1 **AN ACT** *to amend* 71.10 (4) (i); *to create* 20.835 (2) (cd) and 71.07 (8n) of the
2 statutes; **relating to:** creating a refundable individual income tax credit for
3 the parent of a stillbirth and making an appropriation.

Analysis by the Legislative Reference Bureau

This bill creates a refundable individual income tax credit of \$2,000 that may be claimed by the parents of a stillbirth. The bill defines “stillbirth” as a birth that occurs in this state that results in a stillbirth for which a fetal death report is required. Because the credit is refundable, if the amount of the credit for which the individual is eligible exceeds his or her tax liability, the difference will be refunded to the claimant.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
