## 2023 ASSEMBLY BILL 68

February 23, 2023 - Introduced by Representatives Allen, Knodl, Behnke, Bodden, Brooks, Duchow, Donovan, Gundrum, Murphy, Penterman, Rettinger, Rozar, Spiros and Steffen, cosponsored by Senators Wanggaard, Bradley, Hutton, Nass and Stroebel. Referred to Committee on Criminal Justice and Public Safety.

- 1 AN ACT to amend 940.02 (2) (intro.) of the statutes; relating to: first-degree
- 2 reckless homicide and providing a penalty.

## Analysis by the Legislative Reference Bureau

Under current law, it is a Class C felony to cause the death of another human being by manufacture, distribution, or delivery of, or by administering or assisting in administering, certain schedule I or schedule II controlled substances, controlled substance analogs, or ketamine or flunitrazepam. A Class C felony is punishable by a fine of up to \$100,000 or imprisonment for up to 40 years, or both. This bill increases the penalty for such conduct from a Class C to a Class B felony. A Class B felony is punishable by imprisonment for up to 60 years.

Because this bill creates a new crime or revises a penalty for an existing crime, the Joint Review Committee on Criminal Penalties may be requested to prepare a report.
