The powers hereby conferred may be exercised by the county board in any town, city or village, or part thereof located in such county upon the request of any such town, city or village, evidenced by a resolution adopted by a majority vote of the members-elect of its governing body, designating the particular function, duty or act, and the terms, if any, upon which the same shall be exercised by the county board or by a similar resolution adopted by direct legislation in such town, city or village in the manner provided in section 10.43. Such resolution shall further provide whether the authority or function is to be exercised exclusively by the county or jointly by the county and the town, city or village, and shall also find that the exercise of such power by the county would be in the public interest. Upon the receipt of the resolution, the county board may, by a resolution adopted by a majority vote of its membership, elect to assume the exercise of such function, upon the terms and conditions set forth in the resolution presented by the town, city or village.

(2) The county board of any such county may, by a resolution adopted by a majority

of its membership, propose to the towns, cities and villages located in such county, or any of them, that it offers to exercise such powers and functions therein in order to consolidate municipal services and functions in said county. Such resolution shall designate the particular function, duty or act and the terms and conditions, if any, upon which the county board will perform the same. The powers conferred in subsection (1) and designated in such resolution may thereafter be exercised by the county board in each such town, city or village which shall accept such proposal by the adoption of a resolution by a majority vote of the members-elect of its governing body or by direct legislation in the manner provided in section 10.43 of the statutes.

(3) Whenever the request under subsection (1) or acceptance under subsection (2) of a town, city or village shall be by resolution of its governing board, such request or acceptance shall not go into effect until the expiration of sixty days from the adoption of the resolution. If a petition pursuant to section 10.43 for direct legislation on such request or acceptance shall be filed before the expiration of said sixty days, the resolution of the governing board shall be of no effect but the request or acceptance of such town, city or village shall be determined by such direct legislation.

(4) After and upon the adoption of resolutions by the county board and subject to the provisions of subsection (3) by one or more towns, cities or villages either as provided in subsection (1) or in subsection (2) the county board shall have full power to legislate upon and administer the entire subject matter committed to it, and among other things, to determine, where not otherwise provided by law, the manner of exercising the power thus assumed.

(5) The town, city or village concerned may enter into necessary contracts with the county, and appropriate money to pay to the county the reasonable expenses incurred by it in rendering the services assumed. Such expenses may be certified, returned and paid as are other county charges, and in the case of services performed pursuant to a proposal for the consolidation thereof initiated by the county board and made available to each town, city and village in the county on the same terms, the expenses thereof shall be certified, returned and paid as county charges; but in the event that each and every town, city and village in the county shall accept such proposal of the county board the expenses thereof shall be paid by county taxes to be levied and collected as are other taxes for county purposes. Said towns, cities and villages are vested with all necessary power to do the things herein required, and to do all things and to exercise or relinquish any of the powers herein provided or contemplated. The procedure herein provided for the request or acceptance of the exercise of the powers conferred on the county board in cities and villages is hereby prescribed as a special method of determining the local affairs and government of such cities and villages pursuant to section 3 of article XI of the constitution.

(6) The powers conferred by this section shall be in addition to all other grants of power and shall be limited only by express language.

6. The accused may appeal from the order to the circuit court by serving written notice thereof on the secretary of the committee within 10 days after the order is filed. Within 5 days thereafter the board shall certify to the clerk of the circuit court the record of the proceedings, including all documents, testimony and minutes. The action shall then be at issue and shall have precedence over any other cause of a different nature pending in the court, which shall always be open to the trial thereof. The court shall upon application of the accused or of the board fix a date of trial, which shall not be later than 15 days after such application except by agreement. The trial shall be by the court and upon the return of the board, except that the court may require further return or the taking and return of further evidence by the board. The question to be determined by the court shall be: Upon the evidence was the order of the board reasonable? No costs shall be allowed either party and the clerk's fees shall be paid by the county. Any person whose claim has been allowed in part may receive the order drawn for the part so allowed without prejudice to his right to appeal as to the part disallowed. But no county board shall issue a greater amount of orders, scrip and certificates of indebtedness than the amount of the county taxes levied in such county for such year. The county board may authorize the issuance of orders, scrip or certificates of indebtedness at a rate of interest specified thereon, but not to exceed six per cent per annum; except that such orders, scrip and certificates of indebtedness shall bear no interest if paid and payable within one month from date of issuance, and shall bear no interest after date of publication of redemption notice as hereafter provided. In all counties having a population of 300,000 or more all orders and warrants drawn upon or against county funds shall be countersigned by the county auditor; and the treasurer of such county shall make no payments of county funds for any purpose unless the order, warrant, certificate, direction or authority given him for such payment is countersigned by such county auditor. This provision requiring the countersigning by said auditor shall apply to all laws and statutes, special and general, relative to the payment of county funds by the county treasurer except certificates or orders issued for the payment of juror, witness, interpreter, attorney, guardian ad litem and transcript fees.

They shall also make a complete list of the orders so canceled, specifying the number, date, amount, and person to whom the same is made payable, except in counties having a population of more than five hundred thousand, the name of the person to whom the same is made payable may be omitted, which statement shall be entered at length on the journal of the board; and immediately after the above requirements are complied with the orders so canceled shall be destroyed in the presence of the board.

(5) **UNCALLED FOR ORDERS; CANCELLATION; REISSUE.** The county clerk shall prepare and present to the county board, at each annual session thereof, a descriptive list giving the amount, date and payee of all county orders which have remained in his office for two years uncalled for by the payee. The board shall cause such orders to be compared with such list, and when found or made correct such list shall be entered at length on the journal of the board and filed in the office of such clerk; and all such orders shall be canceled and destroyed. The person in whose favor such order was drawn, excepting those issued under the provisions of subsection (4) of section 59.77, may, upon application to the chairman of the board and county clerk, made within six years from the date of such order and not afterwards, have a new order issued to him for the amount of the original, without interest.

59.82 Magistrates' dockets, audit and report. The auditing committee of the county board in counties which have such a committee and in other counties the county auditor, or the county clerk if there is no county auditor, shall personally, before the meeting of the county board in each year, inspect the docket of every justice of the peace, police justice, municipal judge or other magistrate in the county who is authorized to receive fines under s. 960.34, when such magistrate has had any criminal case during the previous year and ascertain therefrom the amount of such fines received by any such magistrate during the preceding year ending October 31 and make a separate written report for each such magistrate, which report shall be verified by his affidavit, embrace the title of each case in which any such fine was received, the date of conviction and the total amount of fines received during the period covered by such report. To facilitate the making of such examinations and reports the several magistrates shall deliver their dockets to the auditing committee, county auditor or county clerk, as the case may be, at such time before or during the annual meeting of the county board and at such place as such committee, auditor or clerk may designate, to be forthwith examined and to be returned to such magistrate on the same day of delivery. The county board shall, at their annual meeting, compare the reports upon such examinations with those made by magistrates pursuant to said s. 960.34.

The several county boards shall cause to be made out and published immediately after their annual meeting, in at least one newspaper published in their county, if such there be, a report of the receipts and expenditures of the year next preceding and the accounts allowed; and if no newspaper be published in the county, then a copy of such report shall be posted on the courthouse door and at two other public places in the county. The county board may within its discretion waive the publication of names of needy soldiers, sailors, marines and United States war veterans and the amount of relief provided under section 45.14 and shall publish in lieu thereof the total disbursements thereunder.

59.84 Budgetary procedure in populous counties. (1) **APPLICATION.** The provisions of this section shall apply to all counties having a population of 500,000 or more.

(2) **DEPARTMENT DEFINED.** In this section the word "department" shall be construed to include all county departments, boards, commissions, institutions, offices, and other agencies of the county government for which funds may be legally appropriated.

(3) **FISCAL YEAR.** The fiscal year in every such county shall be the calendar year.

(4) **SUBMISSION OF ANNUAL BUDGET ESTIMATES.** In every such county each department shall annually, at such time as the county auditor directs, but not later than July 15, file with the county auditor in such form and content as the county auditor requires: (a) estimates for the ensuing fiscal year covering the revenues and expenditures of the department; (b) estimates of any capital improvements pending or proposed to be undertaken within the ensuing fiscal year, and within the 4 fiscal years thereafter; and (c) such other information as the county auditor requests.

