147.01 Definitions. (1) The "basic science law" is sections 147.01 to 147.12, inclusive, and as used therein:

(a) To "treat the sick" is to examine into the fact, condition, or cause of human health or disease, or to treat, operate, prescribe, or advise for the same, or to undertake, offer, advertise, announce, or hold out in any manner to do any of said acts, for compensation, direct or indirect, or in the expectation thereof.

(b) "Disease" includes any pain, injury, deformity, or physical or mental illness or departure from complete health and proper condition of the human body or any of its parts.

(c) The "basic sciences" are anatomy, physiology, pathology and physical diagnosis.

(d) The "board" is the state board of examiners in the basic sciences.

(2) Sections 147.01 to 147.12, inclusive, shall not apply to or affect persons making application for examination to hold a certificate, under chapter 152, as a dental hygienist nor shall the above sections apply to optometrists; provided further, that the exemption contained in this subsection shall likewise apply to all those who prior to July 1, 1952, file an application for a license to practice dentistry under the provisions of chapter 152.

History: 1951 c. 369; 1953 c. 405.

147.02 Practice. No person shall treat, or attempt to treat, the sick unless he shall have a certificate of registration in the basic sciences, and shall have recorded the same with the county clerk in the manner provided in s. 147.14, and shall have complied with all other requirements of law. This section shall not affect the exemptions provided by subs. (1) and (2) of s. 147.19, nor shall it be construed to require a certificate of registration in the basic sciences for the practice of nursing by persons registered under ch. 149 nor for the practice of physical therapy by persons registered under s. 147.185.

History: 1953 c. 411.

Physicians, not licensed to practice medicine in this state, were not for that reason incompetent to testify in proceedings for the probate of a will as to observations and opinions as to mental capacity of the testator which were within the scope of a layman's testimony. Will of Williams, 256 W 333, 41 NW (2d) 191. See note to 147.14, citing 39 Atty. Gen 10.

147.03 Board. The governor, with the advice and consent of the senate, shall appoint the state board of examiners in the basic sciences. The board shall consist of 3 lay educators, none of whom shall be on the faculty of any department teaching methods of treating the sick. The term of office shall be 6 years. A vacancy shall be filled for the unexpired term. The board shall within 30 days of appointment organize by the election of a president, secretary and treasurer. The compensation of the members of the board shall be \$10 for each day actually spent and actual and necessary expenses.

History: 1953 c. 405.

147.04 Other boards. No examining board for any branch of treating the sick shall admit to its examinations or license or register any applicant unless such applicant first present a certificate of registration in the basic sciences. Any such board may by rule accept such certificate in lieu of examination in those subjects.

147.05 Application. Application for a certificate of registration in the basic sciences shall be made to the board of examiners in the basic sciences, accompanied by sufficient and satisfactory evidence of good moral character and preliminary education equiva-

lent to graduation from an accredited high school of this state, and a fee of ten dollars. If the applicant was on February 1, 1925, attending a professional school, high school education shall not be required.

147.06 Examination. Examination shall be in the basic sciences only, shall be conducted not less than 4 times a year at such times and places as the board shall fix, and shall be both written and by demonstration or other practical test. No applicant shall be required to discontinue the professional school he may have attended or what system of treating the sick he intends to pursue. In lieu of its own examination, the board may accept, either in whole or in part, the certificate of the national board of medical examiners provided that certification by the national board is accepted by the state board of medical examiners in whole or in part and that such certification is accepted by the basic science boards of at least 6 other states.

History: 1953 c. 405.

147.07 Certificate. If the candidate attains a grade of 75 per cent in each subject, he shall receive a certificate in the basic sciences, signed by the president and secretary. If he fails in one subject only, he may be re-examined in that subject at any examination within one year without further examination fee. If he fails in 2 or more subjects he must apply anew and stand examination in all subjects.

History: 1953 c. 405.

