March 10, 2021 - Introduced by Representatives KRUG, ARMSTRONG, EDMING, KNODL, KURTZ, MOSES, OLDENBURG, ROZAR and TUSLER, cosponsored by Senators COWLES, STROEBEL, BALLWEG, NASS and ROTH. Referred to Committee on Sporting Heritage.

1 **AN ACT** *to create* 289.56 of the statutes; **relating to:** disposal of deer carcasses.

Analysis by the Legislative Reference Bureau

This bill requires the Department of Natural Resources to award up to \$200,000 in grants in the 2021-23 fiscal biennium for the creation of new sites for the disposal of deer carcasses. DNR must prioritize the development of sites in underserved areas that are affected by chronic wasting disease and ensure the greatest geographic distribution of disposal sites. Disposal sites created with a grant award must be accessible to the general public throughout deer hunting season and may not charge any fee for carcass disposal.

An applicant may receive only one grant for a disposal site but may apply for a grant in an amount equal to the applicant's eligible expenses over a three-year period. Eligible expenses include disposal equipment, pickup and disposal of carcasses, site preparation and promotion, and other expenses approved by DNR.

The bill also provides that the operator of a landfill may not refuse to accept any deer carcass that is in a bag for disposal.

For further information see the state and local fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
