAR reviews the petition and proposed rule and may 1) approve the agency's petition if JCRAR determines that the proposed rule would repeal an unauthorized rule; 2) deny the petition; or 3) request that the agency make changes to the proposed rule and resubmit the petition and proposed rule as described above.

If JCRAR approves the petition, the agency may repeal the unauthorized rule by filing a certified copy of the rule with the LRB, together with a copy of JCRAR's decision.

***Sunset of rule-making authority for certain agencies***

This bill prohibits a commission or board, including a credentialing board, that has not taken any action with respect to the promulgation of a rule in ten years or more from taking any such action in the future unless a subsequent law specifically authorizes it to do so.

**SENATE BILL 30*****Guidance documents***

This bill requires each agency to post proposed guidance documents on the agency's Internet site and submit them to the LRB for publication in the register and to provide comment periods for proposed guidance documents. The agency must consider comments submitted during the public comment period in determining whether to adopt a guidance document as originally proposed or take other action. The bill also requires each adopted guidance document, while valid, to remain available on the agency's Internet site to permit continuing public comment.

This bill provides that a guidance document does not have the force of law and does not provide the authority for implementing or enforcing a standard, requirement, or threshold, including as a term or condition of any license. An agency that proposes to rely on a guidance document to the detriment of a person in any administrative proceeding must afford the person an adequate opportunity to contest the legality or wisdom of a position taken in the guidance document, and an agency may not use a guidance document to foreclose consideration of any issue raised in the guidance document. The bill also contains other provisions with respect to agency use of and reliance upon guidance documents, and allows certain persons to petition an agency to promulgate a rule in place of a guidance document.

Subject to various exceptions, this bill defines "guidance document" as any formal or official document or communication issued by an agency, including a manual, handbook, directive, or informational bulletin, that 1) explains the agency's implementation of a statute or rule enforced or administered by the agency, including the current or proposed operating procedure of the agency; or 2) provides guidance or advice with respect to how the agency is likely to apply any statute or rule enforced or administered by the agency, if that guidance or advice is likely to apply to a class of persons similarly affected.

**PROCUREMENT**

Under current law, if a state agency makes a purchase for which the estimated cost exceeds \$50,000, DOA must invite bids or solicit proposals. This bill increases that threshold to \$100,000 and allows agencies to which DOA has delegated purchasing authority to invite the bids or solicit the proposals. Current law requires governor approval if the secretary of administration determines it is in the best interest of the state to waive general bidding requirements in state procurement and purchase supplies, material, equipment, or contractual services from a private source. Under the bill, the secretary may waive the requirements and make the purchase without governor approval if the cost of the purchase is between \$25,000 and \$150,000. The bill also requires the approval of the secretary of administration before an executive branch agency other than the Board of Regents may enter into a contract relating to information technology or telecommunications if the total amount of the contract exceeds \$150,000.

**PUBLIC UTILITY REGULATION**

This bill makes changes to funding for grants made by the PSC for constructing broadband infrastructure in underserved areas. Under current law, \$6,000,000 was transferred from the universal service fund (USF) for making the grants, but current law also limits the total grants made in a fiscal year to \$1,500,000. The bill

**SENATE BILL 30**

eliminates that limit. The bill also provides additional funding for the grants by doing the following: 1) transferring an additional \$6,000,000 from the USF; 2) transferring \$5,000,000 from moneys received under a federal program for assisting schools and libraries in obtaining telecommunications services and Internet access, which is commonly known as the federal e-rate program; and 3) at the end of each fiscal year, transferring the unencumbered balances from other USF-funded appropriations. Also, beginning July 1, 2018, the bill allows the PSC to fund its duties regarding broadband expansion from contributions made by telecommunications providers to the USF.

During fiscal year 2017-18, this bill allows the PSC to allocate a portion of the funding provided under the bill to make the grants described above to telecommunications utilities that are receiving support for broadband deployment under certain federal programs administered by the Federal Communications Commission. During that fiscal year, the bill allows the PSC to evaluate applications and award the grants to those telecommunications utilities on an expedited basis.

This bill eliminates a requirement under current law for the PSC to establish and administer a program for regulation, education, inspection, and investigation related to stray voltage. The bill also eliminates the PSC's authority to impose assessments on certain large electric utilities to fund the program and to charge fees for services provided under the program. In addition, the bill eliminates DATCP's duties related to the program, including the requirement to impose annual fees on rural electric cooperatives to fund those duties.

This bill requires the PSC to ensure an increase in spending on incentives for projects for improving energy efficiency at elementary, secondary, and postsecondary schools under the statewide energy efficiency and renewable resources programs that are funded by investor-owned electric and natural gas utilities under current law. Those programs are commonly referred to as the Focus on Energy programs. The bill requires the PSC to ensure that the amount spent annually on the incentives is at least \$10,000,000 more than the amount spent in fiscal year 2016-17. The bill also requires the PSC to ensure that public elementary and secondary schools are given a priority in the spending on the incentives.

**STATE EMPLOYMENT**

This bill eliminates the three offices of commissioner at the Employment Relations Commission. Under the bill, the commission consists of a full-time chairperson, who is appointed by the governor for a six-year term.

Current law provides generally that no individual may be employed or retained in a full-time position or capacity with a state agency or authority and hold another position or be retained in any other capacity with an agency or authority from which the individual receives compensation of more than \$12,000 during the same year. This bill clarifies that year means any 12-month period and exempts licensed health care professionals from this dual employment restriction, provided that they are employed or retained in the other position for less than 1,040 hours during any 12-month period.

**SENATE BILL 30****STATE EMPLOYEE BENEFITS**

For purposes of the Wisconsin Retirement System, this bill limits domestic partners to only those individuals who submitted an affidavit of domestic partnership to DETF before the effective date of the bill. This bill also prohibits the Group Insurance Board from covering an eligible employee's domestic partner or stepchild under a domestic partnership in a group health insurance plan offered by the GIB and eliminates the option for a surviving domestic partner to purchase health insurance coverage under a group health insurance plan offered by GIB. Finally, for deaths occurring on or after January 1, 2018, the bill provides that a surviving domestic partner is not a default beneficiary for purposes of a deferred compensation plan and is not eligible to receive duty disability survivorship benefits. Under current law, participants who are in a domestic partnership may file an affidavit of domestic partnership with DETF and have their domestic partners treated like spouses for benefit purposes under the WRS, unless otherwise prohibited by federal law.

**STATE FINANCE**

This bill increases from \$5,285,000,000 to \$6,785,000,000 the amount of state public debt that may generally be contracted to refund any unpaid indebtedness used to finance tax-supported or self-amortizing facilities. The bill also decreases from \$2,400,840,000 to \$2,127,540,000 the authorized bonding authority of DVA to make mortgage loans, and the bill decreases from \$686,743,200 to \$646,283,200 the authorized bonding authority of DNR to provide financial assistance for projects to control water pollution.

This bill transfers \$20,000,000 from the general fund to the budget stabilization fund in fiscal year 2017-18. The bill also requires the Division of Personnel Management in DOA to lapse to the general fund \$2,800,000 in fiscal year 2018-19.