147.08 Reciprocity. The board may issue certificate to an applicant who presents sufficient and satisfactory evidence of having passed examinations in the basic sciences before a legal examining board or officer of another state, or of a foreign country, if the standards are as high as those of this state, and upon payment of a fee of fifteen dollars.

147.09 Previous practice. Any person who, on February 1, 1925, was regularly licensed or registered in the state of Wisconsin to treat the sick need not be registered under the basic science law. Any person who, on February 1, 1925, was not registered or licensed in the state of Wisconsin to treat the sick, but nevertheless on that date was lawfully engaged in this state in treating the sick, shall be registered upon presenting to the board, within sixty days after this section goes into effect, an application therefor, with sufficient and satisfactory evidence that he was, on such date, lawfully engaged in this state in treating the sick, and is of good moral character, and upon the payment of a registration fee of five dollars. The certificate shall recite registration solely as a person who, on February 1, 1925, was lawfully engaged in this state in treating the sick. Such certificate shall be in force only when filed with the county clerk in the manner provided in section 147.14.

147.10 Revocation. Certificate of registration in the basic sciences shall be subject to revocation for the causes and in the manner provided in section 147.20.

147.11 Review. The action of the board in granting or denying a certificate shall be subject to review by appeal in the manner provided in chapter 227, and any state examining board for any branch of treating the sick may take such appeal as a party aggrieved.

147.12 Administration. The board shall keep a complete record in which shall be entered all applications, examinations, registrations, fees, decisions, orders and proceedings. It shall from time to time from lists furnished by the state civil service commission, appoint such competent and recognized experts as shall be necessary to assist in the examinations, and necessary clerks. They shall receive such compensation as the board shall fix. On or before August first of each year, the board shall file with the governor a report of all receipts, disbursements and transactions for the preceding fiscal year. The disbursements of the board shall not exceed the fees received.

147.13 Examiners. (1) The Wisconsin state board of medical examiners shall consist of 8 members appointed by the governor, 7 of whom shall be licensed resident doctors of medicine and one of whom shall be a licensed resident doctor of osteopathy. The 7 doctors of medicine may, but need not, be selected from nominees of the state medical society and the doctor of osteopathy from nominees of the Wisconsin osteopathic association. The appointment of each member shall be for 4 years. No instructor, stockholder, member of, or person financially interested in any school, college or university having a medical department, or of any school of osteopathy, shall be eligible. Each member of the board shall be paid such compensation as the board determines, and, except for the secretary, not more than \$15 per day, when actually and necessarily engaged in his duties. The secretary shall receive such compensation as the board determines, but not less than \$1,800 annually.

(2) The board shall hold its annual meeting on the second Tuesday of January at Madison, and it shall meet at least 3 other times during the year at such places as it determines. It shall elect annually at its January meeting a president, a vice president and a secretary-treasurer. The board shall maintain its office in Madison. The president, vice president or secretary-treasurer may administer oaths. The secretary-treasurer shall furnish such bond as the board shall require, and shall receive all moneys and pay the same into the state treasury.

(4) The board shall employ necessary assistants and fix their compensation.

(5) The board shall have a common seal, and keep a record of its proceedings and a register of applications, and licenses and certificates of registration issued. It shall make annual report of its proceedings to the governor on June thirtieth, including detailed statement of money received and expense of operation.

(6) The board shall investigate complaints of violation of this chapter, notify prosecuting officers, and institute proceedings.

History: 1951 c. 319 s. 245; 1953 c. 134, 325.

147.14 Practice. (1) No person shall practice or attempt or hold himself out as authorized to practice medicine, surgery, or osteopathy, or any other system of treating the sick as the term "treat the sick" is defined in s. 147.01 (1) (a), without a license or certificate of registration from the state board of medical examiners, except as otherwise specifically provided by statute.

