### *Analysis by the Legislative Reference Bureau*

This bill requires the Department of Health Services to notify every service with which an individual has a local credentialing agreement if DHS takes administrative action against that individual's training permit, license, or certificate.

Under current law, an individual must have an appropriate training permit, license, or certificate to act as an emergency medical responder or emergency medical services practitioner. In addition, in order for an emergency medical responder or emergency medical services practitioner to provide emergency medical care for an emergency medical services provider, that individual must be credentialed with that emergency medical services provider through a local credentialing agreement approved by the provider's service director and medical director. An individual may have local credentialing agreements with one or more emergency medical services providers. If DHS takes administrative action against an individual's training permit, license, or certificate, the bill requires DHS to notify the medical director or