(5) COMPILATION OF BUDGET REQUESTS. The county auditor shall transmit the annual budget estimates of each department to the finance committee not later than August 15 and shall also submit: (a) a statement of principal and interest becoming due on bonds outstanding and on other financial obligations; (b) his estimate of all other expenditures including proposed expenditures on capital improvements not financed by bonds; (c) his estimate of anticipated issues of new bond obligations during the ensuing fiscal year together with a statement of the funds required for maturities and interest payments on such issues; (d) his estimate of funds required as an appropriation for contingencies; and (e) his estimate of revenue from all other sources. He shall also submit a complete summary of all of the budget estimates and a statement of the property tax levy required if funds were appropriated on the basis of such estimates. In determining the property tax levy required, he shall deduct from the total estimated expenditures, the estimated amount of revenue from other than property tax levy sources and shall also deduct therefrom the amount of any surplus at the close of the fiscal year next preceding which has not been legally appropriated during the current year. The term "surplus" means that portion of any given fund or funds which remain, determined by deducting the sum of the following items as of the close of the fiscal year: (a) sinking funds created pursuant to law; (b) highway funds; (c) insurance fund created pursuant to s. 59.07 (2); (d) agency and trust funds including taxes collected in advance; (e) appropriations that are encumbered or are being carried over pursuant to sub. (11); and (f) current liabilities; from the sum of the following items: (g) money in the county treasury; (h) investments made by the county pursuant to ss. 59.75 (1) and 66.04 (2); (i) revenue accruals ordinarily payable into the county treasury prior to January 31 of the ensuing year and due from the United States treasury, state of Wisconsin, from municipalities and from county departments; and (j) inventories of commodities in stores. The surplus as determined upon the annual closing of the books of account may, prior to the adoption of the tax levy, by resolution adopted by a vote of two-thirds of the members-elect of the county board, be appropriated in whole or part to provide a sinking fund for the redemption or repurchase of bonded obligations or to provide funds for emergency needs pursuant to sub. (9), but for no other purposes.

(6) REVIEW OF BUDGET REQUESTS. The finance committee shall review the estimates of expenditures and revenues and shall hold public hearings thereon at which the head or a representative of every county department shall appear and give information with regard to the appropriations requested, including work programs, other justification of expenditures, and such other data as the committee requests. Such committee shall make such changes in the proposed budget as in its discretion may be deemed desirable or proper, and shall, on or before October 15, submit to the county board the budget, as amended, after such hearings. Such amended proposed budget shall be the tentative budget and shall include: (a) a simple, clear, general summary of the detailed contents of the budget; (b) a comparative statement by organization unit and principal object of expenditure showing the actual expenditures of the preceding fiscal year, the appropriations and estimated expenditures for the fiscal year currently ending, and the recommended appropriations for the fiscal year next succeeding; and (c) a comparative statement of the actual revenues from all sources including property taxes during the preceding fiscal year, the anticipated revenues and the estimated revenues for the fiscal year currently ending, and the anticipated revenues for the fiscal year next succeeding including any surplus from the preceding fiscal year not otherwise appropriated pursuant to sub. (9). The anticipated revenues for the fiscal year next succeeding shall be equal in amount to the recommended appropriations. The tentative budget shall be accompanied by a message prepared by the county auditor which shall outline the important features of the budget plan and indicate any major changes in policy or in recommended appropriations or revenues as compared with the fiscal year currently ending, and shall set forth the reasons for such changes.

(7) PUBLICATION OF BUDGET AND PUBLIC HEARING. The finance committee shall publish at least once, a summary of the tentative budget and comparative figures together with a statement of the county's bonded indebtedness, in the 2 daily newspapers having the largest circulation in the county, and shall make available to the general public reprinted copies of the summary as published. The publication shall also state the date, hour, and place of the public hearing to be held by the county board on such tentative budget. The county board shall, not less than 14 days after publication of the summary of the tentative budget, but not later than the first Monday in November of each year and prior to the adoption of the property tax levy, hold a public hearing on such tentative budget, at which time citizens may appear and express their opinions. After such public hearing, and on or before the annual meeting, the board shall adopt the budget with such changes as it deems proper and advisable. When so adopted, the sums provided shall,

subject to the provisions of sub. (8), constitute legal appropriations and anticipated revenues for the ensuing year.

(8) TRANSFERS OF APPROPRIATIONS. At the request of the head of any department, the finance committee may at any time during the fiscal year transfer any unencumbered appropriation balance or portion thereof between principal objects of expenditures within department; but no transfers shall be made of appropriations originating from bond funds unless the purpose for which the bonds were issued has been fulfilled or abandoned. Whenever more than one department is under the jurisdiction of the same board or commission or under the same general management, such group of departments may be considered as though they were a single unit with respect to transfers of appropriations within the group. Upon the recommendation of the finance committee and within the last 3 months of the fiscal year, the county board may, by resolution adopted by a majority of the members present and voting at any meeting, transfer any unencumbered appropriation balance or portion thereof from one department or account to another, except appropriations which are irrevocable by law, and except as otherwise provided by sub. (9).

(9) APPROPRIATIONS, SUPPLEMENTAL AND EMERGENCY. At the request of the head of any department and after review and recommendation by the finance committee, the county board may, by resolution adopted by a vote of two-thirds of the members-elect of the county board, transfer from the contingency appropriation into any other appropriation or create a new appropriation for any legal county purpose whenever any unforeseen condition requiring an appropriation of funds occurs during the budget year. If during any fiscal year the county auditor certifies that there are available for appropriation (a) revenues received from sources not anticipated in the budget in that year, (b) revenues received from anticipated sources but in excess of the budget estimates thereof, or (c) unappropriated surplus from the fiscal year next preceding, the county board may make supplemental appropriations for the year up to the amount of the additional revenue and surplus so certified to meet a public emergency affecting life, health, property or the public welfare. Such appropriation may be made only by resolution adopted by a vote of two-thirds of the members-elect of the county board. To the extent that there are no available unappropriated funds or realized revenues in excess of anticipated revenues to meet such an emergency, the county board may, by resolution adopted by three-fourths of the members-elect, authorize the issuance of tax anticipation notes pursuant to s. 67.12. Notice of intent to make supplemental appropriations from revenues or surplus or to issue tax anticipation notes shall be published at least once in the 2 daily newspapers having the largest circulation in the county not less than 6 days prior to the hearings before the finance committee of the county board in regard to such matters.

(10) ORDINANCE INCREASING SALARIES; NEW POSITIONS; WHEN EFFECTIVE. No ordinance or resolution authorizing the creation of new or additional positions or increasing salaries shall become effective in any fiscal year until an appropriation of funds for such purpose is made or the ordinance or resolution contains a provision for the transfer of funds if required. All such ordinances or resolutions which do not require an appropriation or transfer of funds, shall state therein the specific account or accounts in which funds are available for such purposes.

(11) LAPSE OF APPROPRIATIONS. Every appropriation excepting an appropriation for a capital expenditure, or a major repair, shall lapse at the close of the fiscal year to the extent that it has not been expended or encumbered. An appropriation for a capital expenditure or a major repair shall continue in force until the purpose for which it was made has been accomplished or abandoned. The purpose of such appropriation for any capital expenditure or a major repair shall be deemed abandoned if 3 years pass without any expenditure from, or encumbrance of, the appropriation concerned.

(12) PAYMENTS AND OBLIGATIONS PROHIBITED; CERTIFICATIONS; PENALTIES. No payment shall be authorized or made and no obligation incurred against the county except in accordance with appropriations duly made. No payment shall be made or obligation incurred against any appropriation unless the county auditor first certifies that there is a sufficient unencumbered balance in the appropriation and that funds therefrom are available or will be available to make the payment or to meet the obligation concerned when it becomes due and payable. Every obligation incurred and every authorization of payment in violation of this section shall be void. Every payment made in violation of this section shall be illegal, and all county officers who knowingly authorize or make such payment or any part thereof shall be jointly and severally liable to the county for the full amount so paid. If any county officer or employe knowingly authorizes or makes any payment or incurs any obligation in violation of this section or takes part therein, that action shall be cause for his removal. Nothing contained in this section or other sections of the statutes shall be construed to prevent the making of contracts for capital improvements

being financed wholly or partly by the issuance of bonds duly authorized to be sold; nor shall it prevent the making when not prohibited by law of any contract or lease providing for the payment of funds at a time beyond the end of the fiscal year in which the contract or lease is made, but any contract, lease or other obligation requiring the payment of funds from the appropriations of a later fiscal year or of more than one fiscal year shall be made or approved only by resolution adopted by the county board.

Certification of such appointments shall be filed with the county clerk.

(b) *Oath of office; expenses.* Each commissioner shall take and file the official oath and shall receive no salary, but shall be reimbursed his actual and necessary expenses in the performance of his duties.

(c) *Organization.* A majority of the commissioners shall constitute a quorum for the transaction of business. As soon as the commissioners first appointed under this subsection enter upon the duties of their office, they shall organize by electing one of their members chairman, who shall be removable at pleasure by the commissioners. The chairman shall preside over all meetings of the commission and shall perform such other duties as are imposed upon him by this section or may be assigned to him by the commission. The commission shall elect one of its members secretary.

