- 1 **AN ACT *to create*** 118.018 and 121.02 (1) (L) 1m. of the statutes; **relating to:**
- 2 requiring child sexual abuse prevention education.

Analysis by the Legislative Reference Bureau

Beginning in the 2026-27 school year, this bill requires each school board to provide a child sexual abuse prevention instructional program to pupils in grades four-year-old kindergarten to 12. Under the bill, each school board must include various topics in its child sexual abuse prevention instructional program, including 1) age-appropriated facts about sexual abuse; 2) how to communicate incidents of sexual abuse to trustworthy adults; 3) how to set and respect personal boundaries; and 4) information about giving and receiving consent. Annually before offering the child sexual abuse prevention instructional program to a pupil, the bill requires that each school board provide a pupil's parent or guardian with information related to the instructional program, including approximately when it will be provided to the pupil, an explanation of how to opt out of the instructional program, an outline of the instructional program for the pupil's specific grade, and facts and clear explanations related to specific child sexual abuse topics. Lastly, under the bill, a pupil's parent or guardian may opt the pupil out of the instructional program by filing a written request with the pupil's teacher or principal.

For further information see the local fiscal estimate, which will be printed as an appendix to this bill.