This bill provides that if the Group Insurance Board executes a contract to provide self-insured group health plans to state employees for the 2018 and 2019 calendar years, the secretary of administration must lapse to the general fund during the 2017-18 and 2018-19 fiscal years, from GPR appropriations made to fund the Compensation Reserves, an amount equal to the state agency GPR savings for state employee health insurance. The bill provides that the Board of Regents of the UW System savings are not included in the lapse. If the lapse occurs, school districts that satisfy certain conditions will receive additional per pupil aid.

**OTHER STATE GOVERNMENT**

This bill makes changes regarding compliance of governmental entities with certain statutory requirements for mailing, printing, or publishing certain documents. A statute is subject to the bill if the statute applies to a "governmental entity," which the bill defines as any of the following: a state agency or other body created or authorized to be created by the constitution or any law; the governor's office; the legislature or a legislative council, committee, or service agency; a court or judicial branch agency; an authority; a city, village, town, or county; a special purpose district; or an agency, corporation, combination, or subunit of a city, village, town, county, or special purpose district. Also, the bill applies to statutes regarding the mailing, printing, or publishing of documents, with the following exemptions: 1)

**SENATE BILL 30**

a notice and certificate of election, facsimile ballot, or referenda; 2) certain election-related documents, including sample ballots and nomination forms; 3) a notice of public hearing before a governmental body; or 4) a notice of meetings of private and public bodies required by law. The bill also exempts the following documents: a summons, order, citation, notice of sale or other notice that is intended to inform a person of rights or duties that must be exercised or performed within a designated period or by a designated date.

For mailing, this bill provides that a statute requiring a governmental entity to mail a nonexempt document must be construed to allow the governmental entity to mail the document electronically. However, that provision does not apply to a statute requiring a governmental entity to use certified or registered mail or obtain a certificate of mailing from the post office. For printing, the bill provides that a statute requiring a governmental entity to print a nonexempt document must be construed to allow the governmental entity to make the document available to the public on its Internet site.

For publishing, this bill provides that a statute requiring a governmental entity to publish a nonexempt document must be construed to allow the governmental entity to publish the document electronically on its Internet site. The foregoing applies even if the statute requires publication in a newspaper in a specified location. Also, if a statute requires publication both on the Internet and in another form, the bill provides that the statute must be construed to allow the governmental entity to publish the document only on its Internet site. If a governmental entity publishes a nonexempt document on its Internet site as allowed under the bill, the bill provides that the date on which the governmental entity first publishes the document on its Internet site is considered the date of the publication of the document.

This bill also allows the secretary of administration to waive in whole or in part any statutory requirement for an executive branch agency to mail, print, or publish any document, except for a document that is exempt from the provisions described above. However, the bill allows the secretary to waive such a requirement only if the secretary determines that the waiver will reduce spending while 1) keeping information accessible to the public; and 2) protecting public health and welfare.

Under this bill, the state and local units of government are prohibited from engaging in certain practices in letting bids for state procurement or public works contracts. Under the bill, the state and local governments may not do any of the following in specifications for bids for the contracts: 1) require that a bidder enter into an agreement with a labor organization; 2) consider, when awarding a contract, whether a bidder has or has not entered into an agreement with a labor organization; or 3) require that a bidder enter into an agreement that requires that the bidder or bidder's employees become or remain members of a labor organization or pay any dues or fees to a labor organization.

Under this bill, the Building Commission may authorize money from the state building trust fund to be available for any project costing \$900,000 or less, and the Building Commission may authorize the design and construction of any building, the acquisition of land, or the repair or improvement of any building, structure, or

**SENATE BILL 30**

facility that costs more than \$900,00 only if the project is enumerated in the state building program. Under current law, each of those thresholds is set at \$760,000.

Subject to limited exceptions, this bill also prohibits the state from entering into a contract for the construction of or addition to any building in connection with a building project involving a cost that exceeds \$250,000 without the approval of the Building Commission. Current law sets that threshold at \$185,000.

Also, under this bill, the secretary of administration is required to establish a committee for each construction project under the department's supervision, except certain emergency projects, for the purpose of selecting a project architect or engineer. If the estimated cost of a project is \$6,800,000 or more, the selection committee must use a request-for-proposal process established by the department to select the architect or engineer.

This bill requires that DOA adjust on an annual basis all of the above and other project cost thresholds based on the increase or decrease in construction costs over time.

This bill eliminates a number of state entities based on the 2017-19 budget request of DSPS. Current law requires DSPS to include in its agency budget request a proposal to eliminate any council, board, or commission that has not held a meeting since the preceding September 15, unless the council, board, or commission is required to exist under federal law. The entities eliminated under the bill include the Bioenergy Council; the Automatic Fire Sprinkler System Contractors and Journeymen Council; and the Plumbers Council.

This bill also eliminates the Depository Selection Board and transfers its powers and duties to the secretary of administration or his or her designee and eliminates the Examining Board of Professional Geologists, Hydrologists and Soil Scientists and transfers its powers and duties to DSPS.

This bill eliminates the Building Inspector Review Board and transfers its powers and duties to the Uniform Dwelling Code Council. Under the bill, the Uniform Dwelling Code Council, rather than the board, receives and reviews complaints regarding building inspectors, may revoke a building inspector's certification under certain circumstances, and may modify or reverse erroneous decisions of a building inspector. The bill also eliminates the Contractor Certification Council and the Manufactured Housing Code Council and transfers their duties to the Uniform Dwelling Code Council.

This bill authorizes DOA to replace vehicles in the state fleet using certain settlement proceeds specified in the bill. DOA may expend no more than \$16,000,000 in the 2017-19 fiscal biennium for that purpose. The bill also requires, subject to certain conditions, DOA to transfer \$26,000,000 of the settlement proceeds to a county having a population of 750,000 or more for the replacement of vehicles owned by the county.

This bill requires DOA, beginning on July 1, 2018, to administer human resources and payroll services for all executive branch agencies except DPI and DOJ and for all independent agencies except the UW Board of Regents and the TCS board. The bill also requires that DOA administer all printing and mailing services for all agencies, except the Board of Regents of the UW System, unless the agency

**SENATE BILL 30**

demonstrates to the satisfaction of the secretary of administration that a valid business reason exists for an exemption.

This bill requires that each server that an executive branch agency, except the Board of Regents, uses for information technology purposes must be housed in the data center located at 5830 Femrite Drive in the city of Madison, unless an executive branch agency demonstrates to the satisfaction of the secretary of administration that a valid business reason exists for an exemption.

This bill creates a grant program under which DOA may award a grant of up to \$75,000 to a municipality for the purpose of connecting homeless individuals with permanent employment. The municipality must itself contribute at least \$50,000 for the purpose of the grant. In awarding a grant, DOA must give preference to a municipality that obtains an agreement from a nonprofit organization to provide additional employment and support services to homeless individuals participating in the grant program. The bill also transfers from DOA to DHS a grant program for providing certain mental health services to homeless individuals.

This bill makes the following changes to the service award program, which provides length-of-service awards to volunteer fire fighters, first responders, and volunteer emergency medical technicians:

1. DOA is required to double, rather than match as required under current law, annual municipal contributions paid for volunteer fire fighters, first responders, and voluntary emergency medical technicians up to \$500 per fiscal year, rather than \$250 per fiscal year.