(2) (a) No person without a license or certificate of registration from the state board of medical examiners shall have the right to testify in a professional capacity on a subject relating to medical treatment, as a medical or osteopathic physician or practitioner of any other form or system of treating the sick, as defined in s. 147.01; provided that a medical or osteopathic physician, licensed to practice in another state, may testify as the attending or examining physician or surgeon to the care, treatment, examination or condition of sick or injured persons whom he has treated in the ordinary course of his professional practice for the sickness or injury which is the subject of the judicial inquiry in any action or proceeding in which he is called as a witness.

(b) A court may permit any person to testify as an expert on a medical subject in any action or judicial proceeding where proof is offered satisfactory to the court that such person is qualified as such expert.

(c) A nonresident witness shall not be permitted to testify as an attending or examining physician and surgeon, or as an expert witness on a medical subject unless the party calling such witness has served on the opposing party a 5-day written notice in advance of calling such witness to testify, stating the name of such witness, his residence and business address. The court for good cause shown may shorten such notice to 3 days.

(3) No person not possessing a license to practice medicine and surgery, osteopathy, or osteopathy and surgery, under section 147.17, shall use or assume the title "doctor" or append to his name the words or letters "doctor," "Dr.," "specialist," "M. D.," "D. O." or any other title, letters or designation which represents or may tend to represent him as a doctor in any branch of treating the sick.

(4) No person shall practice medicine, surgery, or osteopathy, or any other system of treating bodily or mental ailments or injuries of human beings, under any other Christian or given name or any other surname than that under which he was originally licensed or registered to practice in this or any other state, in any instance in which the Wisconsin state board of medical examiners shall, after a hearing, find that practicing under such changed name operates to unfairly compete with another practitioner or to mislead the public as to identity or to otherwise result in detriment to the profession or the public. This subsection does not apply to a change of name resulting from marriage or divorce.

History: 1953 c. 342, 459.

A Michigan osteopath and surgeon, not licensed to practice in Wisconsin, may qualify as an expert in an action by a Wisconsin resident against Wisconsin doctors for malpractice in the diagnosis and treatment of a fracture of the humerus, where the plaintiff had consulted such osteopath for the purpose of determining what course of treatment to follow and hence was not required to consult other osteopaths in Wisconsin to obtain testimony, and it appeared that the plaintiff was unable to obtain

licensed practitioners of medicine and surgery in Wisconsin to testify. *Morrill v. Komasiński*, 256 W 417, 41 NW (2d) 620.

147.14 (1) and 147.02 do not prohibit a medical technician from making laboratory tests of a physician's patients at his direction where the technician neither diagnoses, treats, advises nor consults with the patient as to his ailments but merely transmits laboratory data to the physician for his use. 29 Atty. Gen. 10.

147.15 Application. Application may be made at the time and place designated by the board or at a regular meeting. Applicants for license to practice medicine and surgery shall present satisfactory evidence of good moral and professional character, and of having completed a preliminary education equivalent to graduation from an accredited high school of this state, and also a diploma from a reputable professional college. Ap-

plicants for license to practice medicine and surgery shall present to the board a diploma from a reputable medical or osteopathic college with standards of education and training substantially equivalent to the university of Wisconsin medical school, approved and recognized by the board. Before approving and recognizing any such college or school, the board shall conduct an investigation and during the course thereof shall hold a public hearing, with notice to all interested parties, at which any person may be heard. The board may designate an agent, including one or more board members, to conduct a portion or all of such investigation to determine the facts upon which the board shall make its findings. The findings and any action taken by the board with reference to approval or recognition of a school or college may be reviewed in the manner provided in ch. 227. The applicant shall present also satisfactory evidence of having completed a college course in physics, chemistry and biology, substantially equivalent to the premedical course at the university of Wisconsin, and if the professional college from which a diploma is presented does not require for graduation a hospital internship of at least 12 months in addition to a 4 years' course, a certificate of completion of such internship in a reputable medical or osteopathic hospital. Each applicant shall file a verified statement that he is familiar with the state health laws and the rules and regulations of the state board of health relating to communicable diseases. The application shall be accompanied by a fee, to be fixed by the board at not more than \$40 and \$5 additional for license if issued. An immigrant applicant shall present satisfactory evidence of having first citizenship papers, and if his professional education was completed in a foreign college, the application shall be accompanied by a fee of \$75, and the further fee of \$5 upon the issuance of license shall not be required. Applicants shall pay also the cost of translation into English by the board of documents and papers in a foreign language.

