GENERAL PROVISIONS

349.01 Words and phrases defined.

Words and phrases defined in s. 340.01 are used in the same sense in this chapter unless a different definition is specifically provided.

349.02 Police and traffic officers to enforce law. It is the duty of the police, sheriff's and traffic departments of every unit of government and each authorized department of the state to enforce chs. 346 to 348 and 350. Police officers, sheriffs, deputy sheriffs and traffic officers are authorized to direct all traffic within their respective jurisdictions either in person or by means of visual or audible signal in accordance with chs. 346 to 348 and 350. In the event of fire or other emergency, police officers, sheriffs, deputy sheriffs and traffic officers and officers of the fire department may direct traffic as conditions may require notwithstanding the provisions of chs. 346 to 348 and 350.

History: 1971 c. 277

Sheriff has power to temporarily close any highway in county in case of emergency and to divert traffic. 67 Atty Gen. 335

349.03 Regulation by local authorities forbidden; exceptions. (1) Chapters 341 to 348 and 350 shall be uniform in operation throughout the state. No local authority may enact or enforce any traffic regulation unless such regulation:

(a) Is not contrary to or inconsistent with chs. 341 to 348 and 350; or

(b) Is expressly authorized by ss. 349.06 to 349.25 or some other provision of the statutes.

(2) No local authority may enact or enforce any traffic regulation providing for suspension or revocation of motor vehicle operator's licenses or requiring local registration of vehicles, except as authorized by s. 341.35, or in any manner excluding or prohibiting any motor vehicle, mobile home, trailer or semitrailer whose owner has complied with chs. 341 to 348 from the free use of all highways, except as authorized by sub. (3) and ss. 66.046, 349.13, 349.17, 349.22 and 349.23.

(3) In a county having a population of at least 500,000, city councils and village boards may, as to streets within their corporate limits, and the county board may, as to all other highways, establish one-way lanes to be used only by specified public transportation vehicles but only to facilitate mass transit and taxicab movement. The authority granted by this subsection may be exercised extraterritorially by the county board of the populous county on those portions of county trunk and state trunk highways in contiguous counties which are within 2 miles of the populous county if the highways so affected are connected to highways similarly affected in the populous county and if the board of the contiguous county concurs.

EXPRESS REGULATORY POWERS

349.06 Authority to adopt traffic regulations in strict conformity with state law.

(1) Except for the suspension or revocation of motor vehicle operator's licenses, any local authority may enact and enforce any traffic regulation which is in strict conformity with one or more provisions of chs. 341 to 348 and 350 for which the penalty for violation thereof is a forfeiture.

(2) Traffic regulations adopted by local authorities which incorporate by reference existing or future amendments to chs. 340 to 348 shall be deemed to be in strict conformity and not contrary to or inconsistent with such chapters. This subsection does not require local traffic regulations to incorporate state traffic laws by reference in order to meet the requirements of s. 349.03 or sub. (1).

History: 1971 c. 277, 278, 307; 1973 c. 336; 1975 c. 248.

NOTE: Chapter 193, laws of 1977, provided in section 18m that any local authority may enact a traffic regulation in strict conformity with 346.65 (2) (a) 1, with a forfeiture of not more than \$500, to be retained entirely by the local unit of government.

349.03 and 349.06 must be read together. A city cannot by ordinance impose stricter restrictions on possession of beer in a vehicle than the statute provides. *Janesville v. Walker*, 50 W (2d) 35, 183 NW (2d) 158.

See note to 349.03, citing *City of Janesville v. Garthwaite*, 83 W (2d) 866, 266 NW (2d) 418 (1978)

County can enact and enforce traffic ordinances applicable to town roads. 64 Atty. Gen. 172.

349.065 Uniform traffic control devices.

Local authorities shall place and maintain traffic control devices upon highways under their jurisdiction to regulate, warn, guide or inform traffic. The design, installation and operation or use of new traffic control devices placed and maintained by local authorities after the adoption of the uniform traffic control devices manual under s. 84.02 (4) (e) shall conform to the manual. After January 1, 1977, all traffic control devices placed and maintained by local authorities shall conform to the manual.

History: 1973 c. 185

349.07 Authority to designate through highways.

(1) The department may, when it deems it necessary for the public safety, by order declare any state trunk highway or connecting highway or portion thereof to be a through highway.