2. A volunteer fire fighter, first responder, or volunteer emergency medical technician is fully vested to receive a service award once he or she attains 15 years of service for a municipality and reaches the age of 53. Under current law, vesting occurs once a volunteer fire fighter, first responder, or volunteer emergency medical technician attains 20 years of service and reaches the age of 60.

Under this bill, no later than September 15 of each even-numbered year, the legislature must submit to DOA the following proposals, which correspond to certain budget proposals required under current law for all executive state agencies:

1. A proposal to reduce the legislature's budget, subject to certain limitations, for each fiscal year of the succeeding fiscal biennium by an amount equal to a total of 5 percent of its base level for the current fiscal year.

2. A proposal to maintain its base level for the current fiscal year, subject to certain limitations, for each fiscal year of the succeeding fiscal biennium.

This bill also sets the per diem compensation received by a member of the Ethics Commission or of the Elections Commission at \$50 for each day the member attends or participates in a meeting of the member's commission. Currently, members of each commission receive, for each day the commission member was actually and necessarily engaged in performing his or her duties, a per diem equal to the amount paid to a reserve judge sitting in circuit court.

This bill requires the Elections Commission to spend funds received from the federal government under the Help America Vote Act on the costs of election administration before spending state funds appropriated for the purpose of replacing HAVA funds once they have been depleted.

**SENATE BILL 30**

This bill transfers the administration of telecommunications relay service from DOA to PSC. Current law does not define “telecommunications relay service,” but it refers to a service that allows individuals with speech or hearing challenges to engage in voice telecommunications in a manner that is functionally equivalent to individuals without those challenges.

**TAXATION****INCOME TAXATION**

Under this bill, an individual who is eligible to claim the federal Earned Income Tax Credit may claim as a credit against Wisconsin taxes due 11 percent of the amount that the taxpayer may claim under the federal credit if the taxpayer has one or two qualifying children who have the same principal place of abode as the taxpayer. The credit is refundable. Currently, the percentage of the federal EITC that an individual may claim for Wisconsin purposes is 4 percent of the EITC if the claimant has one qualifying child with the same principal place of abode, 11 percent if the claimant has two qualifying children, and 34 percent if the claimant has three or more qualifying children. The bill does not change the percentage for claimants with three or more qualifying children.

This bill creates a refundable individual income tax credit, based on the EITC, for noncustodial parents. A claimant who meets a number of conditions may claim a credit equal to 7.5 percent of the federal basic EITC for which the claimant would have been eligible if he or she had a qualifying child under the EITC.

To be eligible to claim the credit, all of the following must apply:

1. The claimant did not claim the state EITC, is at least 18 years old, and is a full-year resident of this state.
2. The claimant is the parent of at least one child who did not reside with him or her.
3. The claimant was subject to a court order, for at least one-half of the tax year, requiring him or her to make child support payments, and DOR has verified that the claimant did in fact make such payments.

This bill authorizes an EITC claimant, who becomes married in the taxable year, to claim the greater of either the EITC that is calculated based on his or her current status as a married individual, or the EITC that he or she claimed in the immediately preceding taxable year. For the next two taxable years, such an individual may continue to claim the greater of either the EITC calculated for current year purposes, or the amount that he or she claimed in the taxable year before the year in which the claimant became married. Generally, married persons may not claim the EITC.

This bill creates a refundable individual income tax credit for individuals ages 18 to 21 who were either previously in foster care but aged out at age 18 or previously designated disabled under federal law, as a minor, but lost their disability status resulting from a redetermination at age 18. The credit that may be claimed is equal to 125 percent of the federal earned income tax credit for an individual who has no dependent children and may be claimed without regard to the age requirements for the federal EITC. The bill requires DOR to work with DCF and DHS to verify the claims of the claimants.

**SENATE BILL 30**

Under this bill, for homestead tax credit claims filed in 2018 and thereafter, claims may no longer be filed under current law by an individual who is not disabled or by an individual under the age of 62. The bill creates a new method to calculate the homestead tax credit for such individuals, based on the current law provisions, except able-bodied individuals and those under the age of 62 must have some earned income in the year to which the claim relates. Under the bill, the credit is calculated based on the lesser of 20 percent of the claimant's earned income in the taxable year, or the claimant's property taxes or rent constituting property taxes accrued in that year on the claimant's homestead.

Beginning with claims filed in 2018, this bill indexes for inflation two of the homestead tax credit formula factors, maximum income and income threshold, but only for claimants who are disabled or age 62 or older.

Under this bill, eligibility to claim the EITC and the homestead tax credit is limited for certain high-wage earners who have investment or business losses in excess of \$15,000 in the year to which the claim relates. The limitation created in the bill does not apply to a farmer whose primary income is from farming and whose farming generates less than \$250,000 in gross receipts.

Under this bill, for a married couple that files a joint income tax return, both spouses must be full-year residents of this state to be eligible to claim the working families tax credit.

This bill exempts from individual income taxation interest earned on bonds issued by WHEFA.

This bill clarifies that, when a taxpayer calculates the itemized deductions credit, the definition of Internal Revenue Code does not include adjustments made under the federal alternative minimum tax. The bill also modifies the calculation of the itemized deductions credit for nonresidents of this state by increasing the amount of the standard deduction that may be used by a nonresident to determine the claimable level of itemized deductions.

This bill changes the due date for a partnership, limited liability company, corporation, or tax-option corporation to file a state income or franchise tax return so that the return is due on the same date that the entity's federal income tax return is due. The bill also provides that a corporation that is required to pay periodic installments of estimated Wisconsin income or franchise tax must pay the first installment of the tax on or before the 15th day of the fourth month of the corporation's taxable year, except that, if the corporation's taxable year begins in April, the first installment must be paid in the third month of the corporation's taxable year. Under current law, the first installment for all corporations is due on the 15th day of the third month of the corporation's taxable year.

This bill also changes the due date for a partnership, limited liability company, tax-option corporation, estate, or trust (pass-through entity) to file a withholding tax return for amounts withheld from income of the pass-through entity that are distributable to a nonresident partner, member, shareholder, or beneficiary. Under the bill, a pass-through entity's withholding tax return is due on the same date that the pass-through entity's federal income tax return is due.

**SENATE BILL 30**

Under current law, if a pass-through entity underpays estimated withholding tax, the pass-through entity must pay interest on the amount of the underpayment for the period of the underpayment. This bill provides that no interest must be paid if the secretary of revenue determines that because of casualty, disaster, or other unusual circumstances it is not equitable to impose interest.

This bill provides that a taxpayer may not carry forward a net operating or a net business loss to offset future income of the taxpayer unless the taxpayer filed a tax return to claim the loss within four years after the due date for filing the tax return for the taxable year in which the loss was incurred. Additionally, the bill provides that a taxpayer that is allowed to carry back the loss to offset income in prior years may only do so if the taxpayer files a tax return to claim the carry-back within four years after the due date for filing the tax return for the taxable year to which the loss is carried back.