(3) **MEETINGS; REPORTS.** The commission shall hold meetings for the transaction of business. All such meetings shall be open to the public. The commission shall prepare

annually a report of its official transactions and expenditures and shall mail such statement to the governor, to the mayor of the largest city in such county and to the chairman of the county board of such county, and to the chief executive head of the governing boards of all cities, towns and villages in such county.

(4) **TRANSFER OF PRIOR EXPRESSWAY STUDIES AND REPORTS.** Upon the organization of such commission, the governmental authorities of the largest city in such county shall transfer and deliver to the commission the original or certified copy of all maps and engineering studies and reports pertaining to an expressways system in such city and county, together with all contracts pertaining to the creation and construction of such expressways. The commission may in its discretion, prior to its presentation of such general plan to the county board as hereinafter provided, by formal action modify such general plan to meet objections raised by the governing body of any municipality through which a route of such expressway passes. If the approval of such governing body is not granted within 60 days from the date of submission, the commission shall present the general plan to the state highway commission, which shall hold a public hearing on that part of the plan which is located in such municipality. After such hearing, the state highway commission shall make recommendations to the commission with reference to the matters objected to by the municipal governing body. When the approval of the necessary local governing bodies has been obtained or the recommendation of the state highway commission has been obtained in lieu thereof, the general plan shall be presented to the county board of such county. The county board upon receipt of such general plan shall promptly consider the same and approve or reject it. If the plan is rejected, the commission shall devise a revised plan with such modifications or changes as to it seem proper, secure the approval thereof by the governing bodies of the municipalities affected or the recommendations of the highway commission as hereinbefore provided and submit such revised plan to the county board, and thereupon the county board shall again consider and approve or reject such plan. This procedure shall continue until some general plan has been approved by the county board. Thereafter, upon request of the commission, such general plan may be amended by the county board in conformity with such request, provided that a deviation of not to exceed 1,000 feet from any expressway route in the approved general plan may in the discretion of the expressway commission be authorized and shall not be an amendment requiring approval by the county board, except that after December 1, 1959, a deviation not to exceed 700 feet may be so authorized without approval by the county board.

(b) *Procedure upon approval of plan.* When a general plan has been approved by the county board, the commission shall prepare and submit to the county board tentative expressway project budgets for such units of the comprehensive plan and in order of construction as the commission deems proper. Each such budget shall give reasonably detailed estimates of expenditures required to complete such expressway project and shall also give an estimate of the state and federal aid which will become available for such project. The county board shall determine the amount of the county's share of the cost of such project and the financing thereof, either from the authorization of county expressway bonds pursuant to s. 67.04 (1) (v), or by determining the amounts to be included in the budgets during the construction years, or by transfer from unappropriated surplus pursuant to s. 59.84 (7), or by any combination of the foregoing. When the county board determines that county funds for an expressway project shall be financed in whole or in part from current budgets, the county auditor shall include such amounts in the proper proposed budget pursuant to s. 59.84 (3). The county board shall adopt expressway project budgets with such changes as it may deem proper. When so adopted, the county

contribution to the expressway project shall constitute a legal appropriation and shall be expendable to the extent that expressway bonds have been authorized or money otherwise provided. At the request of the commission, the county board may amend any expressway project budget and may transfer appropriations from one expressway project to another.

(c) *Acceptance of gifts.* To accept, in the name of the county, grants, conveyances and devises of land, improvements thereon and any and all interests whatsoever therein and bequests and donations of money to be used for expressway purposes.

(d) *Acquisition of lands and interests therein.* 1. To acquire in the name of the county or in the name of the state when so directed by the state highway commission, after the county board has adopted an expressways project budget, or in advance thereof with the general approval of the county board as hereinafter provided, by donation, purchase, condemnation or otherwise, such lands, including any improvements thereon, and any interests, easements, franchises, rights and privileges in or pertaining to lands, of whatever nature and by whomsoever owned, as the commission deems are necessary and required for expressway purposes, and to dispose of the same. The use of expressway lands for the location or relocation of any facility for mass transportation, including private or public utilities, is authorized when so determined by the expressway commission and approved by the county board. The commission may purchase or accept donation of remnants of tracts or parcels of land remaining at the time or after it has acquired by condemnation or after or coincident with its acquisition by purchase or donation portions of such tracts or parcels for expressway purposes where in the judgment of the commission such action would assist in rendering just compensation to a land owner, a part of whose lands are required for expressway purposes, and would serve to minimize the over-all cost of such necessary taking by the public. The county may dispose of such remnants. No lands or interest of any kind therein acquired as hereinabove provided shall be disposed of by the county without the consent of the commission, and all moneys received for any such lands, improvements thereon or interests of any kind therein, so disposed of, shall be credited to the land acquisition account as an abatement of expense. No lands acquired by the commission, as provided in this subsection, in the name of or in trust for the state, shall be disposed of by the county without prior approval of the state, and the proceeds of such sale shall be remitted to the state or retained and used for expressway purposes when so directed by the state highway commission.

2. The commission may also, for specific approved highway projects or otherwise, with the general approval of the county board once given and after the general plan of expressways has been adopted by the county board, as the same may be amended, acquire lands and interests therein of the nature and in the manner specified in this paragraph for the right of way of such expressways in advance of the time of the adoption of an expressway project budget including such lands and interests. Such power may be exercised when in the judgment of the commission the public interest will be served and economy effected by forestalling development of such lands which will entail greater acquisition costs at a later date. Upon such acquisition the commission may improve, use, maintain or lease such lands until the same are required for expressway construction. It is recognized that there may necessarily be a period of time between the acquisition of needed lands for right of way and the commencement of actual site clearance and construction, but such fact shall not minimize the public purpose of such acquisition. The owners of such lands at the time of such acquisition shall have the first right to enter into lease thereof with the county acting by the commission until such lands are needed for expressway construction. Any lands so leased for more than one year shall be subject to general property taxation during the term of the lease. All rentals shall be credited to the project or to the expressway land acquisition account. On request of the commission, the county board shall provide out of funds acquired by bond issue or otherwise a land acquisition fund in an amount specified by the commission from time to time, but not in excess of \$5,000,000 of expendable funds at any one time, to be used primarily for the acquisition of lands, improvements thereon and interests therein as specified in this subsection prior to the approval of the specific expressway project for which such lands or interests will be required. Such fund shall be adjusted to reflect acquisition costs for lands and interests therein thereafter incorporated in specific approved expressway projects by transferring both the appropriations and the acquisition costs therefor to the proper expressway improvement expenditures account.

3. When an expressways project for which lands, improvements thereon and any or all interests therein have been paid for from any expressway land acquisition fund or account becomes activated, upon request of the commission and subject to the approval of the county board, the state highway commission is authorized to reimburse the expressway land acquisition fund by allocation of funds which may be made available under any state or federal statute to reimburse prior disbursements from such land acquisition fund to

acquire said lands, improvements thereon or interests therein or appurtenant thereto. All state or federal funds thus received shall be used for expressway purposes.

4. The commission, in acquiring lands, improvements thereon and interests therein and appurtenant thereto as hereinabove specified in this subsection, may acquire the same in fee simple or by easement for highway purposes as it may by order determine. In any such acquisition, the commission may and shall when requested by the state highway commission, act in the name of the state as the agent of the state highway commission and in other cases shall act in the name of the county. The commission in making such acquisition may proceed under ch. 32.

5. Whenever, prior to actual expressway project construction, a saving is shown to be probable in the cost of constructing a proposed new municipal or privately-owned public utility (which, if presently installed in a public way in a proposed normal manner, would ultimately be interfered with by expressway construction) by initially constructing such municipal or privately-owned public utility in other than a normal manner to accommodate future expressway construction, the commission may, after receiving county board approval, and in order to effect savings by avoiding reconstruction and relocating at a later date, contract with the municipal government or utility company involved for the construction of the public utility in such other than normal manner and to pay to it the portion of the cost of such special construction in excess of the cost if constructed in the proposed normal manner. Funds for such purpose may be taken from the land acquisition fund authorized in subd. 2.

6. When the commission has acquired title to lands in fee either for the county or the state, the county shall have power to use and develop any portion of said lands not directly needed for expressway-roadway purposes and which do not interfere with the primary expressway purpose, and without exclusion because of enumeration the power to use the subsoil beneath the ground, the ground level area or air space above the ground, for parking, storage or building purposes, subject to municipal land use zoning regulations except as to parking, provided that where the expressway right of way area in question is either on the federal interstate system or on a state trunk highway, the consent of the state highway commission to such development and use shall be obtained prior to construction or initiation of such use, and the state shall receive a share of the rentals or sale price derived from such use in the proportion that the amount of federal or state funds used in the purchase of the site bears to the total cost of the land and improvement which is the subject of such sale or rental. Such sharing shall not be made until the county has been reimbursed for all sums expended by it, in the developments herein above referred to and such sharing shall terminate when the fair proportion of the federal and state funds allocable to the purchase of the area so developed has been reimbursed. No supplies or service for motor vehicles at retail, other than the parking thereof, shall be dispensed or rendered at, on or in connection with any portion of such lands developed or used for parking, storage, building or any other purpose.