(2) Every county highway committee may, when it deems necessary for the public safety, by order declare any county trunk highway or portion thereof to be a through highway, except

STATE AND LOCAL POWERS 349.07

that where a state trunk highway intersects a county trunk highway the department shall designate the through highway.

(3) Every local authority may, when it deems it necessary for the public safety, by ordinance or resolution declare any highway or portion thereof under its exclusive jurisdiction to be a through highway.

(4) No order, ordinance or resolution declaring any highway to be a through highway is effective until official stop signs or traffic control signals have been installed at the entrances thereto from other highways.

(5) Through highway declarations under this section shall not apply to any paralleling service roads.

(6) (a) Nothing in this section shall prohibit local authorities from placing additional stop signs on the roadway or temporary school zoning warning signs or temporary stop signs in the roadway at school crossings during periods of daylight when school children are using such crossings if such signs do not physically obstruct traffic.

(b) Nothing in this section shall prohibit local authorities from placing temporary stop signs in the roadway at intersections or crosswalks for limited periods of time if the local authorities deem it necessary for the public safety and if the signs do not physically obstruct traffic.

(7) (a) The department may, when it deems necessary for the public safety, by order provide for the installation of yield signs on state trunk highways and connecting highways, and the governing body of any city, or county, may by ordinance or resolution provide, when it deems it necessary for the public safety, for the installation of yield signs on any through highway which has been so declared under sub. (3) and under its exclusive jurisdiction to regulate merging traffic movements and conflicting movements occurring within the intersection of 2 or more highways. Yield signs shall not be used in lieu of stop signs where a highway directly crosses a through 2-way highway.

(b) The governing body of any town, city, village or county may by ordinance or resolution provide for the installation of yield signs at any intersection over which it has exclusive jurisdiction, but if the intersection is part of a through highway such yield signs can be installed at such intersections only as provided in par. (a).

(8) The governing body of any town, city, village or county may by ordinance or resolution provide for the installation of stop signs and

349.07 STATE AND LOCAL POWERS

traffic signals at intersections on highways over which it has exclusive jurisdiction.

History: 1975 c. 192; 1977 c. 29 s. 1654 (3), (8) (a); 1977 c. 116 ss. 7, 8, 9; 1977 c. 272; 1979 c. 34.

Legislative Council Note, 1977: Section 349.08 (6) (a), relating to the placement of yield signs, is renumbered s. 349.07 (7) (a) and amended to prohibit the use of yield signs in lieu of stop signs where a highway directly crosses a through 2-way highway; the present prohibition against the use of yield signs in lieu of stop signs is overly broad in that it is not restricted to highways which directly cross through highways. By definition, the entrances to a "through highway" from intersecting highways must be controlled by traffic control signals or stop signs; "through highway" is defined in s. 340.01 (67). [Bill 465-A]

349.08 Cost of signs and traffic control signals. The department may, when requested, furnish official traffic control devices and highway paint at cost to any local authority.

History: 1975 c. 23, 48, 237, 239, 367, 422; 1977 c. 29 s. 1654 (3), (8) (a); 1977 c. 116.

349.085 Authority to install stop signs at railroad grade crossings. Local authorities may, by ordinance, when they deem it necessary for the public safety, install official stop signs at public traveled railroad grade crossings on highways maintained by the respective authorities.

History: 1977 c. 116.

349.09 Authority to remove prohibited signs or signals. Every sign, signal, marking or device which is placed, maintained or displayed in violation of s. 346.41 is declared to be a public nuisance. The authority in charge of maintenance of the highway in question may notify in writing the owner or occupant of the premises upon which the nuisance exists or the person causing or maintaining the nuisance to remove the same. If such nuisance is not removed within 30 days after such notice is given or if an unauthorized signal or device is found to be in operation at any time after such notice is given, the authority in charge of maintenance of the highway may cause the nuisance to be removed and collect the expense of removal from the person notified to remove it. The expense of removal may be charged against the premises and, upon certificate of the highway authority causing the removal, assessed as are other special taxes.