This bill makes various changes to the requirements for when and how certain information related to income and franchise taxes must be filed with DOR. The bill requires that a taxpayer that files ten or more wage statements or ten or more of any one type of information return with DOR must file those statements or returns electronically. Under current law, the electronic filing requirement applies to a taxpayer that files 50 or more statements or returns.

This bill provides that a person who must file the following information returns with DOR must file those returns no later than January 31 of the year following the year to which the return applies:

1. A return describing nonwage payments made by a resident of this state or a nonresident carrying on activities within this state in a calendar year in the amount of \$600 or more for services performed within this state by an individual.
2. A return describing royalties or rents deducted in determining the taxable income of a person that is not a corporation, except that the return need only describe royalties of \$600 or more paid during the taxable year to an individual who is a resident of this state and rents of \$600 or more paid during the taxable year to an individual for property that is located in this state.

Under current law, the deadline to file those information returns with DOR is March 15 for corporations and February 28 for all other persons.

This bill also requires that a resident of this state or a nonresident carrying on activities within this state must file an information return with DOR that describes wages paid in a calendar year that were not subject to withholding in this state for any of the following services:

1. Services performed within this state by an individual who is not a resident of this state.
2. Services performed by an individual who is a resident of this state, regardless of where the services are performed.

The deadline to file that return is the same as for the other information returns described above.

Under this bill, if an employer applies for an extension and shows good cause why an extension should be granted, DOR may grant a 30-day extension for the

**SENATE BILL 30**

employer to file those information returns. Under current law, DOR may grant a 60-day extension.

Current law allows an individual to claim an income tax deduction for the capital gain realized from an investment in a qualified Wisconsin business. A business may register with DOR as a qualified Wisconsin business if it has at least two full-time employees in this state and its payroll compensation to employees in this state is equal to at least 50 percent of its total payroll compensation.

This bill provides that, for purposes of registering with DOR, an employee of a professional employer organization or a professional employer group who is performing services for a client is considered an employee solely of the client. Under current law, a professional employer organization is any person contracting with a client to provide the client with an ongoing employee workforce. A professional employer group is two or more professional employer organizations controlled by the same person.

Currently, a corporation engaged in a unitary business with one or more corporations must report to DOR its share of income from the unitary business in the amount determined by the combined report filed by the agent of all such corporations. This requirement, however, does not apply to a corporation if all its income is exempt from state taxation. Under this bill, the reporting requirement applies to a captive insurance company even if its income is exempt from taxation. A "captive insurance company" is defined in the bill as a corporation that insures the risks primarily of itself or persons to which it is related.

This bill allows DOR to recover all or part of any tax credit allocated by WEDC for which WEDC has revoked its allocation. The bill also prohibits DOR and DOA from paying interest on refunds issued for the jobs tax credit, enterprise zone jobs credit, and business development credit. In addition, the bill prohibits DOR from issuing an income tax refund to an employed individual before March 1 unless both the individual and the individual's employer have filed all required returns and forms with DOR.

This bill modifies current law so that the income and franchise tax is imposed on the gross receipts from services relating to tangible personal property delivered to customers in this state and purchased by individuals who are physically present in this state at the time the services are received.

This bill prohibits a taxpayer from claiming both the manufacturing and agriculture credit and the other state credit on the same income.

**PROPERTY TAXATION**

This bill eliminates the forestation state property tax. Proceeds from the tax are paid into the conservation fund and used to acquire, preserve, and develop the forests of the state. The tax rate is 0.1697 mills for each dollar of the assessed value of the property of the state as determined by DOR. The bill provides that in each fiscal year an amount equal to 0.1697 mills for each dollar of the assessed value of the property of the state is transferred from the general fund to the conservation fund to be used for the same purpose as the tax.

This bill increases from \$853,000,000 to \$940,000,000 the amount appropriated for the school levy property tax credit, beginning with payments made in 2018. The

**SENATE BILL 30**

bill also allows a municipality to pass an ordinance to have DOA distribute the amounts of the school levy, lottery and gaming, and first dollar property tax credits directly to the municipality rather than to the county, if the total amount of the credits in any year is at least \$3,000,000. DOA would continue to distribute the amounts in this manner until the municipality repeals the ordinance or until the total amount of the credits in any year is less than \$3,000,000. Under current law, the municipality must approve the distribution in each year in which the total amount of the credits is at least \$3,000,000.

**OTHER TAXATION**

Under this bill, with regard to any income tax or franchise tax credit, deduction, or exemption that takes effect after December 31, 2016, no new claims for such a credit, deduction, or exemption may be filed more than seven years after the provision's initial applicability. In addition, the bill prohibits a person from claiming any sales and use tax, excise tax, or occupational tax exemption or credit more than seven years after the provision's effective date, unless the exemption is necessary to comply with the multistate sales and use tax agreement.

This bill provides that, with regard to a single-owner entity that is disregarded as a separate entity for federal tax purposes, any notice that DOR sends to the owner or to the entity is considered a notice sent to both and both are liable for any amounts due as specified in the notice. The bill applies to all laws administered by DOR.

Under this bill, for the two-day period beginning on the first Saturday in August and ending on the following Sunday, the sales of the following items are exempt from the sales tax and the use tax:

1. An item of clothing, not including clothing accessories, if the sales price of any single item is no more than \$75.
2. A computer purchased by the consumer for the consumer's personal use, if the sales price of the computer is no more than \$750.
3. School computer supplies, if the sales price of any single item is no more than \$250.
4. School supplies, if the sales price of any single item is no more than \$75.

The bill provides, however, that the exemption does not apply after 2018.

Under current law, there is a sales and use tax exemption for occasional sales of property, items, goods, and services. "Occasional sales" is defined to include isolated and sporadic sales of property, items, goods, and services where the infrequency supports the inference that the seller is not pursuing a full-time or part-time vocation, occupation, or business. This bill modifies the definition of occasional sales to provide a presumption that a seller who sells less than \$2,000 of property, items, goods, and services during a calendar year is not pursuing a full-time or part-time vocation, occupation, or business.

This bill creates an exemption from the state sales and use tax for certain frozen foods manufactured by a retailer at the retailer's off-site manufacturing facility. Under current law, the sale of food and food ingredients is generally exempt from the sales and use tax, but most prepared foods are excluded from that exemption. Under current law, "prepared food" includes, among other things, two or more food ingredients mixed or combined by a retailer for sale as a single item. The bill creates

**SENATE BILL 30**

a sales and use tax exemption for prepared food sold by a retailer that meets all of the following conditions:

1. The prepared food is manufactured by the retailer in a building assessed for property tax purposes as manufacturing property or that would be assessed as manufacturing property if the building was located in this state.
2. The retailer makes no retail sales of prepared food at the building in which the prepared food is manufactured.
3. The retailer freezes the prepared food prior to its sale.
4. The retailer sells the prepared food at retail in a frozen state.
5. The prepared food is not sold with eating utensils that are provided by the retailer.
6. The prepared food is not candy, soft drinks, or dietary supplements.