History: 1951 c. 370; 1953 c. 342.

147.151 Temporary educational certificates. (1) Application for a temporary educational certificate may be made to the board by a person having training in medicine and surgery satisfactory to the board for purposes of this section. Such certificate shall entitle the holder to take postgraduate educational training in a teaching hospital which maintains standards for this training prescribed by the board, which standards shall be commensurate with those of nationally recognized accrediting organizations. Such certificate may be issued for a period not to exceed one year, and, in the discretion of the board, may be renewed annually for not more than 2 additional years. The fee for such certificate shall be fixed by the board at not more than \$10 per annum, which amount shall also be paid for each renewal thereof. Not more than 25 such certificates shall be issued in any one year and no more than 75 shall be outstanding at any one time. The holder of such a certificate may, under the direction of a person licensed to practice medicine and surgery in this state, perform services requisite to the training authorized by this section. Acting under such direction, the holder of such certificate shall also have the right to prescribe drugs other than narcotics, and to sign any certificates, reports or other papers for the use of public authorities which are required of or permitted to one licensed to practice medicine and surgery. The holder of such a certificate shall confine his training and practice within the hospital in which he is taking such postgraduate education. Neither he or the hospital may receive any fees or other income for his services from any patients treated by him during the course of such training.

(2) The purpose of this section is solely to provide opportunities in this state for the postgraduate education of certain persons having training in medicine and surgery satisfactory to the board, without compliance with the licensure requirements of this chapter. Nothing herein contained shall be construed as changing in any respect the requirements for licensure to practice medicine and surgery in this state. The violation of the provisions hereof by the holder of such a certificate shall constitute cause for the revocation thereof.

History: 1953 c. 604.

147.16 Examination. Having complied with s. 147.15, the applicant shall be examined in medicine and surgery, and further examined in the subjects taught in reputable professional colleges.

History: 1953 c. 342.

147.17 License. (1) If 6 members find the applicant for license qualified, it shall issue a license to practice medicine and surgery, signed by the president and secretary-treasurer and attested by the seal. Before granting a license by reciprocity, the board shall conduct an investigation in the manner provided in s. 147.15 to determine whether the requirements for licensure in the state in which the applicant for reciprocity is licensed are equivalent to those of this state. If it finds that the requirements in another state are equivalent to those of this state, the board may issue a license to practice medicine and surgery without written examination to a person holding a license to practice medicine and surgery, or osteopathy and surgery, in such other state, upon presentation

of the license and a diploma from a reputable professional college approved and recognized by the board, or an honorably discharged surgeon of the armed services of the United States, or of the federal public health service, upon filing of a sworn and authenticated copy of his discharge; provided that such discharge was within one year of such application for license by reciprocity in lieu of its own examination, the board may accept, either in whole or in part, the certificate of the national board of medical examiners. Fee for license with or without written examination shall be fixed by the board at not less than the reciprocity fee in the state whose license the applicant presents, and in no case less than \$75. A person licensed before 1916 to practice osteopathy shall be licensed to practice surgery upon presenting satisfactory evidence of having completed a course in surgery at a reputable osteopathic college, requiring not less than 20 months' actual attendance, and the regular examination of the board in surgery, and being found qualified by 6 members. The board may deny the application of one not 21 years of age. No certificate of registration shall be considered equivalent to a license.