(e) *Contracts.* To construct and administer projects under its jurisdiction, to contract in the name of the county with the state highway commission as may be necessary under state and federal statutes to secure state and federal aid on expressway projects.

(f) *Vacation, relocation, reconstruction of streets, alleys, etc.* 1. Whenever the commission determines that it is necessary for the proper construction of an expressway project that streets or alleys shall be vacated in whole or in part, or be dead-ended at the expressway right of way line; that existing streets or alleys be relocated; that new streets or alleys be laid out and opened; that accessory streets or ramps to serve as approaches to the expressway be constructed; that existing streets, leading to or off from expressway ramps, be designated as "one-way" streets for such distance as the commission and the municipality wherein such streets are located shall agree is necessary for such purpose; that the grade of existing streets be changed or that the traveled portion of existing streets be widened and improved so as to facilitate entrance to the expressway, it shall formulate a tentative order evidencing such requirement and file a certified copy thereof with the clerk of each town, city or village affected by such tentative order for consideration thereof by the governing body of such town, city or village.

2. Said governing body or such committee thereof as said governing body shall designate shall hold a public hearing in considering such tentative order and shall give notice of such hearing by publication once a week for 2 successive weeks in such newspaper, published in the county, as such governing body may designate.

3. If such tentative order is not approved within 90 days from the date of such filing, the commission shall present the tentative order to the state highway commission, which shall hold a public hearing thereon, of which hearing the municipality in question shall be given notice. The highway commission shall have jurisdiction to pass upon the necessity and reasonableness of the proposed tentative order, and it may approve, modify and ap-

prove or disapprove of the order, and its decision thereon shall be final, with no review allowed under ch. 227.

4. If such tentative order is approved by the governing body of the municipality affected, or if it is approved or modified and approved by the state highway commission, the county expressway commission may thereafter issue a final order identical with the original tentative order as the same may be modified by the state highway commission's decision. A certified copy of such final order shall be filed with the clerk of the town, village or city affected. Notice of the making of such order shall be published once a week for 2 successive weeks in such newspaper published in the county as the county board shall designate to publish official county notices.

5. The governing body of such town, village or city shall within 30 days after such filing take the necessary action to comply with such order and in so doing shall not be limited by the objections of any abutting owner, and the provisions of s. 80.32 (4) shall not be applicable to any vacation or discontinuance required by such order and any such town, village or city may act upon the initiative of its governing body without the necessity of obtaining the consent of any abutting owners, notwithstanding any provisions of chs. 60, 61, 62 and 66 and s. 80.32 (4) and any and all other provisions of law to the contrary.

6. If the town, village or city does not comply with the order within a reasonable time, the commission may perform the work required by the order with its own forces or by contract and in so doing and for such purpose shall have the same powers and freedom from limitations as are vested by the above specified chapters and this subsection in the governing body of the town, village or city.

7. The plans, specifications, proposed contracts and the appraisal of damages, if any, caused to abutting owners by compliance with such order shall be subject to approval by the commission prior to the commencement of any work under such order but such requirement for approval of such order shall not affect the abutting property owners' rights of appeal from the determination of damages by the commissioner of public works of the city or by any other authorized person or body.

8. The cost of performing such work as may be required by any order of the commission under this subsection, including damages granted for changes of legally established grade or necessary acquisition of lands, shall be paid by the county from expressway funds as an item of the particular expressway project budget upon presentation of vouchers which have been approved for payment by the governing body of such town, village or city and the commission. If the payment made by the county has been increased by reason of the town, city or village requesting an expenditure in excess of replacement or termination costs, the said town, village or city shall reimburse the county for such excess cost. Said reimbursement shall be credited by the county to abatement of the respective expense for which it was received.

(g) *Relocation of municipal utilities.* 1. The commission, subject to approval by the public service commission after public hearing to all interested parties in such cases in which the public service commission would have jurisdiction, may by order require any town, village or city through which an expressway project is to be constructed to remove, relocate and replace in kind or with equal facilities, or if the town, village or city shall so request by enlarged facilities, any sewer, street lighting or other like utility service the location of which interferes with construction of an expressway project, provided that in the event of such request the town, village or city shall bear that part of the cost of such improvement which exceeds the cost of the replacement of the existing facility in kind or with equal materials or facilities, provided further that the commission shall bear such excess cost where the installation of such enlarged facility is caused by designed construction and use of the expressway. A certified copy of such order shall be filed with the clerk of each town, village or city affected and upon such filing each such town, village or city shall within 30 days thereafter take the necessary action to comply with such order, provided that all plans, specifications and contracts for any of such work shall be subject to approval by the commission. In any event, when the work under specific contracts has been completed and approved by the governing body of such town, village or city and the commission, the same shall be paid by the county from expressway funds as an item of the particular expressway project budget. If the payments made by the county exceed the replacement costs and such additional cost was incurred at the specific request of the town, village or city, the said town, village or city shall reimburse the county therefor. Said reimbursement shall be credited by the county as an abatement of the respective expenses for which it is received. If deemed feasible and desirable by the commission any work provided for in this paragraph may be performed by commission forces or directly by contract, in which event the town, village or city in which such work is performed shall afford the co-operation necessary and required by the commission.

2. With respect to any water utility of any city, town or village which utility, in addition to providing water for human consumption, performs governmental functions in the

way of providing water for fire protection, sewerage operation, street sanitation, park bathing pools and the like, the commission shall have the same powers and be subject to the same obligations as are provided in subd. 1, provided that water storage tanks, water pumping stations and water reservoirs shall not be included in any order of the commission and may be removed, relocated and replaced only with the consent and approval of the city, town or village owning and operating such facilities.

(h) *Private occupancy of streets; relocation.* 1. All persons other than those mentioned in par. (g) lawfully having buildings, structures, works, conduits, mains, pipes, wires, poles, tracks or any other physical facilities in, over or under the public lands, streets, highways, alleys, parks or parkways of the county, or of any town, village or city therein, which in the opinion of the commission in any manner interfere with the construction of any expressway project or the relocation or maintenance thereof, shall upon order by the commission promptly so accommodate, relocate or remove the same as may be ordered by the commission so as to remove such interference.

2. Whenever the commission proposes to submit an expressway project to the county board for its approval it shall give notice thereof to each privately owned public utility or other person affected by such project indicating in such notice the action which it desires such utility or person to take, and such utility or person shall within 90 days after receipt of such notice furnish to the commission its plan to comply with such request.

3. When the utility pursuant to the commission's order proceeds with the work in a manner satisfactory to the commission, the county by the commission shall pay the utility from expressways funds upon monthly estimates of work performed and submitted for payment by the utility, two-thirds of the net cost incurred by the utility in performing such work, after deducting reasonable and fair credits for items salvaged, for any betterments made at the option of the company and for the value as carried on the utility's books, of the used life of a facility retired from use if the service life of the new facility will extend beyond the expectancy of the one removed. The county shall not be liable to pay any value whatever for utility facilities where use of the same has been abandoned for reasons other than the construction or proposed construction of an expressway project even though the installation is intact.

4. The commission and any utility required to accommodate, relocate or remove a utility facility described in subd. 1 may by agreement provide for the respective amounts of the cost to be borne by each so as to resolve any dispute as to the allowance of charges and credits as hereinabove set forth. When such agreement has been concluded, the county by the commission shall pay out of expressway funds its share of such cost upon monthly estimates of work performed and submitted for payment by the utility.

5. If the commission and any privately owned public utility are unable to agree as to the division of such costs, either may appeal to the public service commission, which body shall determine the proper amounts of reimbursement according to the provisions expressed in this paragraph. Either party may have a review of the public service commission's decision in the manner provided in ch. 227. If it be determined upon such review that the county has paid more than two-thirds of the net cost of compliance by a utility with the commission's order, any overage shall be reimbursed to the county by the utility.

6. No such appeal shall delay construction of the expressway project nor compliance by the privately owned public utilities with the orders of the expressway commission, provided that such compliance shall not prejudice the rights of either the commission or the utilities in any pending appeal.

7. If any person refuses to comply with an order of the commission as promulgated in accordance with this paragraph, the commission may have a writ of assistance from the circuit court to compel compliance, and such person shall be liable for all damages caused to the commission by such delay.

8. Whenever any steam or electric railroad tracks shall cross or be crossed by an expressway project ss. 195.28 to 195.291 shall be applicable.

9. The reimbursement to private utilities provided in this paragraph shall be limited to expressway projects as provided in this section.