This bill expands the sales and use tax exemption for property, items, and services (products) sold in connection with real property construction activities as part of a lump sum contract to all construction contracts. Under current law, there is a sales and use tax exemption for products sold by a contractor as part of a lump sum contract for real property construction activities if the total sales price attributable to the taxable products is less than 10 percent of the total contract price. Under the bill, the exemption is expanded to apply to all construction contracts involving real property construction activities if the total sales price of the taxable products is less than 10 percent of the total contract price. If the exemption applies, the contractor is the consumer of, and pays the sales tax on, the products.

This bill also provides that, if the prime contract qualifies for the exemption, the exemption applies to all subcontracts entered into with respect to the real property construction activities. If the exemption applies to a subcontract, the subcontractor is the consumer of, and pays the sales tax on, the products. Under current law, if a construction contract is between a contractor and a tax-exempt entity, the contractor may purchase, without tax for resale to the tax-exempt entity, any products that will be sold by the contractor to the tax-exempt entity as part of a construction contract. The bill extends that sales and use tax exemption to products purchased by a subcontractor for eventual resale to the tax-exempt entity.

This bill provides that a seller who continues to collect sales tax erroneously on a product after receiving two or more written notices from DOR indicating that the product is not taxable is entitled to an adjustment or a refund of the tax collected only if the seller returns the tax and related interest to the buyers or to DOR if the buyers cannot be located. A seller who fails to submit the tax and interest within the 90-day period is subject to a penalty equal to 25 percent of the tax and interest or, in the case of fraud, a penalty equal to the tax and interest. The penalty provided in the bill is the same as the penalty under current law for other instances when a seller claims an adjustment or a refund of sales tax, but fails to submit the tax and interest to the buyer or to DOR.

Current law requires a state agency to enter into an agreement with DOR to have DOR collect debts owed to the agency that are more than 90 days past due, except under certain circumstances. This bill requires an agency to exclude certain

**SENATE BILL 30**

debts from collection if the agency receives written notice from DOA or DOR identifying the specific debts for exclusion.

**TRANSPORTATION****HIGHWAYS**

This bill allows general obligation bonding in an amount not exceeding \$449,738,300 under one of the provisions authorizing bonding for DOT to fund state highway rehabilitation projects.

Under current law, the Building Commission may issue revenue bonds for major highway projects and transportation administrative facilities in a principal amount that may not exceed \$3,931,472,900. This bill increases the revenue bond limit to \$4,096,634,600.

Under current law, highway improvement projects undertaken by DOT must be executed by contract based on bids, with limited exceptions. This bill authorizes DOT, for no more than three highway improvement projects, to enter into contracts using a construction manager-general contractor process. Under this process, the department contracts with a provider of construction services to supervise the design work for the project and, subject to an acceptable proposal, contracts with the provider of construction services for construction of the project.

Under current law, state, federal, and local appropriations authorize DOT expenditures for the installation, replacement, or rehabilitation of traffic control signals and intelligent transportation systems. Under current law, no money from these appropriations may be encumbered after June 30, 2019. This bill extends the date after which no money from each appropriation may be encumbered to June 30, 2021.

**DRIVERS AND MOTOR VEHICLES**

Under current law, at least 30 days prior to the expiration of a motor vehicle's registration, DOT must mail to the last-known address of the registrant a notice of the date upon which the registration must be renewed and an application form for renewal of registration. Under this bill, DOT may provide these materials by electronic mail.

Currently, at least 30 days prior to the expiration of a special identification card for a person with a disability that limits or impairs the ability to walk, DOT must mail to the last-known address of the cardholder a renewal application. Under this bill, DOT may provide this application by electronic mail.

Also under current law, no person may operate or knowingly permit the operation of a motor vehicle if the registration for that vehicle is suspended, revoked or canceled. It is a defense to an alleged violation of this provision that the person did not know, and had no reason to know, that the registration was suspended, revoked, or canceled at the time of the violation. However, refusal to accept or failure to receive an order of suspension, revocation, or cancellation mailed by DOT to the person's last-known address is not a defense to a violation of this provision. This bill provides that a refusal to accept or failure to receive an order of suspension, revocation, or cancellation provided by DOT by electronic mail to the person's last-known electronic mail address is also not a defense.

**SENATE BILL 30**

Currently, DOT is required to notify certain motor vehicle owners by mail that an emissions inspection must be performed. Under this bill, if the vehicle owner desires, DOT may notify these owners by electronic means.

This bill increases the penalty for generic inattentive driving and for composing or sending an electronic text or electronic mail message while driving to a forfeiture of not less than \$40 nor more than \$400.

Under current law, anyone wishing to transport certain radiological materials on a highway must first obtain a permit from DOT. DOT must charge a fee of \$1,800 for this permit. Moneys collected from the issuance of these permits are deposited in the general fund and appropriated for providing escort services for the carriers of radiological materials. Under this bill, moneys collected from the issuance of these permits are deposited in the transportation fund.

**TRANSPORTATION AIDS**

Under current law, DOT makes aid payments to counties based on a share-of-costs formula and to municipalities based on the greater of a share-of-costs formula or an aid rate per mile. Under this bill, the aid rate per mile is increased to \$2,389. The bill also increases the maximum amount of aid that may be paid to counties under the program to \$111,093,800 and increases the maximum amount of aid that may be paid to municipalities under the program to \$348,639,300.

Under current law, DOT administers the Local Roads Improvement Program (LRIP) to assist political subdivisions in improving seriously deteriorating local roads by reimbursing political subdivisions for certain improvements. LRIP includes an entitlement component and a discretionary component. Under the entitlement component, DOT distributes an appropriated amount to political subdivisions according to statutorily prescribed allocation percentages. Under the discretionary component, DOT allocates funds in fiscal year 2016-17 and each fiscal year thereafter as follows: \$5,127,000 to fund eligible county trunk highway improvements, \$5,732,500 to fund eligible town road improvements, and \$976,500 to fund eligible municipal street improvements.

This bill increases DOT's allocations for the discretionary component of LRIP for fiscal year 2017-18 and each fiscal year thereafter as follows: \$5,500,000 to fund eligible county trunk highway improvements, \$6,000,000 to fund eligible town road improvements, and \$5,000,000 to fund eligible municipal street improvements.

Currently under LRIP, DOT may reimburse a political subdivision for up to 50 percent of the eligible costs of a completed improvement. Under this bill, DOT may reimburse a political subdivision for up to 50 percent of the eligible costs of an improvement funded under the entitlement component and up to 60 percent of the eligible costs of an improvement funded under the discretionary component.

**RAIL AND AIR TRANSPORTATION**

Under current law, the state may contract up to \$238,300,000 in public debt for DOT to acquire railroad property and to provide grants and loans for railroad property acquisition and improvement. This bill increases this authorized general obligation bonding limit for these purposes to \$250,300,000.

**SENATE BILL 30****OTHER TRANSPORTATION**

Under this bill, beginning on June 30, 2020, the secretary of administration must annually transfer from the petroleum inspection fund to the transportation fund the unencumbered balance of the petroleum inspection fund, less a reserve amount.

This bill also transfers \$24,000,000 from the petroleum inspection fund to the transportation fund in each year of the fiscal biennium.

This bill also allows general obligation bonding in an amount not exceeding \$120,000,000 for DOT to provide grants for harbor improvements.