349.10 Authority to designate one-way highways, safety zones, turns and lanes.

(1) The department, county highway committees and local authorities in regard to highways under their respective jurisdictions, may:

(a) Declare by order, ordinance or resolution and designate by appropriate signs any highway or portion thereof to be a one-way highway and require that all vehicles be operated in one specific direction on such highway.

(b) Designate by mark or markers certain places on highways as safety zones or erect and maintain islands of safety and regulate and control traffic with respect to such safety zones and islands of safety.

(c) By order, ordinance or resolution and by the erection of appropriate signs, prohibit right or left turns at intersections by all vehicles or by certain types of vehicles.

(d) Place official traffic control devices within or adjacent to intersections and thereby require and direct that a different course from that specified in s. 346.31 be traveled by vehicles turning at the intersection.

(e) Mark lanes for traffic upon any roadway and designate specific lanes for slow-moving traffic or for traffic moving in a particular direction.

(f) By order, ordinance or resolution and by the erection of appropriate signs, prohibit U-turns at specified locations. The local authority with the approval of the department may prohibit U-turns and erect appropriate signs on state trunk highways within cities and villages.

(2) No local authority shall declare any part of a connecting highway between portions of the state trunk highway system to be a one-way highway or prohibit right or left turns at any intersection of one such connecting highway with another without due regard for the expeditious flow of intercity traffic using the state trunk highways and without first conferring with the department on the problems involved.

History: 1973 c. 175; 1977 c. 29 s. 1654 (3), (8) (a); 1977 c. 116, 272.

349.105 Authority to prohibit certain traffic on expressways and freeways. The authority in charge of maintenance of an expressway or freeway may, by order, ordinance or resolution, prohibit the use of such expressway or freeway by pedestrians, persons riding bicycles or other nonmotorized traffic or by persons operating power driven cycles or motor bicycles. The state or local authority adopting any such prohibitory regulation shall erect and maintain official signs giving notice thereof on the expressway or freeway to which such prohibition applies.

349.11 Authority to modify speed restrictions.

(1) (a) Whenever the department with respect to the state trunk highway system and the local authorities with respect to highways under their jurisdiction determine upon the basis of an engineering and traffic investigation that any statutory speed limit is greater or less than is reasonable or safe under the conditions found to exist upon any part of a highway or that the actual speed of vehicles upon any part of a

highway is greater or less than is reasonable and prudent, the department with respect to the state trunk highway system and the local authorities with respect to highways under their jurisdiction may, subject to the limitations set forth in subs. (2) and (3), determine and declare a reasonable and safe speed limit on the highway or part thereof in question. When appropriate signs giving notice of such speed limit have been erected and are in place, such speed limit shall be effective at all times or at such times as indicated by the signs.

(b) Whenever the department with respect to the state trunk highway system determines, upon the basis of an engineering and traffic investigation, that any statutory minimum speed limit is greater or less than is reasonable or safe under the conditions found to exist upon any part of a highway or that the actual minimum speed of vehicles upon any part of a highway is greater or less than is reasonable and prudent, the department with respect to the state trunk highway system may, subject to applicable limitations in subs. (2) and (3), determine and declare a reasonable and safe minimum speed limit on the highway or part thereof in question. When appropriate signs giving notice of such minimum speed limit have been erected and are in place such minimum speed limit shall be effective at all times or at such times as indicated by the signs.

(2) The department may not:

(a) Declare a speed limit which is in excess of the limits stated in s. 346.57 (4) (h); or

(b) Modify the limits stated in s. 346.57 (4) (c) or 346.58 (1); or

(c) Modify the statutory speed limit on more than 2,000 miles of state trunk highways. The first mile outside of and immediately adjacent to any incorporated municipality shall not be counted in computing such 2,000 miles.

(3) Local authorities may not:

(a) Declare a speed limit which is in excess of the limits stated in s. 346.57 (4) (h); or

(b) Modify the limits stated in s. 346.57 (4) (c) or 346.58 (1); or

(c) Modify any existing speed limit without the consent of the department except to reduce the speed limit as provided under sub. (10), or to increase the speed limit stated in s. 346.57 (4) (e), (f) or (g), or to reduce by 10 miles per hour or less the speed limit stated in s. 346.57 (4) (a), (b) or (d) to (k). Whenever department approval is required, no signs giving notice of a modification of the speed limit may be erected until such approval has been received.