(i) *Entry on private lands.* The commission, its agents or servants, may enter upon any land in the county for the purpose of making surveys, test borings or any other type of examination necessary in the performance of its duties and shall be liable to restore the surface of said lands to the same or as good condition as existed at the time of such entry and for any other actual and demonstrable damage caused to said lands by such entry.

(j) *Traffic types and speed limits.* After an expressway project has been certified as completed, the public body having jurisdiction over the maintenance thereof shall have the power to regulate the type of vehicular use of such portion of the expressway except as limited by federal and state laws and regulations, and the power to fix speed limits thereon not in excess of the maximum speed limits for state trunk highways, and to pro-

vide and enforce reasonable penalties for infraction of such vehicular use regulation or speed limits.

(k) *Building permits on lands in expressway routes.* Each town, village or city through which a route of the approved expressway plan, as amended from time to time, shall pass, shall be given a formal notice of such route and a map thereof. Thereafter, when an owner of land within the right of way of an expressway indicated on such map shall make application for a building permit affecting such lands, final action on such application shall be deferred for a reasonable time not exceeding 60 days and the municipality shall within 5 days after receipt of such application notify the commission thereof.

(l) The commission may in its discretion use its own forces to construct expressway projects in whole or in part or may with the approval of the county board use county highway forces for such purposes.

(m) *Rules and regulations.* The commission shall have power to make all rules and regulations concerning its work.

(6) REIMBURSEMENT FOR PRIOR EXPRESSWAY FINANCING. Municipalities shall be reimbursed for prior expressway project expenditures. Any expressway projects under construction at the time the commission is created and the transfer of functions to the commission has been effectuated shall be completed by the commission. Such municipalities shall be reimbursed for such prior expressway expenditures and obligation incurred for the cost of right of way acquisition and clearance, construction engineering, and actual construction to the extent of such municipalities' contribution from tax levy or bond funds. Each such municipality shall calculate such contribution and certify same with full data to the commission. It shall then be subject to consideration, audit and approval by the commission. Upon such approval, reimbursement shall be effected on a 10-year instalment basis by levying a tax against all the municipalities of the county on an equalized valuation basis, and offsetting the amount thereof to the municipalities entitled to reimbursement.

(7) AGREEMENTS FOR USE OF FEDERAL AID TO RETIRE MATURITIES. The state highway commission and any county having a population of 500,000 or more are authorized to enter into an agreement providing that when the proceeds of bonds issued by such county are expended in the improvement of a portion of the federal aid highway system as a part of the comprehensive expressway system in such a county, and are so expended under the provisions of ch. 84, and in compliance with section 5 of the federal aid highway act of 1950, or acts amendatory of or supplementary to such section, and regulations applicable thereto, such sum of money derived from federal aid for highways which may be authorized by the congress and apportioned to this state for any fiscal year as shall be stipulated in the aforesaid agreement may be applied to aid in retirement of annual maturities of the principal indebtedness of such bonds, and that to the extent that such federal aid can be claimed and received by the state for such purpose, it will upon receipt be paid to the county. Any money so paid shall be deposited by the county in the sinking fund provided for the retirement of the bond issue of which such bonds formed a part.

(8) AGREEMENTS FOR STATE AID TO RETIRE MATURITIES. The state highway commission is authorized to enter into a contract with a county containing a population of 500,000 or more providing that, to the extent that the proceeds of bonds issued by such county are expended under the provisions of ch. 84 in the improvement of state trunk highways or connecting streets, in addition to the agreed county share of such improvement and for which the county has not been or will not be reimbursed with federal funds, such sum as may be approved by the state highway commission in any fiscal year will be paid to such county to aid in retirement of the annual maturities of the principal indebtedness of such bonds from funds appropriated and available to the commission for the improvement of state trunk highways or connecting streets. Payments may be made pursuant to such agreement, before or after the bonds mature, from funds appropriated and available to the commission for the improvement of state trunk highways or connecting streets after making provision for adequate maintenance and traffic service, but this section or such agreement shall not constitute a commitment on the part of this state or the county to provide such funds. Any money so paid shall be deposited by such county in its sinking fund created for the purpose of payment of the bond issue of which such bonds formed a part.

(9) STAFF. (a) *Other departments and officers.* The staff of the county highway department, under the direction of the county highway commissioner, shall perform all technical work required by the commission. Any municipality having an expressway staff shall, upon request of the commission, and upon approval by the county board, transfer such staff to the county, and such agents and employes of such municipal staff shall thereupon become integrated into county civil service in the county highway department. The commission with the approval of the county board may hire upon a contract basis

such expert consultant services as it may deem necessary to assist the commission in the planning of the expressway system.

(b) *Commission rooms and equipment.* The county board shall provide suitable offices where the maps, plans, documents, and records of the commission shall be kept, subject to public inspection at all reasonable hours and under such reasonable regulations as the commission may prescribe.

(10) MAINTENANCE AND OPERATION. (a) *Same.* Whenever any expressway project has been completed the commission shall file a certification of such fact with the county clerk, the clerk of the municipality in which such project is located and with the state highway commission. Thereafter the portion of the expressway system included in such project shall be operated and maintained by the county, provided that where any such expressway project shall be selected and designated by the state highway commission as a state trunk highway that portion of the expressway shall be maintained by the state. Connecting ramps constructed as a part of the expressway system shall be included in such maintenance to the curb lines of the streets with which they connect. When such project is completed, the municipality in which such expressway is located shall maintain the pavement and all municipal utilities on any street passing over or under such expressway and the approaches to such bridges.

(b) POLICING OF EXPRESSWAYS. Expressways shall be policed by the sheriff who may, when necessary, request and shall receive co-operation and assistance from the police departments of each municipality in which expressways are located, but nothing contained herein shall be construed to deprive such police departments of the power of exercising law enforcement on such expressways within their respective jurisdictions.

(11) MAINTENANCE ALLOTMENT. From the appropriation made by s. 20.420 (81), the state highway commission shall allot annually on March 10 to each county for the maintenance and operation of expressways within its limits constructed pursuant to this section, which are opened, maintained and used for public travel, and which are not state or county trunk highways or connecting streets, the sum of \$520 per mile of such expressways; provided that the length of connecting ramps to be maintained by the county as part of the expressway shall be included in the total mileage.

Note: See Note following 32.18 as to when the revised eminent domain law (Ch. 639, Laws 1959) applies to condemnation proceedings under this section.

59.97 Zoning power. (1) EXTENT OF POWER. For the purpose of promoting the public health, safety and the general welfare the county board of any county may by ordinance effective within the areas within such county outside the limits of incorporated villages and cities establish districts of such number, shape and area, and adopt such regulations for each such district as the county board shall deem best suited to carry out the purposes of this section. The powers granted by this section shall be exercised through an ordinance which may determine, establish, regulate and restrict:

(a) The areas within which agriculture, forestry, industry, trades, business and recreation may be conducted.

(b) The areas in which residential uses may be regulated or prohibited.

(c) The areas in and along or in or along natural watercourses, channels, streams and creeks in which trades or industries, filling or dumping, erection of structures and the location of buildings may be prohibited or restricted.

(d) Trailer camps, or tourist camps and motels or both and mobile home parks.

(e) Designate certain areas, uses or purposes which may be subjected to special regulation.

(f) The location of buildings and structures designed for specific uses and designation of uses for which buildings and structures may not be used or altered.

(g) The location, height, bulk, number of stories and size of buildings and other structures.

(h) The location of roads and schools.

(i) Building setback lines.

(j) The density and distribution of population.

(k) The percentage of lot which may be occupied, size of yards, courts and other open spaces.

(2) FORMATION OF ZONING ORDINANCE; PROCEDURE. (a) The county board shall designate the county park commission, rural planning board, county highway committee, or a special zoning committee which it may create, as its agency in all matters pertaining to county zoning. When such agency shall be directed by the county board to draft a proposed zoning ordinance for its consideration, the agency shall do all things necessary to comply with such direction, including the collection and analysis of pertinent data, the drafting of a tentative ordinance and the layout of tentative districts either by maps or words of description, holding public hearings, preparation of a proposed final draft, and

its submission to the county board for its consideration prior to adoption. In any county in which a zoning ordinance has been finally adopted and is in force, the zoning agency designated by the county board shall oversee the administration of such ordinance and to this end such agency shall meet at least once each year.

(b) When the county zoning agency shall have completed a draft of a proposed zoning ordinance, it shall hold a public hearing or hearings thereon, following notice of such hearing by publication at least once each week for 3 successive weeks in the official newspaper of the county, or if there be none, in a newspaper of general circulation in the county. After such hearing the agency may make such revisions in the draft as it shall deem necessary, or it may submit the draft without revision to the county board with recommendations for adoption. Proof of publication of the notice of the public hearing held by such agency shall be attached to its report to the county board.