**VETERANS**

This bill increases the maximum that a federally recognized state veterans organization may receive under a certain grant program administered by DVA from \$70,000 to \$100,000. The bill also removes the current law requirement that grants that are provided by DVA to counties to improve services for veterans are provided solely on a reimbursable basis.

Because this bill relates to an exemption from state or local taxes, it may be referred to the Joint Survey Committee on Tax Exemptions for a report to be printed as an appendix to the bill.

4           charter or similar form of permission.

5           **(2) REPORT ON BILLS CREATING OCCUPATIONAL LICENSES.** (a) If any bill that is  
6           introduced in either house of the legislature creates a requirement that an individual  
7           obtain a license in order to engage in a particular profession or occupation or a  
8           requirement that a license be obtained in order for a particular type of business to  
9           be owned or operated, the department of administration shall prepare and issue an  
10          occupational license report on the bill within 30 business days after it is introduced.  
11          The department shall request information from any individual or business that the

3 comply with requests by the department for information that is reasonably  
4 necessary for the department to prepare the report. To the greatest extent possible,  
5 reports under this section shall be based on the information obtained by the  
6 department from individuals, businesses, and agencies under this paragraph.

7 (b) A bill that requires a report by the department of administration under this  
8 section shall have that requirement noted on its jacket when the jacket is prepared.  
9 When a bill that requires a report under this section is introduced, the legislative  
10 reference bureau shall submit a copy of the bill to the department of administration.

11 (c) The report prepared under this section shall be printed as an appendix to  
12 the applicable bill and shall be distributed in the same manner as amendments. The  
13 report shall be distributed before any vote is taken on the bill by either house of the  
14 legislature if the bill is not referred to a standing committee, or before any public  
15 hearing is held before any standing committee or, if no public hearing is held, before  
16 any vote is taken by the committee. The department of administration shall also  
17 publish the report on its Internet site.

18 **(3) FINDINGS TO BE CONTAINED IN THE REPORT.** The department of administration  
19 shall include all of the following in a report prepared under sub. (2):

20 (a) An evaluation of whether the unregulated practice of the profession,

22 of the public, and whether the potential for the harm is recognizable and not remote

5 (e) An estimate of the number of individuals or businesses that would be  
6 affected by the requirement.

7 (f) An estimate of the total additional financial burden that will be imposed on  
8 an individual or business as a result of the licensure requirement, including  
9 education or training costs, examination fees, private credential fees, credential fees  
10 imposed by the agency, and other costs that the individual or business will have to  
11 incur in order to obtain the license.

12 (g) Any statement or analysis from the agency that would administer the  
13 licensure requirement.

14 **SECTION 2.** 13.101 (6) (a) of the statutes is amended to read:

15 13.101 **(6)** (a) As an emergency measure necessitated by decreased state  
16 revenues and to prevent the necessity for a state tax on general property, the  
17 committee may reduce any appropriation made to any board, commission,  
18 department, or the University of Wisconsin System, or to any other state agency or  
19 activity, by such amount as it deems feasible, not exceeding 25 percent of the

1 expended under such appropriations in the prior fiscal year which ended June 30.  
2 All functions of said state agencies shall be continued in an efficient manner, but  
3 because of the uncertainties of the existing situation no public funds should be  
4 expended or obligations incurred unless there shall be adequate revenues to meet the  
5 expenditures therefor. For such reason the committee may make reductions of such  
6 appropriations as in its judgment will secure sound financial operations of the  
7 administration for said state agencies and at the same time interfere least with their  
8 services and activities.

4           35.93 (2) (b) 3. im. Notices of public comment periods on proposed guidance

6           **SECTION 594.** 36.02 of the statutes is created to read:

7           **36.02 Freedom of expression. (1)** The board and each institution and  
8 college campus shall be committed to free and open inquiry in all matters and shall  
9 guarantee all members of the system's community the broadest possible latitude to  
10 speak, write, listen, challenge, and learn. Except to the extent limitations on that  
11 freedom are necessary to the functioning of the system, the board and each  
12 institution and college campus shall fully respect and support the freedom of all  
13 members of the system's community to discuss any problem that presents itself.

14           **(2)** In the face of conflicting ideas, it is not the proper role of the board or any  
15 institution or college campus to attempt to shield individuals from ideas and opinions  
16 they find unwelcome, disagreeable, or even deeply offensive. Although the board and  
17 each institution and college campus shall greatly value civility, and although all  
18 members of the system's community share in the responsibility for maintaining a  
19 climate of mutual respect, concerns about civility and mutual respect can never be  
20 used as a justification for closing off discussion of ideas, however offensive or  
21 disagreeable those ideas may be to some members of the system's community.

22           **(3)** Although members of the system's community shall have freedom to debate  
23 and discuss the merits of competing ideas, the board and each institution and college  
24 campus may restrict expression that violates the law, that falsely defames a specific  
25 individual, that constitutes a genuine threat or harassment, that unjustifiably

**SENATE BILL 30****SECTION 594**

1 invades substantial privacy or confidentiality interests, or that is otherwise directly  
2 incompatible with the functioning of the system. In addition, the board and each  
3 institution and college campus may reasonably regulate the time, place, and manner  
4 of expression to ensure that it does not disrupt the ordinary activities of the system.  
5 However, these exceptions to the general principle of freedom of expression shall be  
6 construed narrowly and are not intended to be used in a manner that is inconsistent  
7 with the system's commitment to a completely free and open discussion of ideas. The  
8 system's fundamental commitment is to the principle that debate or deliberation  
9 may not be suppressed because the ideas put forth are thought by some or even by  
10 most members of the system's community to be offensive, unwise, immoral, or  
11 wrongheaded. It is for the individual members of the system's community, not for the  
12 board or any institution or college campus, to make those judgments for themselves,  
13 and to act on those judgments not by seeking to suppress speech, but by openly and  
14 vigorously contesting the ideas that they oppose. Fostering the ability of members  
15 of the system's community to engage in such debate and deliberation in an effective  
16 and responsible manner is an essential part of the system's educational mission.

17 (4) As a corollary to the system's commitment to protect and promote free  
18 expression, members of the system's community must also act in conformity with the  
19 principle of free expression. Although members of the system's community are free  
20 to criticize and contest the views expressed on the campuses of the system, and to  
21 criticize and contest speakers who are invited to express their views on these  
22 campuses, they may not obstruct or otherwise interfere with the freedom of others  
23 to express views they reject or even loathe. To this end, the board and each institution  
24 and college campus has a responsibility not only to promote a lively and fearless

**SENATE BILL 30****SECTION 594**

1 freedom of debate and deliberation, but also to protect that freedom when others  
2 attempt to restrict it.

3 **SECTION 595.** 36.09 (3) (a) of the statutes is amended to read:

4 36.09 (3) (a) The chancellors shall be the executive heads of their respective  
5 faculties and institutions and shall be vested with the responsibility of

11 academic standards and establishing grading systems; defining and administering

3 law, or any part thereof when in its judgment it is for the best interests of the system  
4 and the state. All purchases of real property shall be subject to the approval of the

18 described in this paragraph who is a nonclient resident or a potential nonclient  
19 resident of a child care program.