(4) The department upon request from any county highway committee or local authority shall, or upon its own initiative may, conduct an

investigation of any bridge, causeway, viaduct or structure on any highway. If it finds that any such structure cannot with safety to itself withstand vehicles traveling at the speeds otherwise permitted by law or if it finds that such structure is substandard as to width and that it is necessary from the standpoint of traffic safety to reduce the speed of vehicles using such structure, the department shall determine and declare the maximum vehicular speed which such structure can withstand or which can be maintained in safety on such structure. When appropriate signs giving notice of such maximum speed have been erected at a suitable distance before each end of the structure, such posted speed limit is the effective speed limit on such structure at all times when the signs are in place. The findings and determination of the department are conclusive evidence of the maximum speed which can be maintained with safety to or on any such structure.

(5) Except as provided in sub. (10), the department and local authorities shall place and maintain upon all highways, where the speed limit is modified by them pursuant to this section, standard signs giving notice of such speed. All speed limit signs so erected shall conform to the rules of the department.

(6) No liability shall attach to the department or to any local authority by reason of the posting of a speed limit pursuant to this section nor shall such posting guarantee that the posted speed is reasonable and safe under all conditions.

(7) The department with respect to the state trunk highway system and local authorities with respect to highways under their jurisdiction may increase the speed limits stated in s. 346.57 (4) (a) and (b), but any speed limit so established shall not be greater than the speed limit established on the adjoining sections of the same street or highway.

(8) Notwithstanding the authority otherwise granted to modify speed restrictions in this section, except as provided in sub. (9), the department and local authorities may not establish or continue:

(a) Maximum speed limit on any highway within their respective jurisdictions in excess of 55 miles per hour;

(b) A speed limit other than 55 miles per hour on any portion of any highway within their respective jurisdictions which had a speed limit of 55 miles per hour or more on November 1, 1973; or

(c) Maximum speed limits which are not uniformly applicable to all types of motor vehicles using a highway, except that a lower speed limit may be established for any vehicle operat-

ing under a special permit because of any weight or dimension of such vehicle and except as provided under s. 346.58 (2).

(9) The department, with respect to any highway, may alter speed restrictions during an energy emergency to comply with federal law or if the department finds that extraordinary circumstances in this state require such alteration. All decisions made by the department under this subsection will be subject to review by the joint committee for review of administrative rules in accordance with s. 13.56.

(10) Notwithstanding any speed limits imposed under this section or under s. 346.57, if a highway is being constructed, reconstructed, maintained or repaired, local authorities with respect to highways under their jurisdiction and any county highway committee performing maintenance on the state trunk highway system under s. 84.07 may, for the safety of the highway construction and maintenance workers, pedestrians and highway users, post a temporary speed limit less than the speed limit imposed under this section or under s. 346.57. The temporary limits may be posted only during periods when actual construction, reconstruction, maintenance or repair is taking place. Temporary speed limits imposed under this subsection may be posted with portable signs.

349.12 Authority to designate no-passing

zones. The department, county highway committees and local authorities, in regard to highways under their respective jurisdictions, may determine, in accordance with standards and procedures adopted by the department, where overtaking or passing or driving to the left of the center of the roadway would be especially hazardous and may, by signs approved by the department or by a yellow unbroken line on the pavement on the right-hand side of and adjacent to the center line or a lane line of a roadway, indicate the beginning and end of such zones.

History: 1977 c. 29 s. 1654 (8) (a); 1979 c. 76.

349.13 Authority to regulate the stopping, standing or parking of vehicles. (1)

The department with respect to state trunk highways outside of corporate limits and the local authorities with respect to highways under their jurisdiction, including state trunk highways or connecting highways within corporate limits, may, within the reasonable exercise of the police power, prohibit, limit the time of or otherwise restrict the stopping, standing or parking of vehicles beyond the prohibitions, limitations or restrictions imposed by ch. 346,