(3) A person licensed to practice osteopathy and surgery may apply to the board to be examined in materia medica and pharmacology as may be required by the board. Such applicants shall be given the same examination in materia medica and pharmacology as is given to applicants from medical colleges at any regular meeting of the board. Such application shall set forth the date such person was licensed to practice, the number of years and place or places in which he has practiced together with a statement from a reputable osteopathic college that applicant has successfully completed a refresher course approved by the board in materia medica and pharmacology consisting of not less than 64 hours of lectures and 60 hours of laboratory work while in actual attendance at such college; if the applicant shall be unsuccessful he may apply for re-examination at any subsequent meeting of the board. The application shall be accompanied by a fee of \$20. Upon successfully passing such examination and payment of a fee of \$5 and upon surrender of the old license the board shall issue a new license to practice medicine and surgery.

(4) Whenever the statutes authorize or require a practitioner of medicine to do or perform an act or to issue any statement, affidavit or certificate such statute shall be construed to include those practitioners of osteopathy and surgery who hold such new license to practice medicine and surgery.

(5) Sections 147.15 and 147.16 (as amended in 1949) and sections 147.17 (3) and (4) shall not be construed to abrogate the existing rights, privileges and immunities of any person licensed to practice osteopathy or osteopathy and surgery who do not hold a license to practice medicine and surgery.

(6) A license to practice medicine and surgery granted to an osteopathic applicant shall not authorize the holder to use the title of "doctor of medicine" nor the letters "M.D."

History: 1951 c. 120, 368, 370; 1953 c. 61, 342, 631.

In using the term "osteopathic" in (3) medical schools having substantially equivalent standards of education and training, the legislature obviously meant "professional," thereby including the medical school of the university of Wisconsin and other

147.175 Annual registration of physicians. (1) Every person licensed to and engaged in or entering upon the practice of medicine and surgery, osteopathy, or osteopathy and surgery, in this state, shall, in the month of January of each year, register with the secretary of the state board of medical examiners, upon a form to be furnished by the board. The registration form, to be signed by each registrant, shall contain his name, his residence address, the name of the place and the address at which he is engaged in practice, and any other relevant information for the purpose of identifying the registrant which the board may prescribe. Persons licensed or relicensed in this state to practice medicine and surgery, osteopathy, or osteopathy and surgery, subsequent to January 31 of a given year shall register as required by the terms of this section within 30 days after being so licensed. The secretary-treasurer of the board, on or before December 1 of each year, shall mail or cause to be mailed to every person registered hereunder the registration form above required. Each person registered hereunder shall display his proper registration certificate conspicuously in his office at all times.

(2) Each registrant shall pay for such registration a fee to be fixed by the Wisconsin state board of medical examiners for each given year, which fee shall not exceed \$3 in any year; provided that those who register after January 31 of a given year, shall likewise pay whatever fee has been fixed for that year.

(3) On or before March 10 in each year the secretary-treasurer of the state board of medical examiners shall cause to be published and mailed to each person registered hereunder a printed list of those so registered, which list shall be divided according to the branch of healing in which the registrant is licensed. The secretary-treasurer of the board

shall also cause to be mailed a copy of such published list to the secretary of state, the district attorney of each county, each local board of health, the sheriff of each county, the chief of police of each community, and to any other public official who may request or have need thereof.

(4) Every registration made as provided in this section shall be presumptive evidence in all courts and other places that the person named therein is legally registered for the year covered by such registration.

(5) No registration shall be permitted by the secretary of the Wisconsin state board of medical examiners in the case of any person who has been found guilty of any of the unprofessional acts described in section 147.20, and upon conviction for any of said offenses, the registration of any such person shall be deemed automatically annulled upon receipt by the secretary of the board of a certified copy of the information, verdict and judgment, as provided in section 147.20 (3), subject to such registrant's right of appeal. A registrant whose license has been revoked and subsequently restored under the provisions of section 147.20 (4) shall be registered by the board upon tendering a certified copy of the order of the trial court restoring his license, together with an application for registration and the registration fee.

(6) The provisions of this section shall not be applicable to any physician while serving in the armed forces of the United States or of an allied government.

(7) If any subsection, paragraph or provision of this section, or its application to any person or circumstance shall be held unconstitutional, such decision shall not affect the constitutionality of any other subsection, paragraph or provision of this section or its application to other persons or circumstances.