(c) When the draft of such ordinance, recommended for adoption by the zoning agency, is received by the county board, it may adopt the ordinance as submitted, or reject it, or return it to the agency with such recommendations as the county board may see fit to make. In the event of such return subsequent procedure by the agency shall be as if the agency were acting under the original directions. When adopted, duplicate copies of the ordinance shall be submitted by the county clerk by registered mail to each town clerk for consideration by the town board.

(d) A county ordinance adopted as provided by this section shall not be effective in any town until it has been approved by the town board. If the town board approves an ordinance adopted by the county board, as provided by this section, a certified copy of the approving resolution attached to one of the copies of such ordinance submitted to the town board shall promptly be filed with the county clerk by the town clerk. Such ordinance shall become effective in such town as of the date of such filing, which filing shall be recorded by the county clerk in his office, reported to the town board and the county board, and printed in the proceedings of the county board. Such ordinance shall supersede any prior town ordinance in conflict therewith or which is concerned with zoning, except as provided by section 60.74 (7).

(3) AMENDMENTS; CHANGES. (a) The county board may amend the regulations of an ordinance or change the district boundaries. The procedure with reference to such amendments or changes shall be as follows:

(b) A petition for amendment of any county zoning ordinance may be made by any property owner in the area to be affected by the amendment, by the town board of any town wherein the ordinance is in effect; by any member of the county board or by the agency designated by the county board to consider county zoning matters as provided in subsection (2) (a). Such petition shall be filed with the county clerk who shall present it to the county board at its next succeeding meeting.

(c) At such meeting of the county board the petition shall be referred directly to the agency designated by the county board to consider county zoning matters as provided in subsection (2) (a) for its consideration, report and recommendations.

(d) Upon receipt of such petition by such agency it shall call a public hearing thereon. Notice of the time and place of such hearing shall be given by publication thereof once each week for 3 successive weeks in the official newspaper of the county or if there be none in a newspaper of general circulation in the county. A copy of such notice shall be mailed by registered mail to the town clerk of each town affected by the proposed amendment at least 10 days prior to the date of such hearing.

(e) As soon as possible after such public hearing, the agency shall act on such petition either approving, modifying and approving, or disapproving of the same. If its action is favorable to granting the requested change or any modification thereof, it shall cause an ordinance to be drafted effectuating its determination and shall submit such proposed ordinance directly to the county board with its recommendations. If the agency after its public hearing shall recommend denial of the petition it shall report its recommendation directly to the county board with its reasons for such action. Proof of publication of the notice of the public hearing held by such agency and proof of the giving of notice to the town clerk of such hearing shall be attached to either such report.

(f) Upon receipt of such agency report the county board may adopt the ordinance as drafted by the zoning agency or with amendments, or it may deny the petition for amendment, or it may refuse to deny the petition as recommended by the agency in which case it shall re-refer the petition to the agency with directions to draft an ordinance to effectuate the petition and report the same back to the county board which may then adopt or reject such ordinance. In case a protest against a proposed amendment be filed with the county clerk at least 24 hours prior to the date of the meeting of the county board at which the report of the zoning agency is to be considered, duly signed and acknowledged by the owners of 20 per cent or more of the area proposed to be altered, or by the owners of at least 20 per cent of the frontage immediately in the rear or

along the side boundaries thereof within 300 feet of the area proposed to be changed, or by the owners of at least 20 per cent of the frontage directly opposite and across a public street, highway or alley, from the area proposed to be altered, action on such ordinance may be deferred until the zoning agency shall have had a reasonable opportunity to ascertain and report to the county board as to the authenticity of such ownership statements. Each signer shall state the amount of area or frontage owned by him and shall include a description of the lands owned by him. If such statements are found to be true, such ordinance shall not be adopted except by the affirmative vote of three-fourths of the members of the county board of supervisors present and voting. If such statements are found to be untrue to the extent that the required frontage or area ownership is not present such protest may be disregarded.

(g) Any such amendatory ordinance when so adopted shall within 7 days thereafter be submitted in duplicate by the county clerk by registered mail to the town clerk of each town in which lands affected by such ordinance are located. If after 40 days from the date of such adoption a majority of such towns have not filed certified copies of resolutions disapproving such amendment with the county clerk, or if, within a shorter time a majority of the towns in which the ordinance is in effect have filed certified copies of resolutions approving the amendment with the county clerk, the amendment shall thereupon be in full force and effect in all of the towns affected by the ordinance. Any such ordinance relating to the location of boundaries of districts shall within 7 days after adoption by the county board be transmitted by the county clerk by registered mail only to the town clerk of the town in which the lands affected by such change are located and shall become effective 40 days after the adoption of the ordinance by the county board unless such town board shall prior to such date file a certified copy of a resolution disapproving of such ordinance with the county clerk provided that if such town board shall approve of such ordinance, said ordinance shall become effective upon the filing of the resolution of the town board approving same with the county clerk. The county clerk shall record in his office the date on which such ordinance becomes effective and he shall notify the town clerk of all towns affected by such ordinance of such effective date and also make such report to the county board, which report shall be printed in the proceedings of the county board.

(h) When any lands previously under the jurisdiction of a county zoning ordinance shall have been finally removed from such jurisdiction by reason of annexation to an incorporated municipality, and after the regulations imposed by the county zoning ordinance have ceased to be effective as provided in s. 59.97 (4a), the county board may, on the recommendation of its zoning agency, adopt such amendatory ordinances as shall remove or delete such annexed lands from the official zoning map or written descriptions without following any of the procedures provided in pars. (b) to (g), and such amendatory ordinances shall become effective upon passage and publication. A copy of such ordinance shall be forwarded by the county clerk to the clerk of each town in which the lands affected were previously located. Nothing in this paragraph shall be construed to nullify or supersede the provisions of s. 80.64.

(4) OPTIONAL ADDITIONAL PROCEDURES. Nothing in this section shall be construed to prohibit the zoning agency or the county board or a town board from adopting any procedures, formal or informal, in addition to those prescribed in this section and not in conflict therewith. Such procedures may, but are not required to, provide for public hearings before the county board. The public hearing provided by subs. (2) (b) and (3) (d) is deemed to be sufficient for the requirements of due process whether or not the county board holds a further public hearing thereafter.

(4a) CONTINUED EFFECT OF ORDINANCE. Whenever any area which has been subject to a county zoning ordinance petitions to become part of a village or city, the regulations imposed by such county zoning ordinance shall continue in effect, without change, and shall be enforced by such village or city until such regulations have been changed by official action of the governing body of such village or city, except that in the event an ordinance of annexation is contested in the courts, the county zoning shall prevail and the county shall have jurisdiction over the zoning in the area affected until ultimate determination of the court action.

(5) EXCHANGE OF TAX DEEDED LANDS. When any county acquires lands by tax deeds, the county board may exchange any such lands for others lands in the county for the purpose of promoting the regulation and restriction of agricultural and forestry lands.

(6) ZONING OF COUNTY OWNED LANDS. The county board may by ordinance zone and rezone any lands owned by the county without necessity of securing the approval of the town boards of the towns wherein such lands are situated and without following the procedure outlined in subsections (2) and (3), provided that the county board shall give written notice to the town board of the town wherein such lands are situated of its intent to

so rezone and shall hold a public hearing on the proposed rezoning ordinance and give notice of such hearing by posting in 5 public places in the town.

(7) **NONCONFORMING USES.** (a) An ordinance under this section shall not prohibit the continuance of the lawful use of any building or premises for any trade or industry for which such building or premises is used at the time such ordinances take effect, but the alteration of, or addition to, or repair in excess of 50 per cent of its assessed value of any existing building or structure for the purpose of carrying on any prohibited trade or new industry within the district where such buildings or structures are located, may be prohibited. The continuance of the nonconforming use of a temporary structure may be prohibited. If such nonconforming use is discontinued for a period of 12 months, any future use of the building and premises shall conform to the ordinance.

(b) The county board shall designate an officer to administer the zoning ordinance, who may be the secretary of the zoning agency or other appropriate person. The officer thus designated shall cause a record to be made immediately after the approval of an ordinance or amendment thereto, or change in district boundary, approved by the town board, of all lands, premises and buildings in the town used for purposes not conforming to the regulations applicable to the district in which they are situated. Such record shall include the legal description of the lands, the nature and extent of the uses therein, and the names and addresses of the owner or occupant or both. Promptly on its completion such record shall be published for 3 successive weeks in the official county newspaper, or if there be none, in a newspaper having general circulation in the county. Such record, as corrected, shall be on file with the register of deeds 60 days after the last publication and shall be prima facie evidence of the extent and number of nonconforming uses existing on the effective date of the ordinance in the town. Corrections prior to the filing of the record with the register of deeds may be made on the filing of sworn proof in writing, satisfactory to the officer administering the zoning ordinance.