except that they may not modify the exceptions set forth in s. 346.50. The department may also restrict or prohibit the stopping, standing or parking of vehicles on any part of a state trunk highway or connecting highway within corporate limits if the local authority having jurisdiction has not enacted any stopping, standing or parking regulation applicable to the highway or part thereof in question. The authority granted by this subsection may be delegated to a traffic officer or to the officer in charge of the maintenance of the highway in question, but no prohibition, limitation or restriction on parking imposed under this section is effective unless official traffic signs or markers or parking meters have been placed or erected indicating the particular prohibition, limitation or restriction except that parking regulations which prohibit, limit or restrict the parking of vehicles for any period longer than 24 consecutive hours, during any hours between 12 midnight and 7 a.m., or any portion thereof or during a snow emergency as determined by the city or village, shall be effective in cities and villages upon a two-thirds vote of their respective governing bodies notwithstanding this subsection and s. 346.02 (7) when official traffic signs have been placed or erected at or reasonably near the corporate limits of such city or village on all state and county trunk highways and connecting highways, as the latter are defined in s. 86.32, informing motorists that 24-hour parking limitations, night parking regulations or snow emergency regulations are in effect in such city or village.

(1g) The department, with respect to state trunk highways outside of corporate limits, and local authorities, with respect to highways under their jurisdiction including state trunk highways or connecting highways within corporate limits, may authorize persons whose residences abut a highway in a zone where the time of parking is limited by official signs, markers or parking meters to park their vehicles in the highway zone without regard to the time limits posted.

(1m) The department, with respect to state trunk highways outside of corporate limits and parking facilities under its jurisdiction, and local authorities, with respect to highways under their jurisdiction including state trunk highways or connecting highways within corporate limits and parking facilities within corporate limits, may prohibit parking, stopping or standing upon any portion of a street, highway or parking facility reserved for handicapped persons by official traffic signs, distinct markers or parking meters indicating the restriction.

(2) Except as provided in this subsection, neither the department nor local authorities

may extend stopping, standing or parking privileges to areas where stopping, standing or parking is prohibited by ch. 346. The department and local authorities, with respect to highways under their respective jurisdictions as described in sub. (1) may:

(a) Permit parking on sidewalk areas when such parking will not unduly interfere with pedestrian traffic;

(b) Permit parking on the roadway side of other parked vehicles when such double parking will not unduly interfere with the flow of vehicular traffic;

(c) Permit parking closer than 15 feet to the end of a safety zone when such parking will not unduly interfere with the flow of vehicular traffic;

(d) Designate parking upon the left side of a one-way street or roadway instead of the right side or permit parking on both sides;

(e) Designate angle parking on any roadway under its jurisdiction.

(f) Permit parking of any vehicle or of school busses only on the near side of specified highways adjacent to schoolhouses in 1st class cities during specified hours when the common council of any such city by ordinance so directs.

(3) Whenever any traffic officer finds a vehicle standing upon a highway in violation of a prohibition, limitation or restriction on stopping, standing or parking imposed under ch. 346 or this section, the traffic officer is authorized to move the vehicle or to require the operator in charge thereof to move the vehicle to a position where parking is permitted or to either private or public parking or storage premises. The removal may be performed by, or under the direction of, the traffic officer or may be contracted for by local authorities. Any charges for removal shall be regulated by local ordinance. The operator or owner of the vehicle removed shall pay the reasonable charges for moving or towing or any storage involved based upon the ordinance.

(3m) No vehicle involved in trespass parking on a private parking lot or facility shall be removed without the permission of the vehicle owner, except upon the issuance of a repossession judgment or upon formal complaint and a citation for illegal parking issued by a traffic or police officer.

(4) In counties having a population of 500,000 or more whenever any traffic officer finds a vehicle disabled so as to cause a hazard on any portion of the interstate system, limited access highway or any expressway, even though it may be impossible for the operator to avoid stopping or temporarily leaving the vehicle thereon, the county may remove such vehicle to

a position where parking is permitted or to either private or public parking or storage premises. The removal may be performed by such officer or under his direction or such removal may be contracted for by such counties and any charges shall be regulated by ordinance. The operator or owner of the vehicle removed shall pay a reasonable charge for moving or towing or any storage involved based upon said ordinance.

History: 1973 c. 248; 1975 c. 299; 1977 c. 29 ss. 1654 (3), (8) (a), 1656 (43); 1977 c. 116, 272, 418; 1979 c. 34, 59, 231, 276, 325.