9 2., specifically any information indicating that the caregiver is ineligible under sub.  
10 (4m) (a) to be licensed, certified, or contracted to operate a child care program, and  
11 describing any action taken in response to the receipt of information under sub. (2)  
12 (am) indicating that such a caregiver is so ineligible.

13 (4) (a) A child care program that violates sub. (2), (3), or (4m) (a) is subject to  
14 a forfeiture of not more than \$1,000 and to other sanctions specified by the

12 a contested case hearing is held on such a determination, a final decision has been  
13 made under s. 48.981 (3) (c) 5p. that the person has abused or neglected a child.

14 5. That the department has determined the person ineligible to be licensed to  
15 operate a child care center under s. 48.65, to be certified to operate a child care

17 employed as a caregiver at a child care program, or to be a nonclient resident at a  
18 child care program.

20 that the person refused to participate in, cooperate with, or submit required  
21 information for the criminal background check described in sub. (2) (am), including

24 with the person's criminal background check described in sub. (2).

**SENATE BILL 30****SECTION 831**

1           8. That the person knowingly omitted material information requested in  
2 connection with the person's criminal background check conducted under sub. (2).

3           (ad) The department may license a child care center under s. 48.65; the  
4 department in a county having a population of 750,000 or more, a county  
5 department, or an agency contracted with under s. 48.651 (2) may certify a child care

21           **(4p)** (a) The department shall provide the results of the criminal background  
22 check to the child care program in a written report that indicates only that the

5 reside at the child care program, the department's report shall include information  
6 on each disqualifying crime and information on the right to appeal.

7           (c) Before the department completes its report under par. (a), a caregiver under  
8 sub. (1) (ag) 2. may submit a written request to the department for a preliminary  
9 report indicating whether a potential caregiver or nonclient resident is eligible to  
10 work or reside at a child care program under sub. (4m) (c). If the department receives  
11 such a request, it shall provide a written preliminary report to that caregiver  
12 indicating whether the individual is barred from employment as a caregiver or

14 (am) 1. or 7. If the individual is ineligible for employment or residence at a child care  
15 program based on the results of the preliminary report, the department shall also  
16 provide a preliminary report to the individual containing information related to each  
17 disqualifying crime.

18           (d) The results of a report under par. (c) may not be appealed by the individual

6 shown.

7 (c) An appeal shall be submitted in the manner and on forms prescribed by the  
8 department, and must include all of the following information:

9 1. The information or issue disputed by the individual.

10 2. Any information known to the individual, or available to the individual  
11 through the exercise of reasonable diligence, that supports the individual's position.

12 3. The current or last known names, addresses, telephone numbers, and email  
13 addresses of any persons known or believed to have information relevant to

22 (f) The department shall sustain the results of its criminal background check

4 (h) An appellant under this subsection may seek reconsideration of the

6 (i) A request for reconsideration detailing the basis for the request must be sent

13 (k) A denial of reconsideration under this subsection is a final decision of the  
14 department, and the appellant has a right to a contested case hearing under ch. 227.

15 (L) The appeal and reconsideration process set forth in this subsection is the  
16 exclusive method for disputing a criminal history background report issued by the  
17 department. The department's decision may not be appealed in a ch. 68 or 227  
18 proceeding challenging the denial of a license, certification, or contract to operate a

20 report or challenging any other child care regulatory action taken in reliance upon  
21 that report.

22 (m) Notwithstanding s. 19.35, the department may not publicly release or

7 under s. 48.651, and a school board may contract with under s. 120.13 (14) a person  
8 who otherwise may not be licensed, certified, or contracted with for a reason specified  
9 in sub. (4m) (a) 1. to 8., and a child care program may employ, contract with, or permit  
10 to reside at the child care program a person who otherwise may not be so employed,  
11 contracted with, or permitted to reside for a reason specified in sub. (4m) (a) 1. to 8.,  
12 if the person demonstrates to the department, the county department, the contracted  
13 agency, or the school board or, in the case of a child care program that is located within  
14 the boundaries of a reservation, to the person or body designated by the Indian tribe  
15 under sub. (5d) (a) 3., by clear and convincing evidence and in accordance with

4 any probation, parole, or extended supervision, or was discharged by the department  
5 of corrections, 5 or more years before the date of the investigation under sub. (2) (am),  
6 then the conviction or delinquency adjudication alone does not make the person  
7 ineligible to be licensed as a child care center under s. 48.65, certified as a child care  
8 provider under s. 48.651, contracted with under s. 120.13 (14), or employed by,  
9 contracted with, or permitted to reside at a child care program and, with respect to

13 **(5c)** (a) Any person who is permitted but fails under sub. (5) (a) to demonstrate

23 68.

24 (c) Any person who is permitted but fails under sub. (5) (a) to demonstrate to  
25 a school board that he or she has been rehabilitated may appeal to the state

1 superintendent of public instruction or his or her designee. Any person who is  
2 adversely affected by a decision of the state superintendent or his or her designee  
3 under this paragraph has a right to a contested case hearing under ch. 227.

4 **(5d)** (a) Any Indian tribe that chooses to conduct rehabilitation reviews under  
5 sub. (5) shall submit to the department a rehabilitation review plan that includes all  
6 of the following:

7 1. The criteria to be used to determine if a person has been rehabilitated.

8 2. The title of the person or body designated by the Indian tribe to whom a  
9 request for review must be made.

17 information in its report to the legislature required under sub. (5g).

18 5. A copy of the form to be used to request a review and a copy of the form on  
19 which a written decision is to be made regarding whether a person has demonstrated  
20 rehabilitation.

21 (b) If, within 90 days after receiving the plan, the department does not  
22 disapprove the plan, the plan shall be considered approved. If, within 90 days after  
23 receiving the plan, the department disapproves the plan, the department shall  
24 provide notice of that disapproval to the Indian tribe in writing, together with the  
25 reasons for the disapproval. The department may not disapprove a plan unless the

**SENATE BILL 30****SECTION 831**

1 department finds that the plan is not rationally related to the protection of clients.  
2 If the department disapproves the plan, the Indian tribe may, within 30 days after  
3 receiving notice of the disapproval, request that the secretary review the  
4 department's decision. A final decision under this paragraph is not subject to further  
5 review under ch. 227.

6 **(5g)** On January 1 of each year, the department shall submit a report to the  
7 legislature under s. 13.172 (2) that specifies the number of persons in the previous

12 **(5m)** Notwithstanding s. 111.335, the department may refuse to license a  
13 person to operate a child care center, the department in a county having a population

15 48.651 (2) may refuse to certify a child care provider under s. 48.651, a school board

18 reside at the child care program if the person has been convicted of or adjudicated  
19 delinquent on or after his or her 10th birthday for an offense that is not a serious

23           7. Delivery charges, including shipping, handling, and service charges, are part  
24 of the sales price of eligible property. For the purpose of determining the price

5 eligible property and taxable property, including an item of eligible property with a  
6 sales price in excess of the price threshold, the seller shall allocate the delivery,  
7 handling, and service charge by using one of the following methods and shall apply

11 to the total sales price of all property in the shipment.