(c) The county board shall prescribe a procedure for the annual listing of nonconforming uses, discontinued or created, since the previous listing and for all other nonconforming uses. Discontinued and newly created nonconforming uses shall be recorded with the register of deeds immediately after the annual listing.

(d) Paragraphs (b) and (c) shall not apply to those counties issuing building permits or occupancy permits as a means of enforcing the zoning ordinance or to counties which have provided other procedures for this purpose.

(8) **PROCEDURE FOR ENFORCEMENT OF COUNTY ZONING ORDINANCE.** The county board shall prescribe such rules and regulations and administrative procedures, and provide such administrative personnel as it may deem necessary for the enforcement of the provisions of this section, and all ordinances enacted in pursuance thereof. Such rules and regulations and the districts, setback building lines and regulations authorized by this section, shall be prescribed by ordinances which shall be declared to be for the purpose of promoting the public health, safety and the general welfare. Such ordinances shall be enforced by appropriate fines and penalties. Compliance with such ordinances may also be enforced by injunctive order at the suit of such county or the owner or owners of real estate within the district affected by such regulation.

(9) **PRIOR ORDINANCES EFFECTIVE.** Nothing in this section shall invalidate any county zoning ordinance adopted pursuant to statutes in effect prior to July 20, 1951.

(10) **CONSTRUCTION OF SECTION.** The powers herein granted shall be liberally construed in favor of the county exercising them, and this section shall not be construed to limit or repeal any powers now possessed by any such county.

(12) **LIMITATION OF ACTIONS.** A land owner, occupant or other person affected by a county zoning ordinance or amendment, who claims that such ordinance or amendment is invalid because procedures prescribed by the statutes or the ordinance were not followed shall be forever barred unless the court action is commenced within 6 months after adoption. Provided, this subsection shall not apply unless there has been at least one publication of a notice of a zoning hearing in a local newspaper of general circulation and unless there has been held a public hearing on the ordinance or amendment at the time and place specified in such notice.

59.99 County zoning, adjustment board. (1) **APPOINTMENT, POWER.** The county board may provide for the appointment of a board of adjustment, and in the regulations and restrictions adopted pursuant to the authority of section 59.97 may provide that the said board of adjustment may, in appropriate cases and subject to appropriate conditions and safeguards, make special exceptions to the terms of the ordinance in harmony with its general purpose and intent and in accordance with general or specific rules therein contained.

(2) **PERSONNEL.** (a) In counties of less than 500,000 population, the board of ad-

justment shall consist of 3 members, who shall be appointed or elected as herein provided. The chairman of the county board shall appoint, with the approval of the county board, 3 members for terms of 1, 2 and 3 years, respectively, dating from July 1, 1927. Successors shall be appointed or elected in like manner at the expiration of each term and their terms of office shall be 3 years in all cases, beginning July 1 in the year in which they are appointed or elected and until their successors are appointed or elected.

(b) In counties having a population of 500,000 or more, the board of adjustment shall consist of 3 members who are residents of towns within the county, elected by the county board for terms of 1, 2 and 3 years, respectively, and until their successors are elected and qualify. Each town wherein the county zoning ordinance is in effect shall have at least one member on the board. The terms of the members of the board existing on April 10, 1957 shall expire on that date.

(c) The members of the board shall all reside within the county and outside of the limits of incorporated cities and villages; provided, however, that no 2 members shall reside in the same town. The board shall choose its own chairman. Office room shall be provided by the county board, and the actual and necessary expenses incurred by the board in the performance of its duties shall be paid and allowed as in cases of other claims against the county. The county board may likewise compensate the members of said board and such assistants as may be authorized by said county board. Vacancies shall be filled for the unexpired term of any member whose term becomes vacant.

(3) RULES, MEETINGS, MINUTES. The county board shall adopt rules for the conduct of the business of said board of adjustment, in accordance with the provisions of any ordinance or ordinances adopted pursuant to section 59.97. The board of adjustment may adopt further rules as necessary to carry into effect the regulations of the county board. Meetings of the board shall be held at the call of the chairman and at such other times as the board may determine. Such chairman, or in his absence the acting chairman, may administer oaths and compel the attendance of witnesses. All meetings of the board shall be open to the public. The board shall keep minutes of its proceedings, showing the vote of each member upon each question, or, if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the board and shall be a public record.

(4) APPEALS TO BOARD. Appeals to the board of adjustment may be taken by any person aggrieved or by any officer, department, board or bureau of the municipality affected by any decision of the building inspector or other administrative officer. Such appeal shall be taken within a reasonable time, as provided by the rules of the board, by filing with the officer from whom the appeal is taken and with the board of adjustment a notice of appeal specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the board all the papers constituting the record upon which the action appealed from was taken.

(5) STAYS. An appeal shall stay all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken shall certify to the board of adjustment after the notice of appeal shall have been filed with him that by reason of facts stated in the certificate a stay would cause imminent peril to life or property. In such case proceedings shall not be stayed otherwise than by a restraining order, which may be granted by the board of adjustment or by a court of record on application on notice to the officer from whom the appeal is taken and on due cause shown.

(6) HEARING APPEALS. The board of adjustment shall fix a reasonable time for the hearing of the appeal, give public notice thereof, as well as due notice to the parties in interest, and decide the same within a reasonable time. Upon the hearing any party may appear in person or by agent or by attorney.

(7) POWERS OF BOARD. The board of adjustment shall have the following powers:

(a) To hear and decide appeals where it is alleged there is error in any order, requirement, decision or determination made by an administrative official in the enforcement of section 59.97 or of any ordinance adopted pursuant thereto.

(b) To hear and decide special exceptions to the terms of the ordinance upon which such board is required to pass under such ordinance.

(c) To authorize upon appeal in specific cases such variance from the terms of the ordinance as will not be contrary to the public interest, where, owing to special conditions, a literal enforcement of the provisions of the ordinance will result in unnecessary hardship, and so that the spirit of the ordinance shall be observed and substantial justice done.

(8) ORDER ON APPEAL. In exercising the above-mentioned powers such board may, in conformity with the provisions of this section, reverse or affirm, wholly or partly, or may modify the order, requirement, decision or determination appealed from, and may make such order, requirement, decision or determination as ought to be made, and to that end shall have all the powers of the officer from whom the appeal is taken.

(9) **MAJORITY RULE.** In counties having a population of less than 500,000, the concurring vote of 2 members of the board, and in counties having a population of 500,000 or more, the concurring vote of a majority of the board, shall be necessary to reverse any order, requirement, decision or determination of any such administrative official, or to decide in favor of the applicant on any matter upon which it is required to pass under any such ordinance, or to effect any variation in such ordinance.

(10) **COURT REVIEW.** Any person or persons, jointly or severally, aggrieved by any decision of the board of adjustment, or any taxpayer, or any officer, department, board or bureau of the municipality, may present to a court of record a petition, duly verified, setting forth that such decision is illegal, in whole or in part, specifying the grounds of illegality. Such petition shall be presented to the court within thirty days after the filing of the decision in the office of the board.

(11) **CERTIORARI.** Upon the presentation of such petition the court may allow a writ of certiorari directed to the board of adjustment to review such decision of the board of adjustment, and shall prescribe therein the time within which a return thereto must be made and served upon the relator's attorney, which shall not be less than ten days and may be extended by the court. The allowance of the writ shall not stay proceedings upon the decision appealed from, but the court may, on application, on notice to the board and on due cause shown, grant a restraining order.

(12) **RETURN TO WRIT.** The board of adjustment shall not be required to return the original papers acted upon by it, but it shall be sufficient to return certified or sworn copies thereof or of such portions thereof as may be called for by such writ. The return shall concisely set forth such other facts as may be pertinent and material to show the grounds of the decision appealed from and shall be verified.

(13) **COURT DECISION.** If, upon the hearing, it shall appear to the court that testimony is necessary for the proper disposition of the matter, it may take evidence or appoint a referee to take such evidence as it may direct and report the same to the court with his findings of fact and conclusions of law, which shall constitute a part of the proceedings upon which the determination of the court shall be made. The court may reverse or affirm, wholly or partly, or may modify the decision brought up for review.

(14) **COSTS.** Costs shall not be allowed against the board unless it shall appear to the court that it acted with gross negligence, or in bad faith, or with malice in making the decision appealed from. All issues in any proceeding under this section shall have preference over all other civil actions and proceedings.

59.997 Consolidation of counties; procedure; referendum. (1) Any two or more adjoining counties in the state may consolidate into a single county by complying with the requirements and procedure herein specified.