History: 1953 c. 342.

147.18 Itinerants. Itinerant practitioners of medicine, surgery or osteopathy or of any form or system of treating the afflicted shall obtain an annual license in addition to the regular license or certificate of registration, and shall pay therefor two hundred fifty dollars per annum. Persons practicing medicine, surgery or osteopathy or professing or attempting to treat or heal ailments or injuries of the human body who go from place to place at regular or irregular intervals less frequently than once a week, are itinerant practitioners.

147.185 Physical therapy. (1) **PRACTICE OF PHYSICAL THERAPY.** (a) The practice of physical therapy is the treatment of disease as defined in s. 147.01 by the use of physical, chemical and other properties of heat or cold, light, water, electricity, massage, and therapeutic exercises, including posture and rehabilitation procedures, but the use of Roentgen rays and radium for any purposes, and the use of electricity for surgical purposes, including cauterization, are not included in the practice of physical therapy.

(b) No person shall practice or hold himself out as authorized to practice physical therapy, nor shall any person designate himself as a physical therapist, physiotherapist, physical therapy technician, or use the initial "P.T.," "P.T.T.," or "R.P.T." or any other letters, words, abbreviations, or insignia indicating that he is a physical therapist, without certificate of registration issued by the board of medical examiners nor unless he practices under a prescription and the direct supervision of a person licensed to practice medicine and surgery. Nothing in this section shall prohibit any person licensed or registered, in this state, under another law, from engaging in the practice for which he is licensed or registered.

(2) **APPLICATION.** An applicant for a certificate of registration as a physical therapist shall file written application on forms provided by the board. The applicant shall present satisfactory evidence that he is at least 20 years of age, is of good moral character, has obtained a high school education or its equivalent, and has been graduated from a school of physical therapy with standards of education and training substantially equivalent to that of the University of Wisconsin. He shall pay to the board \$15 and present himself for examination at the first meeting thereafter at which examinations are to be held.

(3) **EXAMINATION.** The examination shall be both scientific and practical in the applied sciences of anatomy, neuroanatomy, kinesiology, physiology, pathology, psychology, physics, physical therapy, as defined in this section, applied to medicine, neurology, orthopedics, pediatrics, psychiatry, surgery and medical ethics, technical procedure in the practice of physical therapy, and such other subjects as the board may determine to be necessary. The board shall select a state examining committee for physical therapy, and may do so from a list submitted by the Wisconsin chapter of the American physical therapy association, to assist it in carrying out the provisions of this section, which committee shall consist of 3 physical therapists who, after the initial appointment, shall be registered by the board and shall have had not less than 3 years of experience in the practice of physical therapy in this state immediately preceding his appointment. The com-

mittee shall elect annually one of their members as president and another as secretary. They shall receive the same compensation and reimbursement as members of the board. The terms of office of the members first appointed shall continue for the following periods: one for 1 year, one for 2 years, and one for 3 years. Upon the expiration of such terms the board shall appoint a successor for a term of 3 years.

(4) **CERTIFICATE.** If the board finds the applicant qualified it shall issue a certificate of registration which shall expire on February 1 of each year and shall be renewed only upon application and the sending of a \$3 annual renewal fee to the secretary of the state examining committee for physical therapy on or before January 31. Upon receipt of such application, the examining committee shall send the application and fee to the board for renewal. A renewal fee of \$7 shall be paid by any physical therapist who seeks reregistration but who fails to renew his application on or before February 1 of any year. If the applicant has failed to renew his certificate for a period of at least 5 years, the board shall require the applicant to take a refresher course approved by the board before issuing a renewal certificate if, after oral examination, the committee recommends to the board that such refresher course is necessary. If the applicant for reregistration has been guilty of conduct that would afford a ground for revocation under s. 147.20 the board may so find and refuse to reregister such applicant.