Legislative Council Note, 1977: The last 2 sentences of sub. (1) are eliminated as unnecessary. These sentences contain explanations of what is meant by a sign which indicates that stopping or standing is prohibited and what is meant by a sign prohibiting parking. Although these explanations attempt to explain the conduct required of motorists by these signs, they do not define the key terms, "park or parking" and "stand or standing". In place of these explanations, definitions of the terms "park or parking" and "stand or standing" are created in 340.01 (42m) and (59m) in this bill. "Stop" is presently defined in s. 340.01 (62). [Bill 465-A]

349.14 Authority to use parking meters.

(1) It is the public policy of this state that the use of parking meters by cities, villages and counties to measure the time for parking vehicles is a local matter to be determined by the local authorities.

(2) Cities, villages and counties may by ordinance or resolution provide for the installation and operation of parking meters and may provide for the use of the revenue collected from such meters for general street and highway maintenance, repair and construction, for meeting the cost of traffic and parking regulation, for the purchase and operation of publicly-owned off-street parking facilities, and for such other expenses and purposes as the local authority deems reasonably necessary to provide for the convenience, safety and welfare of persons using the streets and highways for vehicular traffic.

349.15 Authority to modify weight limitations and classify highways. (1) The limitations on size and weight imposed by ch. 348 are lawful throughout the state and local authorities may not alter such limitations except as otherwise provided in this chapter.

(2) The county highway committee with respect to the county trunk highway system and the local authorities with respect to highways maintained by them may designate all or parts of such highways to be class "B" highways for the purpose of putting into effect the weight limitations set forth in s. 348.16, except that no portion of any such highway which is a state trunk highway or connecting highway may be so designated.

(3) Any city of the first class may, with respect to the streets of such city, by ordinance

increase the maximum weight limitations specified in ss. 348.15 and 348.16.

History: 1977 c. 29 s. 1654 (3).

The police power under this section need not be based on the condition of the roadbed, but may be exercised to promote the general welfare of the public. 66 Atty. Gen. 110.

349.16 Authority to impose special or seasonal weight limitations. (1) The officer in charge of maintenance in case of highways maintained by a town, city or village, the county highway commissioner or county highway committee in the case of highways maintained by the county and the department in the case of highways maintained by the state may:

(a) Impose special weight limitations on any such highway or portion thereof which, because of weakness of the roadbed due to deterioration or climatic conditions or other special or temporary condition, would likely be seriously damaged or destroyed in the absence of such special limitations;

(b) Impose special weight limitations on bridges or culverts when in its judgment such bridge or culvert cannot safely sustain the maximum weights permitted by statute;

(c) Order the owner or operator of any vehicle being operated on a highway to suspend operation if in its judgment such vehicle is causing or likely to cause injury to such highway or is visibly injuring the permanence thereof or the public investment therein, except when s. 84.20 is applicable or when the vehicle is being operated pursuant to a contract which provides that the governmental unit will be reimbursed for any damage done to the highway. Traffic officers also may order suspension of operation under the circumstances and subject to the limitations stated in this paragraph.

(2) Imposition of the special weight limitations authorized by sub. (1) (a) shall be done by erecting signs on or along the highway on which it is desired to impose the limitation sufficient to give reasonable notice that a special weight limitation is in effect and the nature of that limitation. Imposition of the special weight limitations authorized by sub. (1) (b) shall be done by erecting signs before each end of the bridge or culvert to which the weight limitation applies sufficient to give reasonable notice that a special weight limitation is in effect and the nature of that limitation. All weight limitation signs and their erection shall comply with the rules of the department and shall be standard throughout the state.

(3) The authority in charge of the maintenance of the highway may exempt vehicles carrying certain commodities specified by the authority from the special weight limitations which are imposed under sub. (1) (a), or may set different weight limitations than those im-

posed under sub. (1) (a) for vehicles carrying those commodities, if such exemption or limitation is reasonable and necessary to promote the public health, safety and welfare.