(2) The county boards of commissioners or county boards of supervisors of any two or more adjoining counties desiring to consolidate their respective counties into a single county may enter into a joint agreement for the consolidation of such counties, setting forth in such consolidation agreement:

- (a) First, the names of the several counties which they propose to be consolidated;
- (b) Second, the name under which it is proposed to consolidate the said counties, which name shall be such as to distinguish it from the name of any other county in Wisconsin, other than the consolidating counties;
- (c) Third, the property, real and personal, belonging to each county, and the fair value thereof in current money of the United States;
- (d) Fourth, the indebtedness, bonded and otherwise, of each county;
- (e) Fifth, the proposed name and location of the county seat of the consolidated county;
- (f) Sixth, if the said counties have different forms of county organization and government, the proposed form of county organization and government of the consolidated county;
- (g) And seventh, the terms of agreement.

(3) The county board of commissioners or county board of supervisors of each of the said counties may appoint an advisory committee composed of three persons to assist the said board in the preparation of such agreement.

(4) The original of the consolidation agreement, together with a petition on behalf of the several county boards of commissioners or county boards of supervisors, signed by the chairman of each of said boards, asking that a referendum on the question of consolidation of the several counties be ordered, shall be filed with the clerk of the circuit court of one of such counties and a copy of such consolidation agreement and of the petition shall be filed with the clerk of the circuit court of each of the other such counties.

(5) The qualified electors of each county involved in the consolidation proposal whose county board of commissioners or county board of supervisors has not taken the initiative under subsection (2) may, by filing with the county board of commissioners or county board of supervisors of the said county a petition, signed by not less than twenty per centum of the qualified electors of said county, based on the total vote cast for governor at the last general election, asking the said board to effect, in accordance with subsection (2), a consolidation agreement with such county or counties as shall be named in the said petition, and asking for a referendum on the said question, require the said board to so proceed. A copy of the petition of the electors shall also be filed with the clerk of the circuit court of the county. If the said county board of commissioners or county board of supervisors is able within six months thereafter to effect such consolidation agreement, the procedure shall be the same as hereinbefore set forth. If the said board within the said period of time is unable or for any reason fails to perfect such consolidation agreement, then the judge of the circuit court of the said county shall appoint a committee of five representative citizens of the county, to act for and in lieu of the said county board of commissioners or county board of supervisors in perfecting the said consolidation agreement and in petitioning for a referendum.

(6) The county board of commissioners or county board of supervisors shall cause a copy of the said consolidation agreement thereafter to be published in each county which it is proposed to consolidate, at least once a week for two successive weeks in two or more newspapers having a general circulation in the said counties, and a copy of the said agreement shall be posted at the front door of the courthouse of each county.

(7) When the publication of the said consolidation agreement in each of the said counties is completed, of which the certificate to the judge of the circuit court of the said counties from the owner-editor or manager of each newspaper publishing the same shall be proof, the judge or judges of the circuit courts of the said counties shall, by order entered of record in each of such counties, require the several county clerks of the counties included in the consolidation agreement to submit such question to a vote of the qualified electors of such counties at the next election to be held on the first Tuesday in April, or the next regular election, or at a special election to be held on the day fixed in said order, which day shall be the same in each of the counties proposing to consolidate. A copy of said order shall be filed with the county clerk of each of such counties. If such question is submitted at a special election, it shall be held not less than thirty days nor more than sixty days from the completion of the consolidation agreement, but not within sixty days of any April or general election.

(8) The county clerk shall notice such election as other elections. The ballots shall be provided by the county clerk and shall be in substantially the following form:

OFFICIAL REFERENDUM BALLOT

If you desire to vote for the consolidation of (insert names of counties proposing to consolidate) counties pursuant to consolidation agreement, make a cross (X) or other mark in the square after the word "Yes," underneath the question; if you desire to vote against consolidation, make a cross (X) or other mark in the square after the word "No," underneath the question.

Shall (here insert names of counties proposing to consolidate) counties consolidate pursuant to consolidation agreement?

YES

NO

(9) Such ballot shall have on the back or reverse side thereof the indorsements provided by law for ballots for general elections and shall be marked by the voter and counted and canvassed as other ballots cast on questions in the county are counted and canvassed. The election shall be conducted by the same officers and in the same manner as are other elections in the county. The results of the election shall be certified to the judge or judges of the circuit court of said counties.

(10) If a majority of the votes cast in each county upon such question are in favor of the consolidation of such counties, the judge or judges of said circuit court shall enter such fact of record in each such county. If in any one of such counties less than a majority of the votes cast upon such question are in favor of the proposed consolidation, said consolidation shall be declared to have failed for all purposes. If a majority of the votes cast upon such question in any county are opposed to consolidation, the question of consolidation shall not be again submitted to the electors of such county for a period of two years.

(11) At the next succeeding regular November election, held at least sixty days after the election at which consolidation is approved by the voters, there shall be elected for the consolidated county all county officers provided for by law, except as provided in subsection (12), and such officers shall be nominated as provided in chapter 5. Their terms shall

begin on the first Monday of January next succeeding their election, at which time they shall replace all elective county officers of the counties consolidated into the consolidated county whose terms shall on such day terminate. All appointive county officers shall be appointed by the person, board or authority upon whom the power to appoint such officers in other counties is conferred. The terms of such officers shall commence on the first Monday of January next succeeding the first election of officers for the consolidated county, and shall continue, unless otherwise removed, until their successors have been appointed and qualified. The successors of all such officers whose first election or appointment is herein provided for shall thereafter be elected or appointed at the time, in the manner and for the terms provided by law.

(12) Consolidation effected under this section shall not affect the county courts or county superintendent of schools of the several counties until the expiration of the terms of the respective county judges and superintendents of schools holding office at the time of consolidation.

(a) Each county court shall continue to exercise the jurisdiction prescribed by law at the time of consolidation in the territory within which his jurisdiction then extends. In the judicial election held in April in the year prior to the expiration of the terms of the respective county judges, there shall be elected by the voters of the new consolidated county a county judge for such county who shall take office on the first Monday in January following the election. Thereafter the county courts of the several counties embraced in the consolidation shall cease to exist and the county court of the new consolidated county shall have jurisdiction in the entire county.

(b) Each county superintendent of schools in the several counties shall continue to exercise jurisdiction over the territory embraced in his district at the time of consolidation, but at the termination of his term the new consolidated county shall constitute but one superintendent district. In the election held in April prior to the expiration of such term, a county superintendent of schools shall be elected for the entire consolidated county, to take office on the first Monday in July following the election.

(13) Upon the first Monday of January following the first election of county officers for the consolidated county, the several counties shall thereafter for all purposes be treated and considered as one county, under the name and upon the terms and conditions set forth in the said consolidation agreement; and all rights, privileges, and franchises of each of the said several counties, and all records, books, and documents, and all property, real and personal, and all debts due on whatever account, as well as other things in action, belonging to each of such counties, shall be deemed as transferred to and vested in the said consolidated county, without further act or deed. All property, all rights of way, and all and every other interest shall be as effectually the property of the consolidated county as they were of the several counties prior to said consolidation; and the title to real estate, either by deed or otherwise, under the laws of this state vested in any of the said counties, shall not be deemed to revert or be in any way impaired by reason of this consolidation; but the rights of creditors and all liens upon the property of any of the said counties shall be preserved unimpaired; and the respective counties shall be deemed to continue in existence to preserve the same and all debts, liabilities and duties of any of the said counties shall henceforth attach to said consolidated county and be enforced against it to the same extent as if the said debts, liabilities and duties had been incurred or contracted by it, unless by the terms of said agreement the outstanding bonded indebtedness of the said counties shall not be transferred and attached to said consolidated county, but shall remain as obligations of the said counties which for such purpose shall be deemed to continue in existence.

(14) Suits may be brought and maintained against such consolidated county in any of the courts of this state in the same manner as against any other county. Any action or proceeding pending by or against either of the counties consolidated may be prosecuted to judgment as if such consolidation had not taken place; or the consolidated county may be substituted in its place. The townships, school districts, election districts and voting places in the consolidated county shall continue as in the several counties prior to consolidation, unless and until changed in accordance with law.

(15) Until changed by law, the same circuit courts shall continue, though it may result in the consolidated county being a part of two or more circuits. All such courts shall, however, be held at the place designated as the county seat of the consolidated county, and each such court and the judge thereof shall continue to have and exercise the same jurisdiction as it or he had and exercised before such consolidation. If two or more judges have jurisdiction in any consolidated county they or a majority of them shall exercise the power to appoint officers and fill vacancies as is vested in judges of circuit courts of other counties.

(16) For the purpose of representation in congress and in the legislature the existing congressional, senatorial and assembly districts shall continue until changed in accordance with law. Such consolidated county shall in all respects, except as otherwise provided

herein, be subject to all the obligations and liabilities imposed, and shall possess all the rights, powers and privileges vested by law in other counties.

(17) The provisions of this section shall be deemed cumulative and the authority herein granted to counties shall not be limited or made inoperative by any existing statute.