(5) **REGISTRATION WITHOUT EXAMINATION.** The board may issue a certificate of registration without examination to any person who applies on or before December 31, 1953, and who furnishes the board with sufficient and satisfactory evidence that, on July 11, 1953 he had practiced physical therapy in this state and possesses the prerequisites for examination set forth in sub. (2). The board may issue a certificate of registration in physical therapy without examination to an applicant who presents evidence satisfactory to the board of having been licensed or certified as a physical therapist in another state or foreign country with standards determined by the board to be as high as those of this state. At the time of making such application the applicant shall pay a fee of \$10. The board may also issue without examination a permit to practice physical therapy for not to exceed 6 months to any person who meets the qualifications of this section upon certification that he has been assigned to this state on a temporary basis to assist in a medical emergency and upon the payment of a \$2 permit fee.

(6) **PREVIOUS PRACTICE OF MASSAGE AND HYDROTHERAPY.** Any person who, on July 11, 1953, is practicing massage and hydrotherapy in this state under a certificate of registration issued pursuant to the provisions of s. 147.185 as that section existed before said date, shall have the right to continue so to practice under such certificate and the term "massage and hydrotherapy" shall be deemed to include the use of galvanic generator, diathermy, infra red ray, and ultra violet light for massage purposes. Nothing contained herein shall limit the existing authority of the board to revoke such certificate for cause, and in addition the board may require the holder of such certificate to demonstrate by examination his fitness to use the instrumentalities enumerated in this section. Lack of such fitness shall constitute cause for revocation of such certificate. No such certificate holder shall treat a specific disease except on the advice of a licensed medical physician.

(7) **CHIROPRACTIC NOT AFFECTED.** Nothing in this section shall be construed to restrict, inhibit or limit the practice of chiropractic as now practiced in Wisconsin, and as taught by accredited schools or colleges of chiropractic.

(6) is a "grandfather's clause" which nor takes away rights, if any, which un- preserves to persons registered under registered masseurs and hydrotherapists 147.185, in 1953, all of their rights and privi- may have relating to the practice of mas- leges they now have. (6) neither confers sage and hydrotherapy. 42 Atty. Gen. 86.

147.19 Exceptions. (1) Sections 147.14 to 147.18, shall not apply to commissioned surgeons of the army, navy, federal health service, or to medical or osteopathic physicians of other states or countries in actual consultation with resident licensed practitioners of this state, nor to the gratuitous prescribing and administering of family remedies or treatment rendered in an emergency.

(2) None of the provisions of this chapter or the laws of the state regulating the practice of medicine or healing shall be construed to interfere with the practice of Christian Science, nor shall any person who selects such treatment for the cure of disease be compelled to submit to any form of medical treatment.

147.195 State medical grievance committee. The state health officer, the president of the state board of medical examiners, and the attorney general or deputy attorney general are hereby constituted ex officio a state medical grievance committee, to investigate, hear and act upon practices by persons licensed to practice medicine and surgery under s. 147.17, that are inimical to the public health. The state health officer shall be chairman of the committee. Meetings of the committee shall be held at the call of the chairman. Any member thereof shall have power to subpoena and swear witnesses, and take evidence. The committee shall have the power to warn and to reprimand, when they find such practice, and to institute criminal action or action to revoke license when they find also probable cause therefor under criminal or revocation statute, and the attorney general may aid the district attorney in the prosecution thereof. The records of said committee shall be kept by and be in the custody of the chairman thereof. No member of said committee shall receive any extra compensation therefor, nor other than his actual expenditures in attending upon his duties thereon. All divisions, officials and employes of state and local government are authorized to co-operate with the committee in conducting investigations and by making available to it pertinent data in their possession.

History: 1953 c. 325.

