May 15, 2019 - Introduced by Representatives Hebl, Bowen, Anderson, L. Myers, Pope, Quinn, Riemer, Spreitzer, Stubbs, Zamarripa and Ohnstad, cosponsored by Senators L. Taylor, Wirch and Smith. Referred to Committee on Criminal Justice and Public Safety.

AN ACT to repeal 165.77 (4) (am) 2. b. and 165.77 (4) (am) 3. b.; and to create

165.77 (4) (cm) of the statutes; relating to: expungement of deoxyribonucleic

acid from crime laboratories if the person is not found guilty or adjudicated

delinquent.

### Analysis by the Legislative Reference Bureau

Under this bill, if a court reaches final disposition for all charges and allegations for which a person was required to provide a biological sample to the Department of Justice for deoxyribonucleic acid (DNA) analysis and the person is not found guilty or delinquent on any such charge or allegation, the court must inform DOJ. DOJ must then purge all DNA records and information, and destroy all biological samples, pertaining to that person. Current law requires such a person to request DOJ to purge all records and information and destroy all such samples and for DOJ to verify that final disposition was reached on all charges and allegations without a guilty or delinquent verdict before fulfilling the request.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