12 b. A percentage based on the total weight of the taxable property compared to  
13 the total weight of all property in the shipment.

17 exemption period.

18 b. The purchaser orders and pays for the item and the seller accepts the order  
19 during the exemption period for immediate shipment, even if delivery is made after

22 to fill an order include placement of an in date stamp on a mail order or assignment  
23 of an order number to a telephone order. For purposes of this subdivision, an order  
24 is for immediate shipment when the customer does not request delayed shipment

**SENATE BILL 30****SECTION 1194**

1 and regardless of whether the shipment is delayed because of a backlog of orders or  
2 because stock is currently unavailable, or on back order, by the seller.

6 receipt or invoice that shows tax was paid or the seller has sufficient documentation  
7 to show that tax was paid on the specific item.

8 10. The time zone of the seller's location determines the authorized period for  
9 the exemption under this subsection when the retailer and purchaser are located in

17 108.09 (6) (e) The department may promulgate any rules necessary to provide

19 **SECTION 1426.** 108.09 (7) (a), (b), (c), (dm), (e) and (f) of the statutes are  
20 amended to read:

21 108.09 (7) (a) Any party that is not the department may commence an action  
22 for the judicial review of a decision of the ~~commission~~ administrator under this  
23 chapter after exhausting the remedies provided under this section. The department  
24 may commence an action for the judicial review of a ~~commission~~ decision of the  
25 administrator under this section, but the department is not required to have been

**SENATE BILL 30****SECTION 1426**

1 a party to the ~~proceedings before the commission~~ review by the administrator or to  
2 have exhausted the remedies provided under this section. In an action commenced  
3 under this section by a party that is not the department, the department shall be a  
4 defendant and shall be named as a party in the complaint commencing the action.  
5 If a plaintiff fails to name either name the department ~~or the commission~~ as  
6 ~~defendants and a defendant~~ or serve the commission department as required by this  
7 subsection, the court shall dismiss the action.

8 (b) Any judicial review under this chapter shall be confined to questions of law  
9 and shall be in accordance with this subsection. In any such judicial action, the  
10 ~~commission~~ department may appear by any licensed attorney who is a salaried  
11 employee of the ~~commission~~ department and has been designated by it for that  
12 purpose, or, at the ~~commission's~~ department's request, by the department of justice.  
13 ~~In any such judicial action, the department may appear by any licensed attorney who~~  
14 ~~is a salaried employee of the department and has been designated by it for that~~  
15 ~~purpose.~~

16 (c) 1. The findings of fact made by the ~~commission~~ an appeal tribunal acting  
17 within its powers shall, in the absence of fraud, be conclusive. The order of the  
18 ~~commission~~ administrator is subject to review only as provided in this subsection and  
19 not under ch. 227 or s. 801.02. Within 30 days after the date of an order made by the  
20 ~~commission~~ administrator, any party or the department may, by serving a complaint  
21 as provided in subd. 3. and filing the summons and complaint with the clerk of the  
22 circuit court, commence an action ~~against the commission~~ for judicial review of the  
23 order. In an action for judicial review of ~~a commission~~ an order of the administrator,  
24 every other party to the proceedings before the ~~commission~~ administrator shall be  
25 made a defendant. The department shall also be made a defendant if the department

**SENATE BILL 30****SECTION 1426**

1 is not the plaintiff. If the circuit court is satisfied that a party in interest has been  
2 prejudiced because of an exceptional delay in the receipt of a copy of any order, the  
3 circuit court may extend the time in which an action may be commenced by an  
4 additional 30 days.

5 2. Except as provided in this subdivision, the proceedings shall be in the circuit  
6 court of the county where the plaintiff resides, except that if the plaintiff is the  
7 department, the proceedings shall be in the circuit court of the county where a  
8 defendant ~~other than the commission~~ resides if there is such a county. The  
9 proceedings may be brought in any circuit court if all parties appearing in the case  
10 agree or if the court, after notice and a hearing, so orders. Commencing an action  
11 in a county in which no defendant resides does not deprive the court of competency  
12 to proceed to judgment on the merits of the case.

13 3. In such an action, a complaint shall be served with an authenticated copy  
14 of the summons. The complaint need not be verified, but shall state the grounds upon  
15 which a review is sought. Service upon the ~~commission~~ department or an agent  
16 authorized by the ~~commission~~ department to accept service constitutes complete  
17 service on all parties, but there shall be left with the person so served as many copies  
18 of the summons and complaint as there are defendants, and the ~~commission~~  
19 department shall mail one copy to each other defendant.

20 4. Each defendant shall serve its answer within 20 days after the service upon  
21 the ~~commission~~ department under subd. 3., which answer may, by way of  
22 counterclaim or cross complaint, ask for the review of the order referred to in the  
23 complaint, with the same effect as if the defendant had commenced a separate action  
24 for the review of the order.

**SENATE BILL 30****SECTION 1426**

1           5. Within 60 days after appearing in an action for judicial review, the  
2 ~~commission~~ department shall make return to the court of all documents and  
3 materials on file in the matter, all testimony that has been taken, and the  
4 ~~commission's~~ administrator's order and findings. Such return of the ~~commission~~  
5 department, when filed in the office of the clerk of the circuit court, shall constitute  
6 a judgment roll in the action, and it shall not be necessary to have a transcript  
7 approved. After the ~~commission~~ department makes return of the ~~judgment roll~~ to  
8 the court, the court shall schedule briefing by the parties. Any party may request  
9 oral argument before the court, subject to the provisions of law for a change of the  
10 place of trial or the ~~calling in~~ substitution of another judge.

11           6. The court may confirm or set aside the ~~commission's~~ administrator's order,  
12 but may set aside the order only upon one or more of the following grounds:

13           a. That the ~~commission~~ appeal tribunal or the administrator acted without or  
14 in excess of its powers.

15           b. That the ~~order~~ decision was procured by fraud.

16           c. That the findings of fact by the ~~commission~~ appeal tribunal do not support  
17 the order.

18           (dm) The court shall disregard any irregularity or error of the ~~commission~~  
19 appeal tribunal, the administrator, or the department unless it is made to  
20 affirmatively appear that a party was damaged by that irregularity or error.

21           (e) The record in any case shall be transmitted to the ~~commission~~ department  
22 within 5 days after expiration of the time for appeal from the order or judgment of  
23 the court, unless an appeal is taken from the order or judgment.

24           (f) ~~If the commission's order depends on any fact found by the commission, the~~

2 court may, however, set aside the ~~commission's~~ administrator's order and remand the  
3 case ~~to the commission~~ if the ~~commission's~~ order depends on any material and  
4 controverted finding of fact that is not supported by credible and substantial  
5 evidence.

6 **SECTION 1427.** 108.09 (7) (h) and (i) of the statutes are amended to read:

7 108.09 (7) (h) The clerk of any court rendering a decision ~~affecting a decision~~

9 decision without charge.

10 (i) No fees may be charged by the clerk of any circuit court for the performance  
11 of any service required by this chapter, except for the entry of judgments and for  
12 certified transcripts of judgments. In proceedings to review an order under this  
13 section, costs as between the parties shall be in the discretion of the court.

13 business days after the movant files the motion.