147.20 Revocation. (1) The words "immoral or unprofessional conduct" as used in this section mean: (a) Procuring, aiding or abetting a criminal abortion; (b) advertising in any manner either in his own name or under the name of another person or concern, actual or pretended, in any newspaper, pamphlet, circular, or other written or printed paper or document the curing of venereal diseases, the restoration of "lost manhood," the treatment and curing of private diseases peculiar to men or women, or the advertising or holding himself out to the public in any manner as a specialist in diseases of the sexual organs, or diseases caused by sexual weakness, self-abuse or excessive indulgences, or in any diseases of a like nature or produced by a like cause, or the advertising of any medicine or any means whatever whereby the monthly periods of women can be regulated or the menses re-established, if suppressed, or being employed by or in the service of any person, or concern, actual or pretended so advertising; (c) the obtaining of any fee; or offering to accept a fee on the assurance or promise that a manifestly incurable disease can be or will be permanently cured; (d) wilfully betraying a professional secret; (e) indulging in the drug habit; (f) conviction of an offense involving moral turpitude; (g) engaging in conduct unbecoming a person licensed to practice or detrimental to the best interests of the public.

(2) Upon verified complaint in writing to the district attorney charging the holder of a license or certificate of registration from the state board of medical examiners or the state board of examiners in chiropractic with having been guilty of immoral or unprofessional conduct or with having procured his certificate or license by fraud or perjury, or through error, the district attorney shall bring civil action in the circuit court against the holder and in the name of the state as plaintiff to revoke the license or certificate. The court may appoint counsel to assist the district attorney and either party may demand a jury. No one shall be privileged from testifying fully or producing evidence, but he shall not be prosecuted or subject to penalty on account of anything about which he so does, except for perjury in so doing. If the court or the jury finds for the plaintiff, judgment shall be rendered revoking or suspending the license or certificate, and the clerk of the court shall file a certified copy of the judgment with the board of medical examiners or the state board of examiners in chiropractic, as the case may be. The costs shall be paid by the county, but if the court shall determine that the complaint made to the district attorney was wilful and malicious and without probable cause, it shall enter judgment against the person making the complaint for the costs of the action, and payment of the same may be enforced by execution against the body as in tort actions.

(3) When any person licensed or registered by the board of medical examiners is convicted of a crime committed in the course of his professional conduct, the clerk of the court shall file with the board of medical examiners a certified copy of the information and of the verdict and judgment, and upon such filing the board shall revoke or suspend the license or certificate. The board of medical examiners shall also revoke or suspend any such license or certificate upon satisfactory proof being made of the conviction of such license or certificate holder in a federal court of a crime committed in the course of his professional conduct. The action of the board in revoking or suspending such license or certificate may be reviewed in the manner provided in chapter 227.

(4) When a license or certificate is revoked no license or certificate shall be granted thereafter to such person. Any license or certificate heretofore or hereafter revoked may

be restored by subsequent order of the trial court, but only after a first revocation, upon notice to the district attorney who prosecuted, or, in the event of his disability, his successor in office, upon written recommendation by the state board of medical examiners, and upon findings by the court that the applicant for restoration of license or certificate is presently of good moral and professional character and that justice demands the restoration.

(5) When a license or certificate is suspended, it shall be suspended for a definite term, but not to exceed 2 years. The authority suspending a license may restore it at any time when satisfied that justice demands the restoration.

(6) A license or certificate of registration may be voluntarily surrendered by its holder and shall be reissued by the board only when justice demands such reissuance. The action of the board may be reviewed in the manner provided in ch. 227.

History: 1953 c. 342.

147.205 Injunction to enforce chapter 147. (1) If it appears upon complaint to the board of medical examiners by any person or it is known to the board that any person is violating any of the provisions of chapter 147, except sections 147.24 and 147.25, the said board or the district attorney of the proper county may investigate and may, in addition to any other remedies, bring action in the name and on behalf of the state of Wisconsin against any such person to enjoin such person from such violation or violations of this chapter.

(2) If it appears upon complaint to the board of examiners in chiropractic by any person or it is known to the board that any person is violating any of the provisions of sections 147.23, 147.24 and 147.25, the said board or the district attorney of the proper county may investigate and may, in addition to any other remedies, bring action in the name of and on behalf of the state of Wisconsin against any such person to enjoin such person from such violation or violations.