349.17 Authority of cities and villages to regulate heavy traffic. (1) Any city or village may by ordinance or resolution designate any street or highway under its jurisdiction as a heavy traffic route and designate the type and character of vehicles which may be operated thereon. Such city or village may restrict or prohibit heavy traffic from using other streets or highways under its jurisdiction except that it may not place such restrictions on streets or highways over which are routed state trunk highways and may not prohibit heavy traffic from using a street or highway for the purpose of obtaining orders for supplies or moving or delivering supplies or commodities to or from any place of business or residence which has an entrance on such street or highway. Whenever a city or village designates any street or highway under its jurisdiction as a heavy traffic route, it shall cause appropriate signs to be erected giving notice thereof.

(2) In this section, "heavy traffic" means all vehicles not operating completely on pneumatic tires and all vehicles or combination of vehicles, other than motor busses, designed or used for transporting property of any nature and having a gross weight of more than 6,000 pounds.

History: 1977 c. 116.

Legislative Council Note, 1977: Sub. (1) authorizes cities and villages to designate any street as a heavy traffic route. As defined in s. 340.01 (64), the term "street" means every highway within the corporate limits of a city or village except alleys. By adding "or highway" after "street", s. 349.17 (1) authorizes a city or village to prohibit heavy traffic from using any street or alley which has not been designated as a heavy traffic route unless such street or alley is being used to obtain orders for supplies or to deliver supplies or commodities to or from a place of business or residence with an entrance on such street or alley. "Highway" is defined in s. 340.01 (22), to mean "all public ways and thoroughfares", including alleys. [Bill 465-A]

349.18 Additional traffic-control authority of cities and villages. Any city or village may by ordinance:

(1) Designate the number of persons that may ride on a power driven cycle or motor bicycle at any one time and the highways upon which a power driven cycle, motor bicycle or moped may or may not be operated;

(2) Regulate the operation of bicycles and require their registration, including the payment of a registration fee.

History: 1977 c. 116, 288.

Cities and villages cannot license bicyclists, create bicycle courts or impound bicycles in the absence of express legislative authorization. 66 Atty. Gen. 99

349.185 Authority to regulate processions, assemblages and pedestrians. The authority in charge of the maintenance of a highway may by order, ordinance or resolution:

(1) Regulate processions or assemblages on the highways, subject to s. 84.07 (4).

(2) Regulate the traffic of pedestrians upon highways within its jurisdiction, including the prohibition of pedestrian crossings at places otherwise permitted by law and the erection of signs indicating such prohibition.

History: 1977 c. 116 ss. 14, 15.

349.19 Authority to require accident reports. Any city, village, town or county may by ordinance require the operator of a vehicle involved in an accident to file with a designated municipal department or officer a report of such accident or a copy of any report required to be filed with the department. All such reports are for the confidential use of such department or officer and are otherwise subject to s. 346.73.

History: 1971 c. 164; 1977 c. 29 s. 1654 (7) (a)

349.20 Authority to prohibit use of bridges for fishing or swimming. The authority in charge of maintenance of a highway on which is located a bridge or approach thereto which constitute an undue traffic hazard, if used by pedestrians for the purpose of fishing or swimming, may erect signs prohibiting the fishing or swimming off of such bridge or approach.

349.21 Authority to regulate school bus warning lights. The governing body of any town, city, village or county may by ordinance provide for the use of flashing red warning lights by school bus operators in a residence or business district when pupils or other authorized passengers are to be loaded or unloaded at a location at which there are no traffic signals and such persons must cross the street or highway before being loaded or after being unloaded.

History: 1973 c. 93.

349.215 Authority to appoint school crossing guards. The governing body of any city, village, town or county may by ordinance provide for the appointment of adult school crossing guards for the protection of persons who are crossing a highway in the vicinity of a school. The school crossing guards shall wear insignia or uniforms which designate them as school crossing guards and shall be equipped with signals or signs to direct traffic to stop at school crossings.

History: 1979 c. 344.

349.22 Authority to establish mass transit way. (1) The governing body of any city, town,

village or county may by ordinance designate a portion of any highway under its jurisdiction as a mass transit way, designate the type and character of vehicles which may be operated thereon and specify those conditions under which any of said vehicles may be operated thereon.

(2) Whenever a city, town, village or county designates any highway or portion thereof under its jurisdiction as a mass transit way it may establish priority of right-of-way thereon and make such other regulation of the use of the mass transit way as it deems necessary; and it shall cause appropriate signs to be erected giving notice thereof.

