Referred to Committee on Rules.

1 **Relating to:** proclaiming June as Dairy Month in Wisconsin.

2 Whereas, since 1937, the observation of Dairy Month in June has given
3 Wisconsinites an opportunity to recognize the special role dairy has played in the
4 state's agricultural heritage; and

5 Whereas, as early as the 1840s, dairy farmers from New York, then the
6 nation's leading dairy producer, migrated to Wisconsin and established a foothold
7 for the dairy industry; and

8 Whereas, in 1872, the Wisconsin Dairyman's Association was founded with
9 the goal of improving methods of making, selling, and marketing dairy products
10 such as cheese and butter; and

11 Whereas, at the turn of the century, Wisconsin's own Stephen Babcock
12 developed a means to test the butterfat content of milk, which revolutionized the
13 dairy industry by enabling standards of quality that could be used to establish milk
14 prices; and
