1 **IN ACT** *to renumber and amend* 250.15 (1); and *to create* 250.15 (1) (b) and
2 250.15 (2) (d) of the statutes; **relating to:** grants for free and charitable clinics;
3 funding for special education, the University of Wisconsin System, and the
4 technical college system; and making an appropriation..

Analysis by the Legislative Reference Bureau

Under current law, the Department of Health Services is required to award grants each fiscal year to several classes of community health centers. A community health center is a health care entity that provides primary health care, health education, and social services to low-income individuals. The 2019 biennial budget act, 2019 Wisconsin Act 9, required DHS to annually award \$500,000 in grants to free and charitable clinics from the same community health services appropriation. This bill continues the grant for free and charitable clinics and directs DHS to annually award \$2,500,000 in grants to free and charitable clinics. This bill defines “free and charitable clinics” as health care organizations that use a volunteer and staff model to provide health services to uninsured, underinsured, underserved, economically and socially disadvantaged, and vulnerable populations and that meet criteria specified in the bill. If the grants are awarded, the bill provides additional funding to the Department of Public Instruction for aids for special education and to the University of Wisconsin System and the technical college system.