(3) Such city, town, village or county may construct curbs, paint lines or establish other physical separations to exclude the use of the mass transit way by vehicles other than those specifically permitted to operate thereon.

History: 1973 c. 86.

349.23 Authority to designate bicycle lanes and bicycle ways. (1) The governing body of any city, town, village or county may by ordinance:

(a) Designate any roadway or portion thereof under its jurisdiction as a bicycle lane.

(b) Designate any sidewalk or portion thereof in its jurisdiction as a bicycle way.

(2) A governing body designating a sidewalk or portion thereof as a bicycle way or a highway or portion thereof as a bicycle lane under this section may:

(a) Designate the type and character of vehicles or other modes of travel which may be operated on a bicycle lane or bicycle way, provided that the operation of such vehicle or other mode of travel is not inconsistent with the safe use and enjoyment of the bicycle lane or bicycle way by bicycle traffic.

(b) Establish priority of right-of-way on the bicycle lane or bicycle way and otherwise regulate the use of the bicycle lane or bicycle way as it deems necessary. The designating governing body may, after public hearing, prohibit through traffic on any highway or portion thereof designated as a bicycle lane, except that through traffic may not be prohibited on any state highway. The designating governing body shall erect and maintain official signs giving notice of the regulations and priorities established under this paragraph, and shall mark all bicycle lanes and bicycle ways with appropriate signs.

(c) Paint lines or construct curbs or establish other physical separations to exclude the use of the bicycle lane or bicycle way by vehicles other than those specifically permitted to operate thereon.

(3) The governing body of any city, town, village or county may by ordinance prohibit the use of bicycles on a roadway over which they have jurisdiction, after holding a public hearing on such proposal.

LICENSING POWERS

349.24 Authority to license taxicab operators and taxicabs. (1) The council of any city and every village board may:

(a) Regulate and license chauffeurs and operators of taxicabs used for hire;

(b) Regulate and license the taxicab business by licensing each taxicab used for hire;

(c) Prohibit any person from operating any motor vehicle for taxicab purposes upon the highways of such city or village unless such person is licensed as a chauffeur and operator and unless such taxicab business is licensed by the licensing of each taxicab;

(d) Revoke any license mentioned in this section when in its judgment the public safety so requires.

(2) Any person licensed by any city or village as a chauffeur and operator shall not be required to procure either a chauffeur's and operator's license or a taxicab license in any other municipality for the purpose of carrying taxicab passengers for hire from one municipality to another, but this exception does not permit such chauffeur or operator to operate a taxicab wholly within the limits of any municipality in which such chauffeur or operator is not licensed.

349.25 Authority to license hayrack and sleigh rides. (1) In counties containing a city of the first or second class, the owner of a vehicle to be operated upon a highway for the purpose of transporting persons for hire in what is commonly known as a hayrack ride, a sleigh, boxsledded or bobsledded ride or a ride of similar nature and

every person who is to operate such a vehicle shall obtain a license from the county board before so operating such a vehicle. Any person operating any such vehicle under the circumstances described without first obtaining a license from the county board may be fined not more than \$100 or imprisoned not more than 30 days or both.

(2) No county board shall issue a license for any of the vehicles mentioned in sub. (1) until the applicant exhibits proof that the applicant is a person of good moral character and that liability insurance will be in force for the protection of passengers in the minimum amount of \$10,000 for any one passenger and \$50,000 for any single accident. Section 632.24 is applicable to the insurance required under this section, whether the vehicle is a motor vehicle or is propelled in some other manner. The county board shall charge a fee of \$1 for each license issued.

(3) The county board may, after notice and hearing accorded the licensee, revoke any license issued by it pursuant to this section whenever in its judgment the public safety so requires.

(4) No vehicle licensed pursuant to this section shall be operated upon a highway for the purpose of transporting persons for hire unless it is equipped with at least one red reflector at each of the 2 rear corners of the vehicle and with at least one blue reflector at each of the 2 front corners of the vehicle and at the front end of the pole or tongue. All such reflectors shall be of a type approved by the department.

(5) The county board in any county not containing a city of the first or second class may by ordinance require owners and operators of vehicles to be used for the purposes specified in sub. (1) to be licensed. The actual issuance of the license may be delegated to the county clerk.
